FOREWORD

The Constitution requires each house of the General Assembly to keep a Journal of its proceedings. The Journal is intended to assure a public account of legislative activity and constitutes the final official record of action by the General Assembly.

Under the provisions of Section 6.161, 6.162 and 57.151 of the *Kentucky Revised Statutes,* the Legislative Research Commission is responsible for comparing, editing, correcting, and publishing the Journals as approved by each house of the General Assembly. This volume represents the fulfillment of this obligation for the House of Representatives of 1982.

The text of a bill is spread in full when it receives a first reading. The roll call on passage of a bill is indicated upon its receipt of a third reading, or upon concurrence by the originating house in amendments by the second house. Simple and concurrent resolutions are printed on first reading when applicable or when adopted, and joint resolutions are treated as bills. A table of actions on bills and resolutions is appended.

Mrs. Shan Stone Gray, Mrs. Jeanne Wallace, Ms. Ann Seppenfield and Ms. Sharon G. May prepared the 1982 House Journal. The edited copy and index found in this volume reflect the cooperative efforts of the commission's staff.

All bills and resolutions having been reported out of the committee to which referred and having received their second reading shall be referred to the Rules Committee. The Rules Committee may refer any bill or resolution before it back to a standing committee. Provided, however, that such recommitment shall be accompanied by an explanation of the reason therefor, and that no bill or resolution shall be referred back by the Rules Committee on more than one occasion. All meetings of the Rules Committee shall be open to members of the House and to members of the Capitol Press Corps only. No electronic devices of any nature including cameras and recording devices shall be allowed in the committee room or to be used therein by any person while the Rules Committee is in session. No bill may be kept in Rules Committee for longer than five (5) legislative days. Within that time each bill must be reported to the floor or referred back to a standing committee.

The Majority Floor Leader shall while the Rules Committee is in session call bills and resolutions and shall call the same for consideration by the Rules Committee. A bill or resolution may be placed for consideration in the first order of business at the next regular Rules Committee meeting by a majority of the membership voting for such consideration.

Each member shall be given an opportunity upon request to appear before the Rules Committee when a bill of which he is a sponsor or co-sponsor is under consideration including the subsequent vote thereon. No measure shall be posted in the Orders of the Day for final passage except by order of the Rules Committee unless otherwise ordered posted for the next succeeding legislative day by a majority of the members voting. The Rules Committee shall arrange the Orders of the Day so that all measures shall appear thereon for the consideration of the House, but the Rules Committee may not place in the Orders of the Day any bill or other measure in the possession of a standing or special committee of the House. The Rules Committee, prior to each day's session, shall post a notice in a regular place in the House Chamber listing the bills to be considered that day in the Orders of the Day. Should the House not complete any day's Orders of the Day, the bills and resolutions remaining unconsidered shall go to the top of the Orders of the Day on the next day that Orders of the Day are considered.

The Speaker of the House shall act as Chairman of the Rules Committee. The Majority Floor Leader of the House shall act for the Rules Committee in calling from the Orders of the Day any bills or resolutions in the order he deems proper and shall be recognized by the Speaker for said purpose during all times that the Rules Committee is in charge of posting the Orders of the Day. The Speaker Pro Tempore shall act as chairman in the absence of the Speaker.

SECTION 6. THAT A NEW RULE BE ADDED TO THE RULES OF THE HOUSE OF REPRESENTATIVES, REGULAR SESSION OF 1980, AND HEREBY ADOPTED TEMPORARILY TO READ AS FOLLOWS:

Rule 42. Liaison Subcommittees. The Committee on Appropriations and Revenue shall be divided into the following six standing subcommittees of seven members each.

2. Subcommittee on Education;

3. *Subcommittee on General Government, Finance, and Public Protection;*
4. *Subcommittee on Human Resources;*
5. *Subcommittee on Justice and Judiciary;*
6. *Subcommittee on Transportation.*

Of the seven members of each such subcommittee four shall be members of the Committee on Appropriations and Revenue designated by the chairman of such committee, and three shall be appointed by the Committee on Committees from the membership of one or more of the remaining standing committees of the House. The chairman of each standing subcommittee shall be appointed by the chairman of the Committee on Appropriations and Revenue from the membership of such committee on the particular standing subcommittee.

The remaining three members of each standing subcommittee shall be deemed a liaison subcommittee of the standing committee or committees from which they were appointed. A vice chairman of the standing committee from which such members were appointed shall act as chairman of the liaison subcommittee. The selection of such vice chairman shall be made by the Committee on Committees. If such three members have been appointed from more than one standing committee the Committee on Committees shall determine which standing committee vice chairman shall act as chairman of the liaison subcommittee.

Governor Brown addressed the Joint Session of the General Assembly as follows:

Lieutenant Governor Collins
Speaker Richardson
Members of the General Assembly
My Fellow Kentuckians

We are meeting here tonight to begin what is the most important session of the Kentucky General Assembly in modern times.

When I presented you a budget two year ago, neither the Executive nor the Legislative Branches could have anticipated in the winter of 1980 the dramatic events which have occurred in the last 18 months. The economic recession which gripped the nation had an unprecedented impact on Kentucky state government and its revenue collections. To make matters worse, the federal budget cuts cost Kentucky over $400 million in funding the public services. As a direct result of the recession and reduced federal funding, actual revenue collections during the biennium were over $1 billion less than the spending you authorized in the enacted budget. The shortfall in this year's General Fund alone exceeded 12 percent of the budget you enacted two years ago.

The Executive Branch had two choices in meeting these shortfalls: either reduce the level of state spending to live within our means or ask you to consider tax increases. I chose to reduce the level of state spending as you authorized and directed me to do by law. These reductions were achieved in part by reducing the level of state employment so that today we have nearly 6,000 fewer state employees, or 16 percent less than we had just two years ago. Because Education and Human Services accounted for 80 percent of the budget, we were forced to make some reductions in these areas. Yet I am convinced that the reductions we made, while difficult, were done in a fair and equitable manner and were sensitive to the needs of our people. As a result, our budget is now balanced — essential state services are still being provided — and we have not had to raise taxes.

I am happy to report that Kentucky is in good shape as a State — much better shape, in my view, than most other states during this recessionary period and in much better shape than when we met on this same occasion two years ago. At that time, I talked to you about the plight of our state — both fiscally and structurally. Government in general, and State government in Kentucky in particular, had grown too big. Our state was spending more money than it was taking in. State employment was far too large. Many new programs had been announced and popularly promoted that we simply could not afford.

Because we have reduced the size, scope, and cost of state government, I am able to present to you tonight a budget for the 1982-84 biennium that is balanced and provides the essential services of our state. And it does not burden Kentuckians with new or increased taxes.

This is a responsible budget. A sensitive budget. It is a budget with a heart that shows our concern for the needy. And considering the economic times we're in, I think you will find this budget a positive, forward-thinking approach to managing this state in the best interests of Kentuckians throughout the Commonwealth.

The budget you have before you reflects the best judgment of the Executive Branch of government as to the proper expenditure of existing tax resources. And I am presenting this budget in the first week of your Session so that you will have an unprecedented amount of time to carefully review each and every spending recommendation. The budget I am recommending provides for less than a one percent increase in total spending over the 1980-82 budget you enacted two years ago. In the General Fund specifically, this budget actually provides for $18 million less spending in 1983 than was contained in the original 1982 budget.

I think that's worth repeating — You have on your desks, for your consideration and with my firm recommendation, a two-year budget that is less than one percent higher than the budget we enacted two years ago, and with substantially fewer General Fund dollars in 1983 than we once thought was necessary to operate government in 1982.

This budget is basically the same size as the budget we enacted two years ago, with less than one percent difference. Previously, government had been growing at a rate of 25 percent or more each biennium over the past decade. The enacted budget in 1980 went from $7.5 billion to $9.9 billion, an increase of over 30 percent.

From the beginning, we concentrated on cutting out waste, unnecessary programs and duplication and literally challenged every department of state government to justify its existence. Over the last two years the state has experienced a shortfall of $1 billion.

We now have a smaller base and are prepared to move forward providing the essential services of state government.

In this budget, we now have clearly established our top priorities of education and human services, and I think we have a more effective delivery system for the services of state government with a smaller and more dedicated and better trained and directed state work force.

I'm proud of the way in which everyone associated with state government has responded to these difficult times, particularly state employees and educators who have worked so hard to maintain and even improve services during these difficult times.

Everyone in state government is thinking cost. And I think that's healthy.

Before making these recommendations to you, I personally reviewed the budget of every major agency, each of which was mandated to live within existing revenues. That wasn't easy. It meant that, in order to come up with more money for our essential programs, some worthwhile programs could not be funded in this budget. These programs may have been affordable in times of economic plenty — today they are simply too expense. My budget does not recommend any funding for them. There is "no free lunch." We simply could not afford everything we would liked to have done. Our focus had to be on the essential programs and services.

In this budget, education continues to be my top priority and the most important element in the education process is the classroom teacher. That is why this budget before you includes salary increases for teachers that will keep their pay comparable to that of teachers in the other states in our region. The budget includes a $1,285 raise in 1983 and a $1,338 raise in 1984 in the average state expenditure for instructional salaries. Counting local support, the average teachers' salary will approach $20,000 over the biennium. The budget also provides a 10 percent increase each year for transportation and other operating expenses of our schools.

Another program I support is kindergarten. We've had a kindergarten program on the books and in the budget for some years now, but it has been hindered by being merely an optional program. The new budget anticipates that you will replace this option in the law with a provision requiring all children to attend kindergarten before they enter the first grade. I recommend this change to you for two reasons — one is that the present program is not working satisfactorily. Only about 75 percent of eligible children enroll, and not all of these even end up attending. Still, the major reason I support kindergarten as a prerequisite to first grade is that I'm convinced it is good — it helps the children learn and grow as young people.

The budget also provides for a cost-of-living increase for retired teachers and a $6.5 million appropriation in fiscal year 1984 to increase the state's contributions in the benefit formula for retirees.

While the budget reflects funding to continue the free textbooks program in all grades, it does not include funds for instructional fees. Legislation will be introduced by the General Assembly allowing these funds to be generated at the local level.

I am still reviewing the recommendation of the Council on Higher Education, the private management study, and the report of the Prichard Committee. I have not yet finalized my decision in this area but will make specific recommendations for higher education when I address the State of the Commonwealth later in the session.

During this period, I will be seeking the input of the General Assembly as to the appropriate mission of the individual institutions, the need to eliminate unnecessary duplication in higher education, and the distribution of higher education funds among the various institutions.

Within higher education, however, I have already made several specific recommendations. One is that we must first maintain the facilities we already have, before we even think about funding a new construction program. I also believe we have an obligation to help our college students as they strive to achieve a higher education. Federal budget cuts and tuition increases have placed a tremendous burden on our students. Therefore, I am recommending an increase in General Fund support of both the State Student Incentive Grant and Kentucky Tuition Grant programs in amounts equivalent to the increase in tuition that is expected. I am also recommending that you endorse an increase in bonding authority for the Kentucky Higher Education Student Loan Corporation. These increases will put our money and priorities into our most important resource — the minds and energies of our young people.

For too long, progress in higher education in Kentucky has been measured in terms of quantity, rather than quality. One of the recommendations in the Prichard Committee report that I wholeheartedly support is the recognition of the need for excellence in higher education. Therefore, I have included in the budget $1 million to create a Fund for Excellence to reward the achievement of excellence of faculty and students in higher education.

The long-term future for the funding of education and all other state programs depends on our ability to expand our tax base through economic development. Two years ago I asked you to give me the tools to work with in promoting our state. You responded affirmatively and we are now seeing the results. We have helped stimulate over $2.8 billion in new private investment that will create over 23,000 jobs. We have spread the word that Kentucky means business wherever we have gone, and industrial leaders are responding positively. Right now we are working with nearly 200 industrial prospects who are strongly considering locating in Kentucky.

For the 1982-84 biennium, I am asking you to renew your commitment to economic development. I am recommending that we strengthen the Economic Development Bond program with $75 million in bonding authority in the new biennium. I want to use the new authorization, with your approval, to enhance a whole range of public projects in the next two years.

Complementing our development efforts is the Kentucky Development Finance Authority. The budget includes $50 million in new bonding authority for this program which also proved its worth in making loans to manufacturing, agribusiness, and tourism projects.

Our success in economic development will not come at the expense of our environment. Our quality of life and the condition of our natural environment are inseparably bound together. We live in a state that is literally a glory to behold in its richness, diversity and beauty. We have no intention of retreating from the environmental goals established in our statutes and in the expectations of our citizens. In contrast to the federal government, we are continuing all of our environmental programs throughout the 1982-84 biennium — they are essential.

Of all of our natural resources, none is more basic, and more important, than our land and what it offers us. The agricultural products grown in Kentucky, and the agribusinesses profiting from these products, mean millions of dollars and thousands of jobs to Kentuckians. We have always recognized the importance of agribusiness, but we have not always used our advantage to the fullest. Historically, we, as a state government, have been weak in the area of export market development and sales. We are making significant progress in this area and have already entered into important trade agreements with Italy and Mexico. The new budget funds an expanded effort in this international arena.

The same can be said for our energy development, and synfuels programs. For the better part of a decade, Kentucky has led the nation in synfuels development. My predecessors, both in the Governor's Office and General Assembly, have acted wisely in promoting this use of our coal. The budget before you tonight builds on that record in important ways by promoting the use and sale of Kentucky coal, and by funding our Energy Research and Demonstration Trust Fund. We are already looking at over $14 billion in proposed synthetic fuels investments in Kentucky. That is a record you can be proud of — you backed it, you passed it, and you funded it when it was new and innovative. Today it is beginning to fulfill its promise and the future is bright.

An underlying problem with state government for many years has been the level of compensation of our state employees. The budget addresses this problem by initiating a Competitive Pay Structure Fund which will realign our state pay structure to be comparable with the private sector. I have supported, and this budget reflects, my personal view that fewer, better paid employees are the best way to get the job done.

No category of state employees has earned more public support and respect than our State Police. The orientation of the State Police has been broadened in the past two years to concentrate more than ever before on white collar crime, public integrity, and economic fraud. The budget recognizes the need to strengthen these efforts by funding new state trooper positions.

Even in a tight budget there are some problems that must be addressed. For example, we have been working under a Federal Court Order concerning our state prison system. While I know it may not be popular to say so, I am supporting that Court Order and the budget reflects it. We are embarking on a program of prison modernization, job training for inmates, and basic constitutional standards unprecedented in Kentucky's history.

In this same vein, many of you have no doubt been hearing a lot about your county jails. I know Representative Arnold, as well as members of my Administration, have looked long and hard at this issue. The same problems facing our state prison system are confronted by local governments when they look at their jails.

I just signed an Executive Order creating a Jail Standards Commission to help resolve this problem. Fiscally, the time is not right for the state to offer much more in the way of assistance to local jails. But the need is there. I recognize it and you do too. I'm willing to work with you on legislation this Session to make some positive changes in statute and administration of our present jails programs.

Additionally, we cannot ignore the problem in the medical examiner system. Therefore, this budget reflects a substantial increase in the funding for the medical examiners program to provide improved access to state laboratories and professional support for all 120 county coroners.

In the last two years, we have also experienced major shortfalls in funds available for roads and highways, and their maintenance and upkeep. We haven't had a good year in the Road Fund since 1976, and last year's receipts were the lowest we've received since 1977. Even though modest increases are estimated for the next two years, they in no way compare with the need and demand for highway maintenance and construction.

I thought you, as a General Assembly, took a courageous and far-sighted stand last session when you approved the adjustment in our gasoline tax base. I still think that was the proper course, and you are to be commended for having accepted this challenge. Many other states did not have that wisdom or courage.

Unfortunately, however, the adjustments made last time have not solved our problem. More stability in gas prices and better public conservation efforts worked together to hold down the revenues we expected.

So far, we've been able to cope with the shortfall by better management. We have in place a five-year Highway Plan that is without precedent in this state. As a result, roads are being built and maintained on the basis of need and priority.

As we are experiencing the changing role of the federal government, sometimes called the new Federalism, the areas most drastically affected are local governments and human services. Basically, this new Federalism involves the shifting of previous federal responsibilities to state and local governments, but without the funding needed to support these responsibilities.

When I presented to you in the 1980 Session the Local Government Economic Assistance Act, I did so because I truly feel that local government is the most important level of government. Little did we realize at that time that this severance tax revenue sharing program, which will provide $120 million in the next two years, would enable many of our cities and counties to continue the essential services previously funded by the federal government.

Similarly, I presented to you in the 1980 Session a gas tax revenue sharing plan for local governments. Last fiscal year over $40 million was sent to local governments under this program, a $12 million increase over what would have gone back under the old formula. In the next biennium, we estimate local governments will receive $89 million under this program.

I've been extolling the merits of our Kentucky revenue sharing programs with local governments. They are good, sound programs because they reflect the priorities of people at the receiving end of the services. Where we conferred additional responsibility on local governments, we, the Legislature and the Executive, provided them with the fiscal resources, the dollars, to carry them out. I am committed to maintaining our support for the program. Unlike the federal government, which is cutting revenue sharing to local governments at a time when they most need it, we must honor our commitment and obligation to the people.

As a result of the federal budget cuts, the Kentuckians who have suffered the most are the aged, the handicapped, and the disadvantaged. It is for this reason that in the budget I present to you tonight I have recommended the Department for Human Resources receive the largest percentage increase of any major area of the government.

The much publicized federal block grants arrived as thinly disguised budget cuts with cuts up to 30 percent in some areas. The federal government contrived to merge longstanding categorical assistance programs into so-called block grants. Then they reduced the dollars available in the block grants. And then, they came back and mandated that state governments continue to provide the services for which they had just cut the funding.

Our Human Resources Department has taken a pounding from these cuts. We accepted the federal block grants, even with the reduced funding, in an effort to set our own priorities, rather than have Washington dictate them.

On a priority basis, we have tempered the effects of some of these cuts. For example, we could not let our Comprehensive Care Centers suffer the full extent of federal cuts. The mental health, mental retardation, alcohol and drug abuse programs provided by these centers treat about 70,000 Kentuckians. The impact of federal cuts will be made up by realigning priorities in state government. Clearly, these were not easy decisions, but they were affordable, and they were sharply focused on our top priorities.

The elderly citizens of Kentucky will receive the benefits of a strengthened and revitalized In-home Services program. The recommended budget would expand the program to include home-delivered meals, homemaker, and home health aide services directed toward helping our elderly citizens to remain in their homes and out of institutions.

The primary health care program will get the largest percentage increase of anything in the budget. I am proposing that the chronically underserved communities of this state be targeted for primary care center development, including local fund raising drives, the purchase of technology, and one-time low interest loans to purchase land or refurbish existing buildings.

As much as we may hate to admit it, child abuse and neglect, and spouse abuse are all too common in society today. The victims often have no place to turn, but unless there is a suitable alternative, the abuse continues. The budget for the next two years will greatly increase state funding for family crisis centers, which include spouse abuse and related programs.

The largest part of the human services budget is Medicaid, a program which, in my view, is essential for providing health care to people who cannot afford it. However, health costs have been out of control. As a result, we had to initiate a Medicaid Cost Containment program to dramatically reduce the rate of increase of the Medicaid budget. The dollars involved are mind-boggling, jumping over 20 percent per year so that by 1980, Medicaid took over $300 million from the budget. Even with our cost containment efforts, Medicaid costs to the state will increase by $70 million over the biennium. However, I believe it is essential that the General Assembly concur with my budget recommendation for Medicaid so that adequate health care remains available for our citizens.

You have my budget recommendations. I have instructed the entire Executive Branch to be at your disposal to assist you as you start your work. The decisions you will make during the next ninety days will chart the course of state government in Kentucky and have a direct effect on the lives of every person in our Commonwealth, not only this biennium but for decades to come.

I would like to leave you tonight with the words of one of our greatest Presidents, a man whose compassion for the needy and disadvantaged is legendary, Franklin Delano Roosevelt, who stated: "The strength of our progress is not whether we add more to the abundance of those who have much; it is whether we provide enough for those who have too little." I am confident that you and I, working together, will provide a financial plan that will reflect the sensitivity and compassion that the citizens of the Commonwealth expect and deserve.

HB 47, AN ACT relating to income taxes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

As used in Section 2 of this Act, "qualifying energy property" means property used to generate power from solar radiation, wind, or hydrothermal energy. The term includes the components of active solar systems, passive solar systems, wind energy systems and hydrothermal energy systems, as defined in subsections (1) through (4) of this section.

(1) "Active solar system" means a system of equipment capable of collecting and converting solar radiation into thermal, mechanical or electrical energy, and of transferring these forms of energy to storage or the point of use. It includes water heating, space heating or cooling, and the generation of electrical or mechanical energy. Transfer or storage components are included, except for those which would be required regardless of the energy source being used.

(2) "Passive solar system" means a direct thermal system which utilizes the structure of a building and its operable components to collect, store and distribute heating or cooling during the appropriate times of the year, by utilizing the climate resources available at the site. It includes those portions or components of a building that are expressly designed and required for the collection, storage and distribution of solar energy. Structural components of a building which also are used as part of the energy system, such as supporting walls used also for heat storage, are included only if and to the extent that their cost exceeds that of conventional construction. Multi-purpose components shall include but not be limited to windows or attached greenhouses, if designed as part of a solar system and if south facing. Multi-purpose components shall be included for half of their cost.

(3) "Wind energy system" means a system of equipment capable of intercepting and converting wind energy into mechanical or electrical energy and of transferring these forms of energy to the point of use or storage. It does not include those storage or transfer components which would be required regardless of the energy source being used. Wind equipment used to produce power for transportation is excluded.

(4) "Hydrothermal energy system" means a system of equipment necessary to transmit or use energy from ground or surface water to heat or cool a building or provide hot water for use within the building. It does not include those storage or transfer components which would be required regardless of the energy source being used.

SECTION 2. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) There shall be allowed as a credit against the taxes imposed by KRS 141.020 and 141.040 an amount equal to thirty percent (30%) of the expenditures (including installation cost but excluding any

finance charges) for qualifying energy property installed on premises in Kentucky which are owned or controlled by the taxpayer. The maximum credit which may be claimed by any taxpayer shall be three thousand dollars ($3,000) during the period specified in subsection (13) of this section. In no case shall a system or component or piece of equipment be eligible more than once for the credit provided in this section.

(2) The credit in this section may be claimed for the taxable year in which the installation is completed. The credit may be claimed only for expenditures made during the taxable year for which the credit is claimed or during the immediately preceding taxable year, but in no case for expenditures made before January 1, 1981.

(3) In the case of a husband and wife who file separate returns, the credit may be taken by either, or divided equally, but the combined credit shall not exceed three thousand dollars ($3,000).

(4) In the case of a partnership, of which one or more of the partners are liable for the tax imposed under KRS 141.020, the amount of the credit each partner may claim shall be allocated in the same ratio as profits and losses are shared in the partnership, but the combined credit shall not exceed three thousand dollars ($3,000).

(5) A builder who installs qualifying energy property in a building constructed for resale may elect himself to claim the credit allowed in this section, or may provide the purchaser with necessary documentation or certification so that the purchaser may claim the credit. In no case, however, shall the credit be claimed by both the builder and the purchaser.

(6) In the case where the credit allowed in this section exceeds the tax due for the taxable year, that portion of the credit which exceeds the tax due may be carried over to the succeeding taxable years until the allowable credit has been fully exhausted, or until the credit has been claimed for three (3) successive years, whichever comes first. If a taxpayer qualifies for a credit less than three thousand dollars ($3,000), he may claim part or all of the unused portion of the credit for a later taxable year if he installs additional qualifying property.

(7) This tax credit shall not apply to trusts or estates.

(8) Before any tax credit can be claimed under the provisions of this section, the department of energy must certify that the taxpayer's system is a viable system for using solar, wind or hydrothermal energy and documentation must be provided that the system has been completely installed. Any fee charged by the department of energy for review and certification of a system shall not exceed ten dollars ($10.00).

(9) The department of energy may promulgate such rules and regulations as necessary to maintain commonly accepted energy equipment standards, to effectively conform to the definition of qualifying energy property in Section 1 of this Act and to administer the certification requirements in this section. The regulations (including those describing the application procedure) shall be written in nontechnical language understandable to lay citizens untrained in engineering, architecture, or other technical fields.

(10) With the exception of the certification requirements delegated to the department of energy by this section, the department may promulgate such rules and regulations as necessary to effectively administer the requirements of this Act.

(11) All regulations necessary to implement this Act shall be filed with the legislative research commission in accordance with KRS 13.087 by September 1, 1982.

(12) The department shall report as to the impact of this Act to the 1984 and 1986 General Assemblies and to the appropriate interim committee preceding those General Assemblies. Such report shall include the number and amount of the qualifying energy credits claimed, an estimate of the distribution by income group, the net revenue gain or loss to the Commonwealth attributable to the credits, and such other information as the department deems pertinent to an analysis of this Act.

(13) The provisions of this Act shall apply to all taxable years beginning on or after January 1, 1982, and ending on or before December 31, 1986, and no credit shall be allowed for any taxable year ending after December 31, 1986.

Section 2. KRS 198A.020 is amended to read as follows:

(1) The general assembly hereby finds and declares that as a result of the spread of slum conditions and blight to formerly sound urban and rural neighborhoods and as a result of actions involving highways, public facilities and urban renewal activities there exists in the Commonwealth a serious shortage of decent, safe and sanitary residential housing available at prices or rentals which can be afforded by persons and families of lower *and moderate* income. This shortage is severe in certain urban areas of the state, is especially critical in the rural areas, and is inimical to the health, safety, welfare and prosperity of all residents of the Commonwealth and to the sound growth of Kentucky communities.

(2) The general assembly hereby finds and declares further that private enterprise and investment have not been able to produce, without assistance, the needed construction of decent, safe and sanitary residential housing at low prices or rentals which persons and families of lower *and moderate* income can afford, or to achieve the urgently needed rehabilitation of much of the present supply of residential housing available for persons and families of lower *and moderate* income. It is imperative that the supply of residential housing for persons and families of lower *and moderate* income affected by the spread of slum conditions and blight and for persons and families of lower *and moderate* income displaced by public actions or natural disaster be increased; and that private enterprise and investment be encouraged to sponsor, build and rehabilitate residential housing for such persons and families, to help prevent the recurrence of slum conditions and blight and assist in their permanent elimination throughout the Commonwealth.

(3) The general assembly hereby finds and declares further that the purposes of this chapter are to provide financing for development costs, land development and residential housing construction, new or rehabilitated, for sale or rental to persons and families of lower *and moderate* income.

(4) The general assembly hereby finds and declares further that in accomplishing this purpose, the Kentucky housing corporation shall be and constitute a de jure municipal corporation and political subdivision

of the Commonwealth of Kentucky created for the performance of essential public functions and the serving of public purposes in improving and promoting the health, welfare and prosperity of the people of the Commonwealth of Kentucky by the production of residential housing.

Section 3. KRS 198A.040 is amended to read as follows:

The corporation shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter including, but without limiting the generality of the foregoing, the power:

(1) To make or participate in the making of insured construction loans to sponsors of land development or residential housing; provided, however, that such loans shall be made only upon the determination by the corporation that construction loans have been refused in writing, wholly or in part, from private lenders in the Commonwealth of Kentucky upon reasonably equivalent terms and conditions;

(2) To make or participate in the making of insured mortgage loans to sponsors of residential housing; provided, however, that such loans shall be made only upon the determination by the corporation that mortgage loans have been refused in writing, wholly or in part, from private lenders in the Commonwealth of Kentucky upon reasonably equivalent terms and conditions;

(3) To purchase or participate in the purchase of insured mortgage loans made to sponsors of residential housing or to persons of lower *and moderate* income for residential housing; provided, however, that any such purchase shall be made only upon the determination by the corporation that mortgage loans have been refused in writing, wholly or in part, from private lenders in the Commonwealth of Kentucky upon reasonably equivalent terms and conditions;

(4) To make temporary loans from the housing development fund;

(5) To collect and pay reasonable fees and charges in connection with making, purchasing and servicing its loans, notes, bonds, commitments and other evidences of indebtedness;

(6) To acquire real property, or any interest therein, by purchase, foreclosure, lease, sublease, or otherwise; to own, manage, operate, hold, clear, improve and rehabilitate such real property; and to sell, assign, exchange, transfer, convey, lease, mortgage or otherwise dispose of or encumber such real property where such use of real property is necessary or appropriate to the purpose of the Kentucky housing corporation;

(7) To sell, at public or private sale, all or any part of any mortgage or other instrument or document securing a construction, land development, mortgage or temporary loan of any type permitted by this chapter;

(8) To procure insurance against any loss in connection with its operations in such amounts, and from such insurers, as it may deem necessary or desirable;

(9) To consent, whenever it deems it necessary or desirable in the fulfillment of its corporate purposes, to the modification of the rate of interest, time of payment of any installment of principal or interest, or any other terms, of any mortgage loan, mortgage loan commitment, construction loan, temporary loan, contract or agreement of any kind to which the corporation is a party;

(10) To acquire, establish, operate, lease and sublease residential housing for persons and families of lower *and moderate* income and to enter into agreements or other transactions with any federal, state or local governmental agency for the purpose of providing adequate living quarters for such persons and families in cities and counties where a need has been found for such housing and where no local housing authorities or other organizations exist to fill such need;

(11) To include in any borrowing such amounts as may be deemed necessary by the corporation to pay financing charges, interest on the obligations for a period not exceeding two (2) years from their date, consultant, advisory and legal fees and such other expenses as are necessary or incident to such borrowing;

(12) To make and publish rules and regulations respecting its lending programs and such other rules and regulations as are necessary to effectuate its corporate purposes;

(13) To provide technical and advisory services to sponsors of residential housing and to residents and potential residents thereof, including but not limited to, housing selection and purchase procedures, family budgeting, property use and maintenance, household management, and utilization of community resources;

(14) To promote research and development in scientific methods of constructing low cost residential housing of high durability;

(15) To encourage community organizations to participate in residential housing development;

(16) To make, execute and effectuate any and all agreements or other documents with any governmental agency or any person, corporation, association, partnership, or other organization or entity, necessary to accomplish the purposes of this chapter;

(17) To accept gifts, devises, bequests, grants, loans, appropriations, revenue sharing, other financing and assistance and any other aid from any source whatsoever and to agree to, and to comply with, conditions attached thereto;

(18) To sue and be sued in its own name, plead and be impleaded;

(19) To maintain an office in the city of Frankfort and at such other place or places as it may determine;

(20) To adopt an official seal and alter the same at pleasure;

(21) To adopt bylaws for the regulation of its affairs and the conduct of its business and to prescribe rules, regulations and policies in connection with the performance of its functions and duties;

(22) To employ fiscal consultants, engineers, attorneys, real estate counselors, appraisers and such other consultants and employes as may be required in the judgment of the corporation and to fix and pay their compensation from funds available to the corporation therefor;

(23) To invest any funds held in reserve or in sinking fund accounts or any monies not required for immediate disbursement in obligation guaranteed by the Commonwealth, the United States, or their agencies or instrumentalities; provided, however, that the return on such investments shall not violate any rulings of the internal revenue service regarding the investment of the proceeds of any federally tax exempt bond issue;

(24) To make or participate in the making of rehabilitation loans to the sponsors or owners of residential housing; provided, however, that any such rehabilitation loan shall be made only upon the determination by the corporation that the rehabilitation loan was not otherwise available wholly or in part from private lenders upon reasonably equivalent terms and conditions;

(25) To insure or reinsure construction, mortgage, and rehabilitation loans on residential housing; provided, however, that any such insurance, reinsurance or waiver shall be made only upon the determination by the corporation (a) that such insurance or reinsurance is not otherwise available wholly or in part from private insurers upon reasonable equivalent terms and conditions; and (b) that such loan is a reasonably sound business investment; and provided further that insurance may be waived only where the corporation finds that the amount of the loan does not exceed eighty-five percent (85%) of the development costs, or eighty-five percent (85%) of the value of the property secured by the mortgage as determined by at least two (2) appraisers who are independent of the sponsors, builders and developers;

(26) To make grants from appropriated funds, agency and trust funds, and any other funds from any source available to the corporation, to sponsors, municipalities, local housing authorities and to owners of residential housing for the development, construction, rehabilitation or maintenance of residential housing and such facilities related thereto as corporation shall deem important for a proper living environment, all on such terms and conditions as may be deemed appropriate by the corporation;

(27) To make periodic grants to reduce principal and interest payments on mortgages or rentals payable by persons and families of lower *and moderate* income; and

(28) The Kentucky housing corporation shall be exempt from the regulations of the department of insurance and the laws of the Commonwealth relating thereto.

Section 4. KRS 198A.050 is amended to read as follows:

(1) In the administration of the programs authorized by or receiving benefits under KRS 198A.040, the Executive Director of the Kentucky Housing Corporation shall require:

(a) That to the greatest extent feasible opportunities for training and employment arising in connection with the planning, construction, rehabilitation, and operation of housing assisted under such programs shall be given to persons of lower *and moderate* income residing in the area of such housing; and

(b) That to the greatest extent feasible contracts for work to be performed pursuant to such programs shall be awarded to business concerns, including but not limited to individuals or firms doing business in the fields of design, architecture, building construction, rehabilitation, maintenance or repair, located in or owned in substantial part by persons residing in the area of such housing.

The assessed value of property on which homestead exemption is claimed shall not be increased because of valuation expressed on the application form filed with the property valuation administrator, and whenever it becomes known that the valuation of property subject to the homestead tax exemption has been increased because of valuation expressed on the application form, adjustment shall be made the following year so that the total tax paid by the taxpayer is the same as if the increase had not been made.

(2) (a) Every person filing an application for exemption under the homestead exemption provision must be sixty-five (65) years of age or older during the year for which application is made *or must have been classified as totally disabled under a program authorized or administered by an agency of the United States government or by the railroad retirement system on January 1 of the year in which application is made.*

(e) Only one (1) exemption per residential unit shall be allowed *even though the resident may be sixty-five (65) years of age and also totally disabled, and* regardless of the number of residents sixty-five (65) years of age or older occupying said unit, but the $6,500 exemption shall be construed to mean $6,500 in terms of the purchasing power of the dollar in 1972. Every two (2) years thereafter, if the cost of living index of the United States department of labor has changed as much as one (1) per cent, the maximum exemption shall be adjusted accordingly.

(f)[~~(d)~~] The real property may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years. The exemption shall apply only to the value of the real property assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which his interest in the corporation bears to the assessed value of the property.

(g)[~~(e)~~] A mobile home may qualify as a residential unit for purposes of the homestead exemption provision provided the mobile home is classified as real property as defined in KRS 132.750.

(h)[~~(f)~~] When title to property which is exempted, either in whole or in part, under the homestead exemption is transferred, the owner, administrator, executor, trustee, committee, curator or agent shall report such transfer to the property valuation administrator.

(4) The provisions of this section shall become effective with the *1982* [~~1976~~] taxable year and persons eligible for a homestead exemption under this section, *who have not previously filed under the age provision of the homestead exemption,* shall file applications *by December 31 of the taxation period.* [~~:~~]

(a) *The homestead exemption for disabled persons shall terminate whenever those persons no longer meet the total disability classification or at the end of the taxation period for which the homestead exemption has been granted* [~~Any time during the 1976 taxable year~~].

(b) *Any totally disabled person granted the homestead exemption under the disability provision shall report any change in disability classification to the property valuation administrator in the county in which the homestead exemption is authorized* [~~By March 1 in any year after the 1976 taxable year~~].

(c) Any person making application and qualifying for the homestead exemption before payment of his property tax bills for the year in question shall be entitled to a full or partial exoneration, as the case may be, of the property tax due to reflect the taxable assessment after allowance for the homestead exemption.

(d) Any person making application and qualifying for the homestead exemption after property tax bills have been paid shall be entitled to a refund of the property taxes applicable to the value of the homestead exemption.

Section 2. KRS 132.990 is amended to read as follows:

Such term does not include:

1. A policy or contract of one or more employers or labor organizations, or of the trustees of a fund established by one or more employers or labor organizations, or combinations thereof, for employes or former employes, or combination thereof, or for members or former members, or combination thereof, of the labor organizations, or

2. A policy or contract of any professional, trade or occupational association for its members or former or retired members, or combination thereof, if such association:

a. Is composed of individuals all of whom are actively engaged in the same profession, trade or occupation;

b. Has been maintained in good faith for purposes other than obtaining insurance; and

c. Has been in existence for at least two (2) years prior to the date of its initial offering of such policy or plan to its members.

(d) "Medicare" means the "Health Insurance for the Aged Act," Title XVIII of the Social Security Amendments of 1965, as then constituted or later amended.

(2) The commissioner may make reasonable rules and regulations establishing minimum standards for medicare supplement insurance policies delivered or issued for delivery in the state. Such regulations may cover but are not limited to:

(a) Establishing specific standards for policy provisions;

(b) Prohibiting policy provisions which in the opinion of the commissioner are unjust, unfair or unfairly discriminatory to any person insured or proposed for coverage under a medicare supplement policy;

(c) Establishing minimum standards for benefits under medicare supplement policies;

(d) Prescribing the format and content of the outline of coverage required by Section 4 of this Act. For purposes of this section, "format" means style, arrangements and overall appearance, including such items as the size, color and prominence of type and the arrangement of text and captions. Such outline of coverage shall include:

1. A description of the principal benefits and coverage provided in the policy;

Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insureds eligible for medicare concurrently with delivery of the outline of coverage. With respect to direct response insurance policies, the commissioner may require by regulation that the prescribed brochure be provided upon request to any prospective insureds eligible for medicare by reason of age, but in no event later than the time of policy delivery.

2. Disability income policies,
3. Basic, catastrophic, or major medical expense policies, or

SECTION 3. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 14 IS CREATED TO READ AS FOLLOWS:

Medicare supplement policies shall be expected to return to policyholders benefits which are reasonable in relation to the premium charged. The commissioner shall issue reasonable regulations to establish minimum standards for loss ratios of medicare supplement policies on the basis of incurred claims experience and earned premiums for the entire period for which rates are computed to provide coverage and in accordance with accepted actuarial principles and practices. For purposes of regulations issued pursuant to this section, medicare supplement policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

SECTION 4. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 14 IS CREATED TO READ AS FOLLOWS:

(c) If any scheduled payment or deferred payments are more than twice as large as the average of the earlier scheduled payments, the debtor and creditor shall agree that the debtor has the right to finance the amount of such payment or deferred payments at the time they are due without penalty. The terms of the refinancing which are agreed to by the debtor and the creditor shall be no less favorable to the debtor than the terms of the original loan.

If a lesser charge has been taken, the rebate shall be at not less than a proportional rate. Provided, however, the lending institution shall be permitted in computing rebates to retain a minimum charge of ten dollars ($10) to cover its acquisition costs and where the amount of credit for anticipation of repayment is less than one dollar ($1), no rebate need be made.

At the time the loan is made, the lending institution shall give the borrower either a copy of the note, or a statement of the transaction containing the provisions and information required to be contained in the note. The lending institution shall deliver a receipt for each payment.

Nothing in this section shall be construed to impair the validity or effect of said sections with respect to loans other than those made pursuant to this section nor shall anything in this section be construed to impair the validity or effect of KRS 360.025.

(10) Any contract of loan in the making or collection of which any act shall have been done which constitutes a willful violation of any provision of this section shall be void, and the bank, trust company, combined bank and trust company shall have no right to collect or receive any interest or charges whatsoever on such loan, but the unpaid principal of the loan shall be paid in full to the lending institution.

(b) If any person knowingly and unlawfully plants, cultivates or harvests twenty-five (25) or more plants of marijuana, it shall be presumed that the plants of marijuana were planted, cultivated or harvested for the purpose of sale.

(6) Any person who knowingly and unlawfully possesses a controlled substance classified in schedules I or II which is a narcotic drug shall, for the first offense, be confined in the penitentiary for not less than one (1) year nor more than five (5) years or be fined not less than three thousand dollars ($3,000) nor more than five thousand dollars ($5,000), or both and for each subsequent offense shall be confined in the penitentiary for not less than five (5) years nor more than ten (10) years or be fined not less than five thousand dollars ($5,000) nor more than ten thousand dollars ($10,000), or both.

(a) Any person found guilty of possession of any controlled substance pursuant to this subsection shall for a first offense, be ordered to a facility designated by the secretary for human resources where a program of treatment and rehabilitation not to exceed one year in duration shall be prescribed. The person ordered to the designated facility shall present himself for registration and initiation of a treatment program within five (5) days of the date of sentencing. If, without good cause, the person fails to appear at the designated facility within the specified time, or if at any time during the program of treatment prescribed, the authorized clinical director of the facility finds that the person is unwilling to participate in his treatment and rehabilitation, the director shall notify the sentencing court. Upon receipt of notification, the court shall cause the person to be brought before it and may continue the order of treatment and rehabilitation, or may order confinement in the county jail for not more than one (1) year or a fine of not more than five hundred dollars ($500), or both. Upon discharge of the person from the facility by the secretary for human resources or his designee prior to the expiration of the one-year period or upon satisfactory completion of one (1) year of treatment, the person shall be deemed finally discharged from sentence. The secretary or his designee shall notify the sentencing court of the date of such discharge from the facility.

(b) The secretary for human resources or his designee shall inform each court of the identity and location of the facility to which such person is sentenced.

(c) Transportation to the facility shall be provided by the court when the court finds the person unable to convey himself to the facility within five days of sentencing by reason of physical infirmity or financial incapability.

(h) Prior to the imposition of sentence upon conviction of a second or subsequent offense, the court shall obtain a report of case progress and recommendations regarding further treatment from the facility at which the person was treated following his first conviction. If such material is not available, the court shall notify the secretary for human resources, and the secretary shall cause the person to be examined by a psychiatrist employed by the department to evaluate his mental condition and to make recommendations regarding treatment and rehabilitation. The psychiatrist making the examination shall submit a written report of his findings and recommendations regarding treatment and rehabilitation to the court which shall make the report available to the prosecuting attorney and the attorney for the defendant. The court shall take such reports into consideration in determining sentence. The secretary may decline to cause such examination to be made if the number of psychiatrists on duty in the department is insufficient to spare one from his regular duties or if no such service may be purchased at regular departmental rates, in such event the secretary shall notify the clerk of the court to that effect within three (3) days after receipt of notification by the court.

(i) For purposes of this section, an offense is considered a second or subsequent offense, if, prior to his conviction of the offense, the offender has at any time been convicted under this chapter or under any statute of the United States or of any state relating to the substances classified as controlled substances.

(j) None of the provisions of this subsection shall be deemed to preclude the court from exercising its usual discretion with regard to ordering probation or conditional discharge.

(k) In the case of any person who has been convicted for the first time of possession of controlled substances, the court may set aside and void the conviction upon satisfactory completion of treatment, probation or other sentence, and issue to the person a certificate to that effect. A conviction voided under this subsection shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime. Voiding of conviction under this subsection and dismissal may occur only once with respect to any person.

(8)[~~(7)~~] Any person who knowingly and unlawfully possesses for his own use or transfers marijuana shall be confined in the county jail for not more than ninety (90) days or be fined not more than two hundred fifty dollars ($250).

(a) Any person found guilty of violating subsection *(8)* [~~(7)~~] above may be ordered to a facility designated by the secretary for human resources where a program of education, treatment, and rehabilitation not to exceed ninety (90) days in duration shall be prescribed. The person ordered to the designated facility shall present himself for registration and initiation of a treatment program within five (5) days of the date of sentencing. (e) The secretary for human resources, or his designee, may authorize transfer of the person from the initially designated facility to another facility for therapeutic purposes. The sentencing court shall be notified of termination of treatment by the terminating facility.

(f) Responsibility for payment for treatment services rendered to persons pursuant to this section shall be as under the statutes pertaining to payment by patients and others for services rendered by the department for human resources unless the person and the facility shall arrange otherwise.

(g) None of the provisions of this chapter shall be deemed to preclude the court from exercising its usual discretion with regard to ordering probation or conditional discharge.

(h) In the case of any person who has been convicted of possession of marijuana, the court may set aside and void the conviction upon satisfactory completion of treatment, probation or other sentence, and issue to the person a certificate to that effect. A conviction voided under this subsection shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime.

HB 112, AN ACT relating to costs.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 453 IS CREATED TO READ AS FOLLOWS:

As used in this Act, unless the context otherwise requires:

(1) "Commonwealth" means the Commonwealth of Kentucky and any board, bureau, commission, department, division, authority or other entity of the Commonwealth of Kentucky except for political subdivisions.

(2) "Administrative review board" means any entity of an administrative agency having the jurisdiction to hear and determine appeals from final rulings, orders and determinations of that agency or make initial determinations.

(3) "Party" means any individual, partnership, corporation, association or public or private organization other than the Commonwealth.

(4) "Costs" means the reasonable: expenses of expert witnesses, cost of any study, analysis, engineering report, test or project which is found by the court to be necessary for the preparation of the party's case and necessary attorney fees, and in the case of an action to review an administrative review board decision, all such fees and other expenses incurred in the contested case proceedings in which the decision was rendered.

SECTION 2. A NEW SECTION OF KRS CHAPTER 453 IS CREATED TO READ AS FOLLOWS:

(1) In addition to any costs which are awarded as prescribed by statute, a court shall award costs to any party which prevails by a final adjudication on the merits in any of the following:

(a) A civil action brought by the Commonwealth against the party;

(b) A civil action brought by the party against the Commonwealth to challenge the assessment or collection of taxes;

(c) A court proceeding to review an administrative review board decision.

(2) The court in its discretion may deny the award provided for in this section, or may reduce the award, if it finds that:

(a) During the course of the proceeding the prevailing party unduly and unreasonably protracted the final resolution of the matter; or

(b) The reason that the party other than the Commonwealth has prevailed is an intervening change in the applicable statutes, regulations or case law; or

(c) The prevailing party refused an offer of civil settlement which was at least as favorable to the party as the relief ultimately granted; or

(d) A special circumstance would make an award unjust.

(3) A party may apply pursuant to the applicable Rules of Civil Procedure for an award of attorney fees and other expenses authorized under this section and shall include as part of the application evidence of the party's eligibility for the award and the amount sought, including an itemized and attested statement from the attorneys and experts stating the actual time expended in representing the party and the rate at which the fees were computed.

(4) The court shall base any award of fees as provided in this section on prevailing market rates for the kind and quality of services furnished, except that:

(a) An expert is not eligible for compensation at a rate in excess of the prevailing rate of compensation for similar experts paid by the Commonwealth;

(b) The award of attorney fees may not exceed the amount which the prevailing party has paid or has agreed to pay the attorney or a maximum amount of forty dollars ($40.00) per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceeding involved, justifies a higher fee;

(c) No award shall be greater than ten thousand dollars ($10,000) to each party except that no award shall be made to any party who voluntarily intervenes in any such action.

(5) This section does not:

(a) Apply to an action arising from a proceeding before the Commonwealth in which the role of the Commonwealth was to determine the eligibility or entitlement of an individual to a monetary benefit or its equivalent, or to adjudicate a dispute or issue between private parties or to establish or fix a rate. As used in this subsection, monetary benefit or its equivalent shall not include a license, permit, charter or similar instrument that the Commonwealth may require to engage in a business, profession or similar activity;

(b) Apply to proceedings brought by the Commonwealth pursuant to KRS Chapters 218A, 431 to 439, and 500 to 534;

(c) Apply to proceedings involving eminent domain, foreclosure, collection of judgment debts or proceedings in which the Commonwealth is a nominal party;

(d) Personally obligate any officer or employe of the Commonwealth for the payment of an award entered under this section;

(e) Apply to proceedings brought pursuant to KRS Chapter 18.

SECTION 3. A NEW SECTION OF KRS CHAPTER 453 IS CREATED TO READ AS FOLLOWS:

Nothing in this Act shall prohibit the Commonwealth from negotiating or attempting to negotiate a settlement of claims arising under this Act or from paying such settlements and their associated costs.

Section 4. KRS 453.010, Commonwealth not liable for costs — Exception in civil actions, is repealed.

Committee Amendment No. 1 to **HB 112** is as follows:

Section 1. KRS 66.480 is amended to read as follows:

(1) The governing body of a municipality, county, school district (provided that its action is approved by the state board of education), or other local governmental unit or political subdivision, may invest and reinvest money subject to its control and jurisdiction in:

(a) Obligations of the United States and of its agencies and instrumentalities. *Such investments may be accomplished through repurchase agreements reached with national or state banks chartered in Kentucky*;

(b) Bonds or certificates of indebtedness of this state and of its agencies and instrumentalities;

(c) [~~Shares of~~] Any savings and loan association insured by an agency of the government of the United States up to the amount so insured;

(d) Interest-bearing deposits in national or state banks chartered in Kentucky and insured by an agency of the government of the United States up to the amount so insured, and in larger amounts providing such bank shall pledge as security obligations, *as permitted by KRS 41.240(2), having a current quoted market value at least equal to any uninsured deposits. No municipality, county, school district, other unit of local government, political subdivision or county official shall make any investment which would jeopardize the tax exempt status of any outstanding obligation of such unit of local government* [~~of the United States government, its agencies and instrumentalities~~].

(2) *Sheriffs, county clerks and jailers, who for the purposes of this section shall be known as county officials, may, and at the direction of the fiscal court shall, invest and reinvest money subject to their control and jurisdiction, including tax dollars subject to the provisions of KRS 134.300, 134.320 and 160.510, in the investment instruments permitted by subsection (1) of this section, except that sheriffs in urban-county governments shall not invest tax dollars.*

(3) The provisions of this section are not intended to impair the power of a *county official*, municipality, county, school district, or other local governmental unit or political subdivision to hold funds in deposit accounts with banking institutions as otherwise authorized by law.

(4)[(3)] The governing body *or county official* may delegate the investment authority provided by subsection (1) of this section to the treasurer or other financial officer charged with custody of the funds of the local government, and such officer shall thereafter assume full responsibility for all investment transactions until the delegation of authority terminates or is revoked.

(5) All county officials shall report the earnings of any investments at the time of their annual reports and settlements with the fiscal courts for excess income of their offices.

(6)[(4)] The state local finance officer is authorized and directed to assist *county officials and* local governments (except school districts) in investing funds that are temporarily in excess of operating needs by:

(a) Explaining investment opportunities to such *county officials and* local governments through publication and other appropriate means;

(b) Providing technical assistance in investment of idle funds to *county officials and* local governments that request such assistance.

(7) (a) The state local finance officer may create an investment pool for local governments (except school districts) and county officials; and counties and county officials may associate to create an investment pool; and cities may associate to create an investment pool. If counties and county officials create a pool, or if cities create a pool, each group may select a manager to administer their pool and invest the assets. Each county and each county official may, or each city may invest in a pool created pursuant to this subsection, but neither a county nor a county official nor a city shall invest more than a total of one hundred thousand dollars ($100,000) in such pool or pools. Investments shall be limited to those investment instruments permitted by subsection (1) of this section. The funds of each local government and county official shall be properly accounted for, and earnings and charges shall be assigned to each participant in a uniform manner according to the amount invested. Charges to any local government or county official shall not exceed one percent (1%) annually on the principal amount invested, and charges on investments of less than a year's duration shall be prorated. Any investment pool created pursuant to this subsection shall be audited each year by an independent certified public accountant, or by the auditor of public accounts. A copy of the audit report shall be provided to each local government or county official participating in the pool. In the case of an audit by an independent certified public accountant, a copy of the audit report shall be provided to the auditor of public accounts, and to the state local finance officer. The auditor of public accounts may review the report of the independent certified public accountant. After preliminary review, should discrepancies be found, the auditor of public accounts may make his own investigative report or audit to verify the findings of the independent certified public accountant's report.

(b) If the state local finance officer creates an investment pool, he shall establish an account in the treasury for the pool. He shall also establish a separate trust and agency account for the purpose of covering management costs, and he shall deposit management charges in this account. The state local finance officer may issue regulations, pursuant to KRS Chapter 13, governing the operation of the investment pool, including but not limited to provisions on minimum allowable investments and investment periods, and method and timing of investments, withdrawals, payment of earnings and assignment of charges.

(c) Before investing in an investment pool created pursuant to this subsection, a local government or county official shall allow any savings and loan association or bank in the county, as described in subsection (1)(c) and (d) of this section, to bid for the deposits.

Section 2. KRS 134.140 is amended to read as follows:

(2) The sheriff shall not receive or receipt for any taxes until the tax bills have been delivered to him by the county clerk, as provided in KRS 133.220 and 133.230.

(3) (a) The sheriff, except in urban-county governments, may, and at the direction of the fiscal court shall, invest any tax revenues held in his possession from the time of collection until the time of distribution to the proper taxing authorities pursuant to KRS 134.300, 134.320 and 160.510. Investments by the sheriff shall be restricted to those permitted by Section 1 of this Act.

(b) At the time of his monthly distribution of taxes to the district board of education, the sheriff shall pay to the board of education that part of his investment earnings for the month which is attributable to the investment of school taxes.

(c) In those counties where the sheriff pays his fees and commissions to the county and the salaries and expenses of his office are paid by the county, the sheriff shall pay to the county treasurer the investment earnings, other than those paid to the board of education, at the time of his monthly distribution of taxes to the county.

(d) In those counties where the office of sheriff is funded in whole or in part by fees and commissions, the sheriff may use investment earnings, other than those which must be paid to the board of education, to pay lawful salaries and expenses of his office, and the remainder shall be paid to the fiscal court at the time of the sheriff's annual settlement for county and district taxes and excess fees.

Section 3. KRS 134.170 is amended to read as follows:

(1) When any money is paid to the sheriff, he shall immediately enter the payment upon his record books and give to the person paying it a receipt specifying the amount and on what account the money was paid, and when paying any money he shall take a similar receipt. The sheriff shall deliver the original tax bill to the taxpayer when the taxpayer has paid his tax in full. When a taxpayer pays an omitted tax bill, the sheriff shall deliver the original omitted tax bill to the taxpayer, and no other receipt or tax bill shall be evidence that the taxpayer has paid his omitted tax.

(2) The sheriff shall retain the amount of tax and other public dues against any person out of any claim allowed by the state or the fiscal court to that person, except claims allowed for attendance as a witness, notwithstanding any assignment of the same.

(3) *Other than for investments and expenditures permitted by Section 2 of this Act,* the sheriff shall not apply or use any money received by him for any purpose other than that for which the money was paid or collected.

Section 4. KRS 68.020 is amended to read as follows:

(3) He may, and when directed by the fiscal court shall, institute actions in the name of the county against all delinquent sheriffs or collectors of the county, and against anyone having money belonging to the county who fails or refuses to pay it over on demand when due. He shall keep a record of all actions he is directed to institute on behalf of the county, showing their condition and the money collected thereunder.

(4)[(3)] He shall keep an accurate detailed account of all money received and disbursed by him for the county, and shall keep books of accounts of the financial transactions of the county in the manner required by any uniform system of accounting prescribed by the department for local government.

(5)[(4)] The county treasurer shall, when required by the fiscal court, settle his accounts as county treasurer, and within thirty (30) days after the close of each fiscal year, he shall make a full and complete settlement for the preceding fiscal year with the fiscal court or with a person or persons whom the fiscal court, by order of record, appoints to make settlement with him. In case of a vacancy, the county judge/executive shall call a special term which shall proceed in the manner it deems proper to settle the accounts of the county treasurer.

He shall not disburse any money received by him for any purpose other than that for which it was collected and paid over to him, and when he pays out money he shall take a receipt therefor. All warrants for the payment of funds from the county treasury shall be co-signed by the county treasurer and the county judge/executive.

(2) *He may, and when directed by the fiscal court shall, invest the funds of the county pursuant to KRS 66.480.*

(3) He may, and when directed by the fiscal court shall, institute actions in the name of the county against all delinquent sheriffs or collectors of the county, and against anyone having money belonging to the county who fails or refuses to pay it over on demand when due. He shall keep a record of all actions he is directed to institute on behalf of the county, showing their condition and the money collected thereunder.

(4)[(3)] He shall keep an accurate detailed account of all money received and disbursed by him for the county, and shall keep books of accounts of the financial transactions of the county in the manner required by any uniform system of accounting prescribed by the department for local government.

(5)[(4)] The county treasurer shall, when required by the fiscal court, settle his accounts as county treasurer, and within thirty (30) days after the close of each fiscal year, he shall, unless his immediate predecessor has done so, make a full and complete settlement for the preceding fiscal year with the fiscal court or with a person or persons whom the fiscal court, by order of record, appoints to make settlement with him. The House of Representatives of the Commonwealth of Kentucky hereby congratulate Eastern Kentucky University 1981 Colonel Football Team for an unprecedented third consecutive appearance in the NCAA Division 1-AA championship finals. You emerged victorious in 1979 as you defeated Lehigh University 30-7 in Orlando, Florida's Tangerine Bowl Stadium and laid claim to the Commonwealth's first national football championship in history. You finished second in 1980 to Boise State, following a heart-stopping finish in the Camellia Bowl in Sacramento, California. Following a superb season of celebration you again finished second in 1981 to Idaho State in the Wichita Falls, Texas, Pioneer Bowl. You captured the Ohio Valley Conference championship in grand style with an unblemished 8-0 record, marking the first time since 1973 that a champion has finished the conference season undefeated. Your 12 victories in 1981 established a new team record for most wins in a single season. As Colonels you have put together a string of 25 consecutive home game victories at Hanger Field, and the 1981 group of seniors has the proud distinction of never losing at home during their four-year career. The grand sport of football at Eastern Kentucky University has become a fine Kentucky tradition built on a solid foundation of pride.

Done at Frankfort this twenty-sixth day of January, nineteen hundred and eighty-two. (Sponsored by Representative Moberly)

Agreed.

Representative Moberly moved the adoption of the following Legislative Citation No. 6:

The House of Representatives of the Commonwealth of Kentucky hereby congratulates Coach Roy Kidd on your eighteenth year as the head coach of the Eastern Kentucky University football team who guided the Colonels to a sparkling season of 12 wins and only 2 losses to set a new single season record for victories. Your career record of 133 wins, 55 losses and 6 ties gives you the distinction of being the winningest coach in Ohio Valley Conference history. You have guided Eastern to three consecutive appearances in the NCAA Division 1-AA championship finals, including the national title in 1979. For the second consecutive year, you have been selected as the Division 1-AA Coach of the Year by ABC Sports and Chevrolet. You led the Colonels to the 1981 OVC championship with a perfect 8-0 record. You were selected by your peers as the 1981 OVC Coach of the Year.

State of the Judiciary Address to the General Assembly of Kentucky

by John S. Palmore
Chief Justice, Commonwealth of Kentucky
January 26, 1982

Introduction

The purpose of my appearance before you today is to report the state of the Judiciary. First let me thank the members of the General Assembly for the opportunity of doing so. By now, of course, I have become a familiar figure to many of you who are veterans of past sessions, this being the third and undoubtedly the last time I shall have had the privilege of addressing you in the capacity of Chief Justice.

Some of what I have to say will be familiar to many of you already, but may provide useful information to the new members among your number.

The Judicial System

Our judicial system consists of four courts. The district court and circuit court are trial courts, though the circuit court serves also as an appellate court with respect to appeals from the district court. The court of appeals and supreme court are appellate courts. We have 123 district judges, 91 circuit judges, 14 judges of the court of appeals, and seven justices of the supreme court, totalling 235 judges except for one temporary vacancy on the supreme court occasioned by the untimely passing last month of Justice Robert Lukowsky, one of the truly great and courageous appellate judges of his time. All of these judges are elected by the people of their respective districts, the districts judges for terms of four years and the others for terms of eight years. Each of he district judges began a new term this year. Four of the seven seats on the supreme court are up for election this year. All of the circuit judges and judges of the court of appeals will be elected or re-elected in 1983.

For each county in which no district judge resides a trial commissioner who does reside in the county serves by appointment of the judge for such limited purposes of issuing warrants, accepting guilty pleas and disposing of minor criminal charges, probating wills and appointing executors and administrators, issuing orders of attachment, providing for the temporary detention of juveniles and mentally ill persons, and the like.

As the functioning of all courts entails a great deal of paper work, our district and circuit courts are supported by 120 circuit court clerks, each elected by the people of his or her county, and their staffs. The supreme court and court of appeals likewise are supported by an appointed clerk and his staff, and for the sake of economy have chosen the same person, Hon. John Scott, as clerk for both courts.

Section 110 of the Constitution of Kentucky assigns the executive authority over this entire unified court of justice to the chief justice and directs him to appoint such administrative assistants as he finds necessary to carry out that responsibility. Accordingly, we have an Administrative Office of the Courts for that purpose, consisting today of some 75 people. This office, commonly referred to as AOC, provides the administrative services that are necessary to the orderly functioning of the system, such as procurement and distribution of supplies and equipment, rental of courthouse facilities, employment and regulation of personnel, handling of payrolls and expense accounts, training of new clerk personnel and continuing education of clerks and judges, gathering and monitoring of caseload statistics, special assignment of judges, preparation and distribution of instruction manuals, financial control and accounting, budget preparation, pretrial release of arrested persons, and general supervision over the operation of the 120 offices of the circuit clerks.

In all, the judicial system has a complement of about 2,000 salaried personnel, consisting of 235 judges, 66 trial commissioners, 120 clerks, 1100 deputy clerks, 75 AOC employes, 150 pretrial release employes, and 250 secretaries, court reporters, and other miscellaneous employes.

The estimated cost of operating this system during the current fiscal year is about $50.1 million, roughly 2% of the total budget for all operations of the state government. Out of that figure, $5.9 million goes back to local communities in the form of rental payments for courthouse facilities and another $372,000 goes to the Department of Finance as rent for space owned by the state. 87.5% of the remaining cost of doing business consists of salaries, and you will be interested to know that 45% goes to the operation of the 120 circuit clerks' offices located in your local communities.

The Budget

The Constitution directs the Chief Justice to submit the Budget for the Court of Justice. Accordingly, at the 1980 session of the General Assembly a separate judicial budget was introduced for your consideration, and a proposed budget for the next biennium will be similarly introduced. It has been prepared by AOC in close cooperation with the Legislative Research Commission and will already have been scrutinized to a considerable degree by representatives of your body before it is laid before you in the form of a bill.

The upward surge of inflation alone makes it impossible to operate the courts tomorrow for the same cost at which they are being operated during the current biennium without a reduction in quality of performance. To illustrate, where this year we expect to pay rents of $5.9 million for court facilities, the estimate for 1982-83 is $6.3 million and for 1983-84 is $6.7 million. Then, as in the other branches of government, there have been modest salary improvements and the regular annual salary increments, all of which are permanent and result in a higher cost to continue with the same number of employes.

In any event, in our proposed budget we have done our utmost to hold the line and have made very little provision for expanded programs or operations. We do, however, ask you to allow our 120 elected clerks a salary increase of $2,000 per annum, to continue in effect the limited cost-of-living adjustment for the judiciary enacted by the General Assembly in 1980, to provide a modest amount of relief to the oldest of our retired judges and their widows, whose pensions have been virtually destroyed by inflation, and to provide a more equitable basis for the rental of court facilities, enough to give local fiscal courts an incentive to build or purchase courtroom space that is required by the ever-increasing volume of business that is being heaped upon our courts. It is vital also that in a few instances of work-overload we must have help in the form of additional judges, additional staff support for existing judges, or a combination of the two.

Judicial Manpower Requirements

Since 1979 the number of cases being filed in the circuit courts has increased by 19.4%, to an average of 929 per judge. Fortunately, and largely by reason of the cross-assignment of judges under our regional administration program, the disposition rate of the circuit courts has increased from 72.8% in 1978-79 to 96.5% in 1980-81. Nevertheless, there are eight jurisdictions in the state that can be readily identified as overloaded in terms of the volume of business per judge. In at least four of these instances we can continue temporarily without additional judges by assigning other judges under the regional administration program. For example, the district court for Calloway and Marshall Counties is greatly overloaded, but the workload in some of the neighboring districts is such that their judges can be used to assist in the Calloway-Marshall district. At most, it is probable that four new circuit judges will be needed, but the certification of necessity that is required by the constitution will be deferred until we can discuss each of these individual problems with various members of the General Assembly whose areas are affected.

Redistricting and Regionalization

In my address to the 1978 General Assembly I reported that we had instituted two pilot programs to equalize the workload among the circuit judges in certain territorial regions. In 1980 I reported that the plan was successful and had been extended throughout the state for the circuit courts in three regions for the district courts. Within the next month it will be in effect throughout the state for both courts. The net result of this system, quite aside from manifest efficiency, is to reduce to a bare minimum the necessity or occasion for redistricting. Recently, for example, in one of our most overloaded courts, the Whitley-McCreary circuit, six regional circuit judges and one retired judge, acting under the leadership of Chief Circuit Judge Pennington, of Boyle County, disposed of 370 cases during a five-week period in October and November of 1981, and in December disposed of more than 200 criminal matters by trial, dismissal, plea-bargaining, remanding, or trial setting. At about the same time, in the Clay-Jackson-Leslie circuit Chief Judge Chenault, of Madison County, conducted a similar effort which disposed of 1288 cases, some as old as 10 years. Altogether, during the 1980-81 fiscal year 655 cross-assignments of circuit judges from one circuit to another were carried out. Thus far, cross-assignments of district judges have averaged about 150 per annum and have been arranged by AOC. Henceforth they will be administered under the regional program.

Court Facilities

In 1978 the most pressing problem for the courts was the need for adequate courtroom facilities. Some of you will recall that in 1978 one of our district judges opened shop in a tent. Things are somewhat better now, principally because the General Assembly responded by enacting the present law under which the local governmental bodies that own them receive rent for our use of their facilities, but conditions in a number of localities continue to be pretty dismal - not because of any lack of good will and cooperation on the part of the local officials, but because there simply is not enough room in their courthouses and they do not have the financial capacity to provide for them. In Warran County, for example, we have two circuit judges, and really need one more, but have only one courtroom and one judge's office. While one judge is holding court the other one literally has to get out of the courthouse. It was hoped, when the facilities bill was enacted in 1978, that the rental formula would encourage several of the county fiscal courts to finance the construction or renovation of facilities through borrowed money. At that time a little over 6% was the highest rate of interest being paid by any county for such a purpose, but the inflation of interest rates that has taken place since then has reduced our expectations to a shambles. Today Rowan County is paying 11% on a loan made for the purpose of renovating its courthouse, and the contribution being received by that county under the facilities law amounts to only half of what was intended in the way of financial support when the law was passed.

It is not to be expected that the problem of inadequate facilities will be remedied overnight. It is now and for some years probably will remain the principal handicap with which the judicial system is burdened. Even the housing of AOC at a separate location from the supreme court necessitates a certain degree of duplication in clerical services that could be avoided if, as once planned but recently scrapped, a new court building were provided to house the supreme court and court of appeals. But the sorest points at the moment are in the field, at such places as Bowling Green and Pikeville, and it is evident that this condition cannot be alleviated until the rate of rental allowed under the facilities bill bears a closer relationship to prevailing interest rates than it does at this time. Hence we have prepared for submission to your consideration amendatory legislation which will encourage local governments to construct needed court facilities but at this current stage will call for a budgetary increase of only $192,000 for 1982-83 and $312,000 for 1983-84.

Problems of the Judiciary

Both the supreme court and the court of appeals are relatively current in dispositions of cases brought before them. As I have said, however, the volume of cases filed in circuit court has increased by 19.4% over the past two years, and during the same period the workload of the district court increased by 10.9% to an average of 5322 cases per judge. No matter how efficiently the work is handled, inevitably more judicial personnel will be required. I know that judges are not cheap and that cost-conscious legislative bodies always are hesitant to add new ones. Some of you have heard me say before that we never have had enough judges and probably never will. However, it is an inexorable fact of life that what is saved in money by having too few judges is lost in the form of efficient service to the community, reflected by mounting docket backlogs and longer delays in obtaining whatever relief the citizens may call upon the courts to provide.

From a long-term standpoint, one way in which the cost of judicial services can be minimized is through the use of more administrative support personnel consisting of staff attorneys or court administrators. Three or four of such assistants could be employed for the cost of one judge. Much of a judge's time is taken up with administrative details, such as scheduling hearings and organizing his own work. With a competent assistant to relieve him of these necessary but relatively uncomplicated details, to do his legal research, to review and summarize the voluminous records he must otherwise read for himself, a judge will be able to produce a substantially higher number of case dispositions and the net cost to the taxpayer will be less.

Another way in which the objective of more case dispositions per judge can be achieved is through the reduction of procedural delay in the courts, principally with respect to civil litigation in the circuit courts. Two years ago I addressed this problem in my remarks to the General Assembly. Since then, with the cooperation and help of the American and Kentucky Bar Associations and of the Campbell County bar, we have conducted and still have in operation an experimental Economic Litigation Project under which, with certain exceptions, every other civil case filed in the Campbell Circuit Court is placed on a "fast-track" docket. These cases are not advanced or given priority over those on the regular docket, but they are subjected to streamlined procedures designed to prevent delay. In the first year, 10 cases assigned to the fast-track docket had gone completely through the trial stage, as against no cases thus far tried among those kept on the regular docket. We hope to extend this experiment to other courts of the Commonwealth, and if it continues to experience similar success it should eventually be adopted as standard procedure. There is no magic in this process, however. It does not automatically result from a switch in rules, but requires hard work and firm management by both the judge and his clerk and court administrator, and requires also a reasonable degree of cooperation on the part of the practicing lawyers.

In the field of criminal law, much of what out courts must do is dictated by decisions of the United States Supreme Court which seem to have succeeded what formerly was regarded as the Constitution. In fine, the extent to which we are at liberty to cut costs by streamlining procedures is not unlimited. Nevertheless, during the past two years a special committee appointed by the judicial council and chaired by Circuit Judge Thomas Spain, of Hopkins County, reviewed all of our Rules of Criminal Procedure and initiated extensive revisions that were adopted in 1981.

One of the constitutionally mandated requirements relating to criminal trials is that the state furnish counsel for indigent defendants.

Years ago it was customary for the trial court to appoint a lawyer for a defendant who said he could not afford to hire one for himself. In those days, however, the kind of service that was rendered was pretty much up to the lawyer's conscience. Certainly he did not have the federal courts looking over his shoulder. But in the course of the past generation the U.S. Supreme Court has changed all that, and today the handling of a criminal case is greatly more onerous and demanding than it was then. In the course of this transition lawyers naturally became less willing to suffer the burden without compensation, and eventually our court ruled that they could not be forced to do so. That is the situation as we find it today.

Insofar as I am advised, in all 50 states the defense of indigent persons in criminal cases is undertaken by publicly-financed counsel. In some instances the necessary funding is provided by the state, and in others the burden is on the county governments. In our state for the past several years we have had a hybrid sort of system headed by a state public advocate but partially supported by county governments. It has not been satisfactory, and as all of you probably are aware, what to do about it is one of the issues you may and should be called on to resolve.

Our concern with this issue is not that the courts have anything to do with providing lawyers on either side of a case, but that if a defendant shows up without a lawyer and hasn't got the money to hire one, we can't try him. And if we can't try him within a reasonable length of time, we have to turn him loose. Now, there have been instances within the recent past in which criminal cases were stacked up for lack of available public defenders. Somehow these particular problems were resolved, but it is important that similar situations in the future be avoided.

It is not my purpose to intrude in your business by suggesting how much you need to spend for the defense of indigents, but I do hope you will appreciate the gravity of the problem. It is unavoidable and it will not go away. And the worst of it is that neither you nor I can control how many man-hours of lawyer time will have to be paid for it. I say it is unavoidable because the only out is to repeal the laws that cause people to be arrested and sent to prison, just as the only way to escape property taxes is to get rid of the property.

Sooner or later, I believe, you will be forced to the conclusion that the most economical system for providing indigent defense services at public expense would be one similar to Colorado's. A statewide system of regional offices located as close to population centers as possible, with a sufficient number of full-time salaries attorneys responsible for the defense of all indigent cases, certainly ought to cost less per man-hour than any combination of salaried plus part-time contract lawyers. As I say, I do not want to get into your business, and certainly this is a matter for you to decide, but I offer these observations for what they may be worth in the way of providing some insight.

There will be a certain number of cases coming before the courts in which the services of a public defender will be required. These services will involve a certain number of lawyer man-hours, and those man-hours will have to be purchased one way or another. Except for the cost of travel and office overhead that would be incident to handling the work out of regional offices, it seems to me that full-time man-hours come cheaper than part-time man-hours. Personally, I would rather see an appointed lawyer from the regular practicing bar in every indigent case, and no public defenders at all, and if I thought you could afford it, that is exactly what I would recommend, but I am afraid the cost would be prohibitive.

Before leaving the subject, there is one feature of the Colorado plan that I find objectionable and fundamentally unsound. It is that there the public defender is made an agency of the judicial branch of government. It is equally incongruous, of course, that here in Kentucky the public advocate operates under the aegis of the Department of Justice, which is or should be interested primarily in law enforcement rather than the defense or people accused of law-breaking. I rather imagine the Secretary for that department would be delighted to get rid of it, and if so I believe he would be on the soundest of ground. Just, however, as the business of defending against criminal prosecutions entails an inherent conflict with the business of law enforcement, so would it be incompatible with the traditional function of the courts, and perhaps indeed with our Constitution itself.

Pretrial Release Program

Not all that I have to say deals with problems, and I have reserved the good things for last. One of these is that our pretrial release program, enacted by the General Assembly in 1976, continues to be a brilliant success and is still the wonder and the envy of every other state in the union. It is the subject of a documentary being prepared by NBC for telecasting next month. WPLG-TV of Miami, Florida, has just completed videotaping for a documentary series of 15-minute programs devoted to the Kentucky program, and the Florida Legislature is considering bail bond legislation similar to ours.

During the fiscal year 1980-81 pretrial services personnel interviewed 109,024 arrested persons and found 75,920 (69%) eligible for release. Only 1.35% absconded from the state. Many of these people would not have been able to post pond, which means they would have had to remain in jail at the taxpayers' expense until tried. Obviously there has been a substantial saving to the state, to say nothing of the basic humanity of avoiding the imprisonment of persons who have not yet been found guilty.

The pretrial release services are administered under the supervision of AOC, and in Jefferson, Fayette, Kenton, Campbell and Boone Counties the pretrial personnel conduct mediation and diversion programs under which thousands of complaints are settled without resort to action by the criminal courts. Again as in past years I commend the General Assembly for providing this far-sighted and successful program of service to the state.

Conclusion

Another favorable circumstance is that the judicial system as it exists under the 1975 judicial amendment has gained a degree of public acceptance that surely ought to silence forever the noisy detractors from whom so much was heard in the beginning. No institution comprised of human beings is perfect, of course, and we have had a few unfortunate performances in the judiciary, but on the whole I think it is a fair assessment to say that it is working as well as could be expected of any judicial system, and far better than most. Although, as I have indicated, I believe that our civil procedures can and should be streamlined in the interest of faster and less expensive service, cases are being handled with reasonable promptness at all levels, and excessive backlogs have just about become a thing of the past.

Through the years I think the courts have always enjoyed a good relationship with the Governor's office, and that continues to be so today. I feel that in the course of these last six years we have developed a closer rapport with the General Assembly. We have had excellent cooperation from the Legislative Research Commission, particularly in the preparation of our budget. What this amounts to is neither more nor less than simple good government. We all work for the same people, and the more closely we work together, the less energy we waste in friction with each other, the more worth of their trust and confidence will we be.

(1) Every licensee may lend any sum of money not exceeding *fifteen* [~~two~~] thousand dollars *($15,000)* [~~($2,000)~~], excluding charges, and may charge, contract for and receive thereon charges not in excess of three percent (3%) per month on that part of the unpaid principal balance not in excess of *one thousand* [~~six hundred~~] dollars *($1,000)* [~~($600)~~] and two percent (2%) per month on that part of the unpaid principal balance exceeding *one thousand* [~~six hundred~~] dollars *($1,000)* [~~($600)~~] but not exceeding *three* [~~one~~] thousand [~~five hundred~~] dollars *($3,000); provided, however, that in any loan wherein the original principal amount of the loan (face amount less precomputed charges) exceeds three thousand dollars ($3,000), the licensee may not charge at a rate per month in excess of two percent (2%) per month on the unpaid balances of the principal* [~~($1,500) and one and one-half percent (1 ½%) per month on that part of the unpaid principal balance exceeding one thousand five hundred dollars ($1,500) but not exceeding two thousand dollars ($2,000)~~]. Such charges shall be computed in advance at the agreed rate on scheduled unpaid principal balances of the cash advance on the assumption that all scheduled payments will be made when due. The total amount of such precomputed charges shall be added to the original cash advance and the resulting sum shall become the face amount of the note. Every payment may be applied to the combined total of the cash advance and precomputed charges until the contract is paid in full.

(2) For the purposes of computation, whether at the maximum rate or less, a month shall be that period of time from any date in a month to the corresponding date in the next month and if there is no such corresponding date then to the last day of such month, and a day shall be considered one-thirtieth (1/30) of a month when such computation is made for a fraction of a month. The portion of the charges applicable to any particular monthly instalment period, as originally scheduled or following a deferment, shall bear the same ratio to the total charges, excluding any adjustments made pursuant to subsection (3) of this section, as the balance scheduled to be outstanding during that monthly period bears to the sum of all monthly balances scheduled originally by the contract of loan.

(3) A licensee and borrower may agree that the first instalment date may be not more than fifteen (15) days more than one (1) month and the amount of such instalment may be increased by one-thirtieth (1/30) of the portion of the charges applicable to a first instalment period of one (1) month for each extra day.

(4) If one-half (½) or more of any instalment remains unpaid more than seven (7) days after it is due, the licensee may charge and collect a default charge not exceeding two cents (2¢) for each dollar of the scheduled instalment, and such charge may be collected for each full month [~~thereafter~~] the instalment remains unpaid.

(5) If the payment of all wholly unpaid instalments on which no default charge has been collected is deferred one or more full months, the licensee may charge and collect a deferment charge not exceeding two cents (2¢) for each one dollar ($1) of the sum of the instalment so deferred, multiplied by the number of months the maturity of the contract is extended; provided, however, that such number of months shall not exceed the number of instalments which are due and wholly unpaid or due within fifteen (15) days from the date of deferment. The deferment charge may be collected at the time of deferment or at any time thereafter. Any payment received at the time of deferment may be applied first to the deferment charge and the remainder, if any, applied to the unpaid balance of the contract, provided, however, that if such payment is sufficient to pay, in addition to the appropriate deferment charge, any instalment which is in default and the applicable default charge, it shall be first so applied and any such instalment shall not be deferred or subject to the deferment charge. At the time a deferment is made the borrower shall be given a statement or receipt showing the amount of the deferment charge, the date and amount of the next scheduled payment and the number of remaining scheduled payments.

(6) If the contract of loan is prepaid in full by cash, a new loan or otherwise before the final instalment date, the portion of the charges applicable to the full instalment periods following the instalment date nearest the date of prepayment shall be refunded. Any default or deferment charges which are due and unpaid may be deducted from such refund. The tender by the borrower or at his request of an amount equal to the unpaid balance less the required refund must be accepted by the licensee in full payment of the contract. If judgment is obtained before the final instalment date the contract balance shall be reduced by the refund which would be required for prepayment in full as of the date judgment is obtained. No refund of less than one dollar ($1) need be made; no refund for partial prepayments need be made.

(7) If two (2) or more full instalments are in default for one (1) full month or more at any instalment date and if the contract so provides, the licensee may reduce the contract balance by the refund or credit which would be required for prepayment in full on such instalment date. Thereafter, in lieu of charging, collecting or receiving charges as provided in subsections (1) to (6) inclusive of this section, charges may be charged, collected and received as provided by subsection (8) of this section until the contract is fully paid.

(8) In lieu of computing and collecting charges as provided in subsections (1) to (6) inclusive of this section a licensee may contract for, collect and receive on loans of *fifteen* [~~two~~] thousand dollars *($15,000)* [~~($2,000)~~] or less charges as permitted in subsection (1) computed on the unpaid principal balance of the loan from time to time outstanding. Such charges shall not be paid, deducted, received in advance or compounded but shall be computed, collected and received only on unpaid principal balances for the time actually outstanding. The definition of a month and of a day in subsection (2) of this section shall apply for the purposes of such computations.

(9) If part or all of the consideration for a contract of loan is the unpaid principal balance of a prior loan with the same licensee then the principal amount payable under such contract of loan shall not include any unpaid charges on the prior loan except such charges which have accrued within sixty (60) days before the making of such new contract of loan and may include the balance remaining after giving the refund required by subsection (6) of this section.

(10) In addition to the charges provided for in this chapter no further charge or amount whatsoever for any examination, service, brokerage, commission, expense, fee, or bonus or other thing shall be directly or indirectly charged, contracted for, or received, except the lawful fees actually and necessarily paid out by the licensee to any public official for filing, recording or releasing in any public office any instrument securing the loan; the identifiable charge of premium for insurance provided for in KRS 288.560; or fees for noting or releasing a lien on or transferring a certificate of title to any motor vehicle offered as security for a loan made under this chapter. If any amount in excess of the amounts authorized by this chapter is

charged, contracted for or received, except as the result of an accidental or bona fide error, the lender shall have no right to collect or receive any charges whatsoever.

(11) No licensee shall induce or permit any borrower to split up or divide any loan nor permit any one borrower to become indebted to him under more than one (1) contract of loan at the same time if the actual amount of the indebtedness on any one of such contracts is in the amount or of the value of *fifteen* [~~two~~] thousand dollars *($15,000)* [~~($2,000)~~] or less and there is charged, contracted for, or received thereon, directly or indirectly, by any device, subterfuge, or pretense whatsoever, any interest, or consideration therefor greater than would otherwise be permitted by this chapter.

(12) No licensee shall directly or indirectly charge, contract for or receive any interest or consideration greater than the lender would be permitted by law to charge if he were not a licensee hereunder upon any loan in the amount or of the value of more than *fifteen* [~~two~~] thousand dollars *($15,000)* [~~($2,000)~~] excluding charges, or in any case in which the licensee permits any individual as borrower, indorser, guarantor, or surety for any borrower, or otherwise, to owe on any loan or loans directly or contingently, or both, to the licensee at any time the sum of more than *fifteen* [~~two~~] thousand dollars *($15,000)* [~~($2,000)~~] for principal, excluding charges.

Section 4. KRS 288.560 is amended to read as follows:

Notwithstanding the provisions of this or any other law:

(1) A licensee may request a borrower to insure tangible personal property, except household goods, offered as security for a loan exceeding $300 under this chapter against any substantial risk of loss, damage or destruction for an amount not to exceed the actual value of such property or the approximate amount of the loan, whichever is greater, and for a term and upon conditions which are reasonable and appropriate considering the nature of the property and the maturity and other circumstances of the loan; provided such insurance is sold by a licensed agent, broker or solicitor.

(2) A licensee may also request, provide, obtain, or take as security for any loan obligation insurance on the life, health or disability, or both, of the borrower, or *two (2)* [~~one (1)~~] of them if there are two (2) or more. Life insurance shall be in the approximate amount of the indebtedness scheduled to be due the licensee under the loan contract. Not more than one (1) policy of life insurance may be written in connection with any loan transaction under this chapter. The aggregate amount of periodic benefits payable by any health or disability insurance provided, obtained or requested by the licensee in the event of disability, as defined in the policy, shall not exceed the aggregate of the scheduled instalments and the waiting period provided in such policy must be fourteen (14) days or longer. The premium rate for insurance provided under this section shall be reasonable in relation to the benefits provided and shall be filed with the commissioner of insurance. The commissioner of insurance shall, within thirty (30) days after the filing of any premium rate, disapprove such premium rate if it is excessive in relation to the benefits. In determining whether to approve or disapprove any premium rate, the commissioner of insurance shall give due consideration to the mortality and morbidity costs with respect to such insurance on borrowers under this chapter or similar acts in other states, a reasonable margin for underwriting expenses and profit and contingencies to the insurer, and cost and compensation to the licensees for providing and servicing such insurance, plus the premium taxes payable on such insurance.

(3) In accepting any insurance provided for by this section as security for a loan the licensee, its officers, agents or employes may deduct the premiums or identifiable charge therefor from the proceeds of the loan, which premium or identifiable charge shall not exceed the rate filed with the commissioner of insurance and not disapproved and remit such premiums to the insurance company writing such insurance and any gain or advantage to the licensee or any employe, officer, director, agent, affiliate or associate from such insurance or its sale shall not be considered as additional or further charge in connection with any loan made under this chapter. The arranging for and collecting of an identifiable charge shall not be deemed the sale of insurance.

(4) Every insurance policy or certificate written in connection with a loan transaction pursuant to subsection (2) of this section shall provide for cancellation of coverage and a refund of the premium or identifiable charge unearned upon the discharge of the loan obligation for which such insurance is security without prejudice to any claim. Such refund shall be under a formula filed by the insurer with the commissioner of insurance.

(5) Whenever insurance is written in connection with a loan transaction pursuant to this section the licensee shall deliver or cause to be delivered to the borrower a policy, certificate or other memorandum which shall show the coverages and the cost thereof, if any, to the borrower within thirty (30) days from the date of the loan.

(6) All such insurance shall be written by a company authorized to conduct such business in this state and the licensee shall not require the purchase of such insurance from any agent or broker designated by the licensee nor shall the licensee decline existing coverages which equal or exceed the standards of this section.

Section 5. KRS 288.570 is amended to read as follows:

(1) The payment of *fifteen* [~~two~~] thousand dollars *($15,000)* [~~($2,000)~~] or less in money, credit, goods, or things in action, as consideration for any sale, assignment, or order for the payment of wages, salary, commissions, or other compensation for services, whether earned or to be earned, shall be deemed for the purposes of regulation under this chapter, a loan secured by such assignment, and the amount by which such assigned compensation exceeds the amount of such consideration actually paid shall be deemed for the purposes of regulation under this chapter interest or charges upon such loans from the date of payment to the date such compensation is payable. Such transaction shall be governed by and subject to the provisions of this chapter.

(2) No assignment of or order for payment of any salary, wages, commissions, or other compensation for services, earned or to be earned, when taken as security for any loan made under this chapter, shall be valid unless the amount of the loan is paid to the borrower simultaneously with its execution. Under any assignment of or order for the payment of future salary, wages, commissions, or other compensation for services given as security for a loan made under this chapter, there shall not at any time be collectible from the employer of the borrower more than ten percent (10%) of the amount then owing the borrower for any such salary, wages, commissions or other compensation for services.

Section 6. KRS 288.580 is amended to read as follows:

(1) No licensee shall take any confession of judgment or any power of attorney running to himself or to any third person to confess judgment or to appear for the borrower in a judicial proceeding; nor take any note or promise to pay that does not disclose the date and amount of the loan obligation, a schedule or description of the payments to be made thereon, and the rate or aggregate amount of the agreed charges; nor take any instrument in which blanks are left to be filled in after the loan is made.

(2) No licensee shall enter into any contract of loan under this chapter under which the borrower agrees to make any scheduled repayment of principal more than *sixty (60)* [~~thirty-six (36)~~] months and fifteen (15) days from the date of making such contract *if the principal amount of the loan exclusive of interest and charges is three thousand dollars ($3,000) or less, or one hundred and twenty (120) months if the principal amount of the loan exclusive of interest and charges exceeds three thousand dollars ($3,000)*, and every such contract shall provide for repayment of the amount lent in substantially equal instalments at approximately equal periodic intervals of time; Provided, however, That when appropriate for the purpose of facilitating payment in accordance with the seasonable nature of obligor's main source of income, payments may be deferred or omitted, if all other payments are increased in such manner that such other payments are substantially equal in amount and sufficient in the aggregate to retire the loan in the period of months as hereinabove provided.

(3) No licensee shall take any *mortgage or other lien instrument* [~~lien~~] upon real estate as security for any loan under this chapter *in which the principal is three thousand dollars ($3,000) or less, unless such lien is subject to a prior mortgage*[~~, except such lien as is created by virtue of a judgment or decree~~].

SECTION 7. A NEW SECTION OF KRS CHAPTER 288 IS CREATED TO READ AS FOLLOWS:

Notwithstanding the provisions of KRS 288.530(10) or of any other law, in any extension of credit pursuant to KRS 288.420 to 288.991 wherein the licensee shall take a lien on real estate for security for any loan under this chapter, the licensee may charge and collect the following closing costs if they are bona fide, reasonable in amount and not for the purpose of circumvention or evasion of the provisions of this chapter:

(1) Fees or premiums for title examination, abstract of title, title insurance, survey, or similar purposes;

(2) Fees for preparation of a deed, settlement statement, or other document, if not paid to the lender or a person related to the lender;

(4) Fees for notarizing deeds and other documents, if not paid to the lender or a person related to the lender;

(5) Appraisal fees, if not paid to the lender or a person related to the lender.

Section 8. KRS 288.620 is amended to read as follows:

(1) No person, except as authorized by statute shall directly or indirectly by any device, subterfuge or pretense whatsoever, charge, contract for or receive or participate as agent, broker or in any other capacity in charging, contracting for or receiving any interest, discount or consideration greater than six percent (6%) per annum upon any loan in the amount of or the value of *fifteen* [~~two~~] thousand dollars *($15,000)* [~~($2,000)~~].

(2) Any loan in the amount of *fifteen* [~~two~~] thousand dollars *($15,000)* [~~($2,000)~~] or less for which there has been charged, contracted for or received a greater rate of interest, discount or consideration, except as provided for by statute, is against the public policy of this state.

(3) No such loan made outside this state shall be enforced in the state and every person participating therein in this state shall be subject to the provisions of this chapter, but this section does not apply to loans legally made in any state, country, commonwealth, territory or district.

Section 2. KRS 157.280 is amended to read as follows:

(1) If the number of children of school age in one (1) classification of exceptionality in a district is not sufficient to justify a special education program for that exceptionality in that district, or if a school district does not provide a special education program for that exceptionality, the board shall provide a program by contract with another county or independent district or private organization that maintains a special education program approved by the state board *of* [~~for elementary and secondary~~] education for that exceptionality, the cost of which shall not exceed the amount designated by the state department of education for a child of that particular exceptionality. When a district or private organization undertakes, under operation of a tuition contract or of law, to provide in its classes for these pupils residing in another district, the district of residence of these pupils shall share the total cost of the special education program in proportion to the number of pupils or in accordance with contract agreement between the two (2) districts or district and private organization.

(2) The school board of the school district in which any child resides shall pay for his transportation to and from the program in the other school district or to the private organization. However, if the school board of the other district or the private organization providing the program also provides transportation, the cost of transportation shall be included in the total cost.

(3) If a child of school age is admitted for resident instruction at the Kentucky School for the Deaf or the Kentucky School for the Blind, under regulation of the state board *of* [~~for elementary and secondary~~] education and under provisions of KRS 167.015 to 167.170, the district in which the child resides shall provide transportation to and from the school on a regularly scheduled basis, at intervals of no less than once each month while the child is enrolled, either by individual district or in cooperation with other school districts on a regional basis, as approved by the state board *of* [~~for elementary and secondary~~] education upon recommendation of the superintendent of public instruction.

The Committee on Judiciary-Criminal reported **HB 54** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 54, AN ACT relating to children.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 208.192 is amended to read as follows:

(1) If child is not released as provided in subsection (3) of KRS 208.110, the child shall be taken without delay to the court or to the detention facility provided for under KRS 208.130. The officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention.

(2) When a child is detained for the alleged commission of an offense as provided in KRS 208.020(1)(a), (b), and (c) and not released, a hearing shall be held as soon as practical, but not to exceed seventy-two (72) hours, exclusive of *Saturday,* Sunday, and legal holidays, of the commencement of detention.

(3) The child shall be afforded all constitutionally guaranteed rights at every stage of the proceedings including, but not limited to notice of the charges, the privilege against self-incrimination, the right to confront and cross-examine witnesses and the right to counsel.

(4) The hearing shall address the following issues:

(a) If there is probable cause to believe that an offense has been committed and that the accused child committed that offense. The Commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence, and if it should fail to establish such probable cause, the child shall be released and the complaint dismissed;

(b) Whether further detention is necessary to assure the safety of the child, protection of the community, and the appearance of the child in court;

(c) In determining detention for offenses provided in KRS 208.020, the court shall consider the seriousness of the alleged offense; the possibility that the child would commit an offense dangerous to himself or the community pending disposition of the original offense; the child's prior record, if any; and whether there are charges pending against the child in another jurisdiction;

(d) In determining detention for offenses provided in KRS 208.020(1)(b) and (c), the court shall consider the availability of a parent, guardian or responsible adult, court-appointed supervisory or probation personnel, or foster care or emergency shelter care facilities that would insure the control and safety of the child; and the availability of adequate and secure detention facilities which would provide segregated detention for the child. Secure detention for status offenders is to be used in only those cases when the court is of the opinion that other alternatives are either not available or cannot provide the degree of control and safety necessary to assure the safety and security of the child.

(5) If, after completion of the detention hearing the court is of the opinion that detention is necessary, the order shall state in writing the specific reasons for detention and the nature of the detention.

(6) Unless a hearing is held and the necessity for detention properly established, the child shall be released to the custody of its parent or other responsible persons pending further disposition of the case. A child shall have a right to counsel at any hearing determining its right to freedom pending the disposition of its case, and its parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.

(7) Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least seventy-two (72) hours prior to the initial hearing on the case.

Section 2. KRS 208E.040 is amended to read as follows:

(1) If the child is not released as provided in KRS 208E.010(3), the child shall be taken without delay to the court or to the detention facility provided for under KRS 208E.030. The officer shall as soon as possible thereafter make a written report to the court, stating the fact of such detention, the offense charged, and the reason why the child was not released to the parent or other responsible adult. Pending further disposition of the case, the court may release the child to the custody of the parent or other responsible person or may continue to hold the child in detention.

(2) When a child is detained for the alleged commission of an offense as provided in KRS 208A.030(1)(a) and not released, a hearing shall be held as soon as practical, but not to exceed seventy-two (72) hours, exclusive of *Saturday,* Sunday, and legal holidays, of the commencement of detention.

(3) The child shall be afforded all constitutionally guaranteed rights at every stage of the proceedings including, but not limited to notice of the charges, the privilege against self-incrimination, the right to confront and cross-examine witnesses and the right to counsel.

(4) The hearing shall address the following issues:

(a) If there is probable cause to believe that an offense has been committed and that the accused child committed that offense. The Commonwealth shall bear the burden of proof and it shall be by a preponderance of the evidence, and if it should fail to establish such probable cause, the child shall be released and the complaint dismissed;

(b) Whether further detention is necessary to assure the safety of the child, protection of the community, and the appearance of the child in court;

(c) In determining detention for offenses provided in KRS 208A.030(1)(a), the court shall consider the seriousness of the alleged offense; the possibility that the child would commit an offense dangerous to himself or the community pending disposition of the original offense; the child's prior record, if any; and whether there are charges pending against the child in another jurisdiction;

(5) If, after completion of the detention hearing the court is of the opinion that detention is necessary, the order shall state in writing the specific reasons for detention and the nature of the detention.

(6) Unless a hearing is held and the necessity for detention properly established, the child shall be released to the custody of his parent or other responsible persons pending further disposition of the case. A child shall have a right to counsel at any hearing determining his right to freedom pending the disposition of his case, and his parents or other responsible person shall have a right to attend the hearing if such attendance will not unnecessarily delay the hearing. Any person aggrieved by a proceeding under this subsection may proceed by habeas corpus to the circuit court.

(7) Whether the child is released before or after a hearing, or is detained as a result of such hearing, the child and his parents, relative, guardian, or custodian shall be given written notice of the time and place of the adjudicative hearing concerning the child and an account of the specific charges against the child, including the specific statute alleged to have been violated. Such notice shall be given at least seventy-two (72) hours prior to the initial hearing on the case.

Money in hand shall be listed, assessed, and valued as of September 1 of each year. Shares of stock, notes, bonds, accounts, and other credits, whether secured by mortgage, pledge, or otherwise, or unsecured, and all interest in such property, unless otherwise provided by law shall be listed, assessed, and valued as of the beginning of business on January 1 of each year. All other taxable

It shall be the duty of all persons owning or having any interest in any property taxable in this state to list or have listed such property with the property valuation administrator of the county where it is located, between January 1 and March 1 in each year, except as otherwise provided by law. All persons in whose name property is properly assessed shall remain bound for the tax, notwithstanding they may have sold or parted with it.

The property valuation administrator shall maintain an inventory record of such tax-exempt property, but such property shall not be placed on the tax rolls. *A copy of this tax exempt inventory shall be filed annually with the department of revenue within thirty (30) days of the close of the taxing period. This inventory shall be in the form prescribed by the department of revenue.*

(6) Each property valuation administrator, under the direction of the department of revenue, shall review annually all real property listed with him under subsection (5) of this section and claimed to be exempt from taxation by section 170 of the constitution. Report of Committees

The Committee on Banking and Insurance reported **HB 194,** with Committee Substitute and Committee Amendment attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 194, AN ACT relating to banks.

WHEREAS, economic growth and development is essential to the Commonwealth of Kentucky and the welfare of its people; and

WHEREAS, a change in the banking structure of the state to permit bank holding companies to expand geographically beyond current limits can provide a vital link in the future growth and development of the Commonwealth; and

WHEREAS, commercial banks and bank holding companies are a primary source of capital funds and a change in the banking structure will provide Kentucky banks with the ability to access the national money and capital markets at the lowest possible cost, thereby assuring a more adequate source of funds for investment in economic development, growth and future technological innovations and services; and

WHEREAS, banking and the entire financial services industry is undergoing dynamic and fundamental change and today commercial banks and bank holding companies compete directly with many other providers of financial services including credit card issuers, money market funds, securities firms, investment banking companies, department stores, and cash management accounts to make but a few.

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

(1) Any bank holding company with its principal place of business in this state may acquire any other bank or bank holding company, except that a bank holding company may not acquire any of the shares of another bank which has been in existence less than five (5) years.

(2) No bank holding company may acquire any other bank or bank holding company if such acquisition would result in the bank holding company having control over more than twenty percent (20%) of the total deposits in all banks in Kentucky.

(3) No bank holding company may acquire more than three (3) banks during any year.

Section 2. KRS 287.030 is amended to read as follows:

(1) No persons as individuals or copartners shall engage in the business of private banking in this state.

(2) No bank or banking institution incorporated under the laws of another state shall transact any banking business in this state except to lend money.

(3) *Except as otherwise provided in this chapter,* no person shall, directly or indirectly, hold or own more than one-half of the capital stock of a bank or combined bank and trust company, exclusive of stock held as collateral, except that a person may own or acquire more than one-half of the capital stock of not more than one bank or combined bank and trust company, but no person who hereafter owns or acquires more than one-half of the capital stock of one bank or combined bank and trust company shall: (a) own or acquire directly or indirectly any capital stock in any other bank or combined bank and trust company domiciled in Kentucky, or (b) act as insurance agent or broker with respect to any insurance except credit life insurance, credit health insurance, insurance of the interest of a real property mortgagee in mortgaged property, other than title insurance; but there is no limitation on the amount of capital stock that may be held by the United States or by a corporation in which the United States owns or holds the majority of the stock. As used herein, "person" includes a natural person, partnership, corporation, association, business trust, voting trust, or similar organization. Any person, partnership, corporation, association, business trust, voting trust, or similar organization, or successor or successors thereto, may continue to hold or own capital stock of any bank or combined bank and trust company held or owned by such person or entity upon June 16, 1972, and may thereafter acquire such additional capital stock as is necessary to maintain the same percentage of ownership of capital stock which exists upon June 16, 1972.

(4) No bank incorporated under the laws of the Commonwealth of Kentucky shall make any loan or discount on the security of the shares of its own capital stock, nor be the purchaser or holder of any such shares, except that a bank may take property of any kind to satisfy or protect a loan previously made in good faith and in the ordinary course of business; and stock so purchased or acquired, shall, within six months from the time of its purchase, be sold or disposed of at public or private sale. This subsection shall not affect or modify in any way KRS 386.025, but said section shall remain in full force and effect.

Committee Substitute to **HB 194** is as follows:

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

(c) "Deposit" has the meaning accorded it in the Federal Deposit Insurance Act, as amended, and regulations promulgated thereunder; excluded, however, from deposits are all interbank deposits and all deposits in foreign branches and international banking facilities, as shown in the reports made by all banks to their respective supervisory authorities.

(2) Any bank holding company with its principal place of business in this state may acquire control of any other bank or bank holding company, except any bank holding company may not acquire control of any of the shares of another bank which has been in existence less than five (5) years at the time of such acquisition and which was chartered after January 31, 1982.

(3) No bank holding company may acquire control of any other bank or bank holding company if, upon such acquisition, such bank holding company would control banks holding more than twenty percent (20%) of the total deposits in all banks in Kentucky, as reported in the most recent year-end reports made by such banks to their respective supervisory authorities which are available at the time of such acquisition.

(4) No bank holding company may acquire control of more than three (3) banks during any twelve (12) month period.

(8) No bank incorporated under the laws of this state shall make any loan or discount on the security of the shares of its own capital stock, nor be the purchaser or holder of any such shares, except that a bank may take property of any kind to satisfy or protect a loan previously made in good faith and in the ordinary course of business; and stock so purchased or acquired shall, within six (6) months from the date of its purchase, be sold or disposed of at public or private sale. This subsection shall not affect or modify in any way KRS 386.025, but said section shall remain in full force and effect.

The president or cashier of any bank or trust company to which any person becomes indebted in violation of subsection (4) of KRS 287.440 shall immediately report such fact to the commissioner of banking and securities, who shall remove the person so offending.

(4) Any receiver of an insolvent institution who fails to comply with the provisions of this chapter shall be subject to the same penalties provided for solvent institutions and officers so offending.

(5) Any directors of a bank who knowingly violate, or knowingly permit any officer or employe of the bank to violate, any of the laws relating to banks, shall be jointly and severally liable to the creditors and stockholders for any loss or damage resulting from such violation. If the loss or damage is not made good within a reasonable time, the commissioner, with the consent of the attorney general, shall institute proceedings to revoke the corporate powers of the bank.

(6) Any deputy commissioner or any examiner who has knowledge of the insolvency or unsafe condition of a state bank or trust company, or that it is inexpedient to permit the bank or trust company to continue business, and who fails to immediately present a signed report of such facts to the commissioner, or who violates any of the provisions of this chapter, shall forfeit his office and shall be fined not less than one hundred ($100) nor more than two thousand dollars ($2,000) for each offense.

(8) Any bank or trust company that knowingly fails to make a report required by law or by the commissioner within the time designated for the making thereof, or fails to include in such report any matter required by law or by the commissioner, or fails to publish a report within thirty (30) days after it should have been published, or fails to pay when due the fees for filing reports or for an examination of the bank, shall be subject to a penalty of twenty-five dollars ($25.00) for each day of delinquency, but the aggregate penalty for each kind of offense shall not exceed two hundred and fifty dollars ($250).

(9) Each person, bank or trust company that wilfully makes or transmits a false report or refuses to submit its books, papers and assets for examination, or any officer of a bank who refuses to be examined under oath concerning the affairs of the bank, shall be severally fined not less than one hundred ($100) nor more than five hundred dollars ($500).

(10) Whenever any penalty imposed by subsections (4), (6), (7), (8), or (9) is not paid, the attorney general shall institute an action, in the name of the state, in the Franklin Circuit Court or the circuit court of the county in which the offense was committed, for the recovery of the penalty.

HB 44, AN ACT relating to motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189.340 is amended to read as follows:

(1) Vehicles overtaking other vehicles proceeding in the same direction shall pass to the left of them and shall not again drive to the right until reasonably clear of those vehicles. [~~The person operating or in charge of the overtaking vehicle shall sound his horn or other sound device before passing.~~] Vehicles overtaking street cars may pass either to the right or left when so directed by a police officer, when on a one-way street or where the location of the tracks prevents compliance with this section, with regard for other traffic.

(2) The operator of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a roadway with unobstructed pavement of sufficient width for two (2) or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(3) The operator of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movements in safety. Such movement shall not be made by driving off the roadway unless passing vehicle comes to a complete stop and such movement may be made safely.

(4) No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within one hundred feet (100') of any vehicle approaching from the opposite direction.

(5) The commissioner of highways is hereby authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones, and when such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.

(6) Whenever any roadway has been divided into three (3) clearly marked lanes for travel the following additional rules shall apply:

(a) A vehicle shall be driven as nearly as may be practical entirely within a single lane and shall not be moved from that lane until the driver has first ascertained that the movement can be made with safety;

(b) A vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and the center lane is clear of traffic within a safe distance, or in preparation for a left turn or where a center lane is at the time allocated exclusively to traffic moving in the direction in which the vehicle is proceeding and is signposted to give notice of the allocation;

(c) Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction and operators of vehicles shall obey the directions;of such signs.

(7) (a) The operator of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having regard for the speed of the vehicle and the traffic upon and condition of the highway.

(b) The operator of any motor truck, semitrailer truck, bus or heavy construction equipment unit when traveling upon a highway outside of a business or residential district shall not follow within 250 feet of another such vehicle or equipment unit. This subsection shall not prevent overtaking and passing, nor shall it apply to any lane specially designated for use of motor trucks or semitrailer trucks, buses or heavy construction equipment units.

(5) "Secretary" means the secretary of the department for human resources.

SECTION 2. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

SECTION 3. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) A long term care facility shall assure that during the visiting hours established in accordance with Section 1 of this Act, access to the facility is permitted for:

(a) Family members, guardians, and friends of an individual resident, as well as other persons who wish to visit one (1) or more residents and whose purpose is other than the unsolicited sale of a product or service;

(b) Individuals representing community organizations or service agencies who will provide, free of charge, a service or educational program to residents;

(c) An employe or representative of any private nonprofit corporation or association that qualifies for tax-exempt status under Section 501(a) of the Internal Revenue Code of 1954, 26 U.S.C.A. 1, as amended, whose purposes include counseling residents in resolving problems and complaints concerning their care and treatment, and assisting the residents in securing adequate services to meet their needs.

(2) Persons assured access to a long term care facility pursuant to this section shall have the right to enter the facility without prior notice, meet with one (1) or more residents, and observe the operation of the facility as it affects the resident. Such authority shall not include the right to examine the financial records of the facility without the consent of the administrator, nor the clinical and financial records of any resident without the prior consent of the resident or the resident's guardian or committee.

(3) Persons assured access to a long term care facility pursuant to this section shall:

(a) Upon entering such facility, promptly advise the administrator or his designated representative of their presence;

(b) Not enter the living area of any resident without identifying themselves to the resident.

(4) Individual residents shall have the right to terminate or deny any visit to them by persons assured access to the facility pursuant to this section.

(5) Nothing in this section shall be construed to limit access to a long term care facility by any representative of the department or by any representative or employe of any local government entity that has a responsibility regarding residents of long term care facilities or by the legal guardian of any individual resident.

SECTION 4. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Every long term care facility shall post in a conspicuous place, accessible to residents, employes and visitors the following:

(a) A copy of the long term care facility's current license;

(b) The name, address, and current telephone number of the current long term care ombudsman in the department;

(c) A copy of the statement required by subsection (1) of Section 5 of this Act;

(d) A list of the material available for public inspection required by Section 6 of this Act; and

(e) The current rating assigned to the facility by the department.

SECTION 5. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) The department shall prepare a statement of the requirements of Sections 2 and 3 of this Act which shall become part of the public notice required to be posted in each facility in accordance with Section 4 of this Act.

(2) All long term care facilities shall provide every resident, upon admission, with a personal copy of the statement required in subsection (1) of this section. In the case of current residents, a statement shall be provided within ninety (90) days after the effective date of this Act.

SECTION 6. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

All long term care facilities shall retain the following for public inspection in the office of the administrator and in the lobby of the facility:

(1) A complete copy of every inspection report of the facility received from the department during the past five (5) years, including the most recent inspection report;

(2) (a) A description of the services currently provided by the facility;

(b) A listing of the rates currently charged for services provided by the facility; and

(c) A listing together with the charges for the services and items not included in the basic rate for which residents may be charged separately;

(3) A copy of every court order issued pertaining to the quality of care or services provided in the facility.

SECTION 7. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) The department shall develop and implement a system for rating the quality of care provided by all long term care facilities and shall promulgate rules and regulations establishing uniform criteria for the evaluation of long term care facilities based on their compliance with licensure and statutory requirements in at least the following areas as relates to the particular level of care:

(a) Administration;
(b) Nursing service;
(c) Dietary and nutritional services;
(d) Life safety code;
(e) Physical environment;
(f) Physical and restorative therapy;
(g) Social services and activities;
(h) Drugs and biologicals;
(i) Medical services;
(j) Patient rights; and
(k) Record keeping.

(2) The department shall categorize areas listed in subsection (1) of this section into two (2) levels. Areas designated by the department as "level A" shall be those areas which are essential to maintaining the health, safety, or security of patients. Areas designated by the department as "level B" shall be those areas which are less directly related to the health, safety, or security of residents but which are important to the overall quality of care and services provided by long term care facilities. In promulgating regulations pursuant to the provisions of this section, the department may divide the areas listed in subsection (1) of this section into subareas for the purpose of appropriate categorization according to levels A and B.

(3) The department shall, on an annual basis, evaluate all long term care facilities in the Commonwealth and make a determination as to the degree of compliance by each facility with minimum standards under this section and the regulations promulgated thereunder as a basis for assigning a rating to each facility. The department shall base its evaluation on the most recent annual licensure inspection report, taking into consideration findings from other official reports, surveys, interviews, investigations, and inspections.

(4) In order to achieve a superior rating, a long term care facility shall exceed minimum standards in a majority of all levels designated in subsection (1) of this section and shall comply with the minimum standards for the remaining levels. Within a period of time specified by the department, any deficient level A or B area may be corrected by a long term care facility in order to qualify for a superior rating. A facility receiving a superior rating shall have the words "superior facility" marked in block letters not less than one (1) inch in height on its license. A facility which meets, but does not exceed, minimum standards shall receive an unrated license. A facility which is not in compliance with minimum standards shall receive a conditional rating and shall have the words "conditional rating" marked in block letters not less than one (1) inch in height on its license. Such facilities shall be rated as "conditional" from the time of the rating inspection until such time as the department finds the facility in compliance with minimum standards. Facilities receiving a conditional rating shall prepare, within ten (10) working days of the assignment of a rating, a plan for correction of all deficiencies and shall submit the plan to the department for approval. Correction of all deficiencies, within the period approved by the department, shall result in the termination of the conditional rating. Any deficiency that is classified as a type A or B violation shall result in the imposition of sanctions pursuant to Section 9 of this Act.

(5) In making its determination as to the degree of compliance with the areas specified by subsection (1) of this section and the overall quality of care and services in a long term care facility, the department shall consider the results of interviews and surveys of a representative sampling of residents, families of residents, ombudsman committee members in the district in which the facility is located, guardians of residents, and staff of the long term care facility.

(6) If at any time during the rating year the department finds a facility out of compliance with minimum standards under this section, the department may alter a facility's rating pursuant to subsection (4) of this section.

SECTION 8. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

All long term care facilities shall have the right to appeal the assignment of a particular rating to the department as provided in Section 14 of this Act.

SECTION 9. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

If upon inspection or investigation the department determines that a long term care facility has violated the regulations, standards, and requirements as set forth by the department pursuant to Section 7 of this Act or the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act and such *violation has been classified in Section 10 of this Act, the department shall immediately issue a citation to the licensee of the long term care facility. Each notice of violation shall be prepared in writing and shall specify the nature of the violation, and the statutory provision or regulation alleged to have been violated.*

SECTION 10. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Citations issued pursuant to this Act shall be classified according to the nature of the violation as follows:

(1) Type "A" violation means a violation by a long term care facility of the regulation, standards, and requirements as set forth by the department pursuant to Sections 7 and 12 of this Act, or the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act, which presents an imminent danger to any resident of a long term care facility or a risk that death or serious mental or physical harm to a resident will occur. A type A violation shall be abated or eliminated immediately, unless a fixed period of time not to exceed ten (10) days, as determined by the department, is required for correction. A type A violation is subject to a civil penalty in an amount not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000) for each and every violation.

(2) Type "B" violation means a violation by a long term care facility of the regulations, standards and requirements as set forth by the department pursuant to Sections 7 and 12 of this Act, or the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act, which presents a direct or immediate relationship to the health, safety or security of any resident, but which does not create an imminent danger. A type B violation is subject to a civil penalty in an amount not less than one hundred dollars ($100) nor more than five hundred dollars ($500) for each and every violation. A citation for a type B violation shall specify the time within which the violation is required to be corrected as approved or determined by the department. If a type B violation is corrected within the time specified, no civil penalty shall be imposed.

SECTION 11. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) Where a licensee has failed to correct a type A violation within the time specified for correction by the department, the department shall assess the licensee a civil penalty in the amount of five hundred dollars ($500) for each day that such deficiency continues beyond the date specified for correction.

(2) Where a licensee has failed to correct a type B violation within the time specified for correction by the department, the department shall assess the licensee a civil penalty in the amount of two hundred dollars ($200) for each day that such deficiency continues beyond the date specified for correction.

(3) The civil penalties authorized by this Act shall be trebled when a licensee has received a citation for violating a statute or regulation which it has received a citation for during the previous twelve (12) months.

(4) Payment of penalties shall not be made from monies used for direct patient care nor shall the payment of penalties be a reimbursable cost under Medicaid or Medicare.

(5) KRS 216.990 shall not apply to the offenses defined herein.

(6) All administrative fines collected by the department pursuant to this Act shall be deposited in a revolving account, which is hereby created, and shall be used for the administration of this Act.

SECTION 12. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

The department shall, upon consultation with industry, professional and consumer groups affected by this Act, publish proposed regulations setting forth the criteria and, where feasible, the specific acts that constitute type A and B violations as specified by this Act.

SECTION 13. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

In determining the amount of the initial penalty to be imposed under this Act, the department shall consider at least the following factors:

(1) The gravity of the violation, including the probability that death or serious physical or mental harm to a resident will result or has resulted; the severity of the actual or potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;

(2) The reasonable diligence exercised by the licensee and efforts to correct violations;

(3) The number and type of previous violations committed by the licensee; and

(4) The amount of assessment necessary to insure immediate and continued compliance.

SECTION 14. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) The manner in which appeals are presented from any decision on ratings, citations or penalties pursuant to this Act shall be in accordance with regulations prescribed by the secretary for determining the rights of the parties, such hearings to be conducted in a summary manner. A complete record shall be kept of all proceedings in connection with any appeal.

(2) The secretary shall appoint one (1) or more impartial hearing officers to hear and decide upon appealed decisions. The decision of the hearing officer shall be the final decision of the department. No hearing officer shall participate in any hearing in which he is an interested party.

SECTION 15. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) Within twenty (20) days after the date of the decision of the hearing officer, any party aggrieved thereby may secure judicial review thereof by filing a complaint against the department in the Franklin circuit court. The complaint shall state fully the grounds upon which review is sought, assign all errors relied on, and shall be verified by the plaintiff or his attorney.

(2) Summons shall issue upon the complaint directing the department to file an answer within twenty (20) days after service thereof. Such summons will be served upon such person as the department shall designate. The department may be represented by any qualified attorney designated by it for that purpose or, at the request of the secretary, by the attorney general. With its answer, the department shall certify and file as an exhibit with the court all documents and papers, and a transcript of all testimony taken in the matter, and orders made therein, together with the findings of fact and conclusions of law made by the hearing officer. If consented to by the plaintiff, an abstract of any portion of the record may be certified by the department in place of certifying such portion of the record in full. The department may certify to the court questions of law involved in any decisions by it.

(3) Such actions, and the questions so certified, shall be heard by the court in a summary manner upon the record certified by the department. The court on its own motion or on the motion of an interested party shall assign a date certain for the review. The clerk of the court shall notify the attorneys of record, the date assigned for the review at least ten (10) days in advance thereof. The court shall enter judgment, affirming, modifying, or setting aside the order and the decision appealed from or determining the question of law certified to it by the department, and may in advance of judgment, remand the case to the department for further proceedings in accordance with the direction of the court.

(4) An appeal may be taken from the decision of the circuit court to the Court of Appeals, in the same manner, but not inconsistent with the provisions of this chapter, as is provided in equity cases.

(5) An appeal of a decision on ratings, citations, or penalties shall stay the enforcement of any penalty by the department against the licensee until such time as a final decision of the department. A petition for judicial review of the department's final decision shall act as a stay of enforcement of any penalty by the department. Upon final determination of such judicial proceeding, the department shall enter an order in accordance with such determination.

(6) Upon the failure of a party aggrieved by a decision of the hearing officer to secure judicial review in accordance with subsection (1) of this section, the department shall have authority to file an action to enforce the decision of the hearing officer in the Franklin circuit court.

SECTION 16. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

The department may institute injunctive proceedings in circuit court to enforce the provisions of this Act or to terminate the operation of a long term care facility where any of the following exists:

(1) Failure of the licensee to take appropriate action to correct a Type A or B violation; or

(2) Failure of the licensee to abide by any final order of the department once it has become effective and binding.

Such injunctive relief may include temporary and permanent injunction.

SECTION 17. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Any employe of the department who gives or causes to be given any advance notice to any long term care facility, directly or indirectly, that an inspection or investigation is under consideration or is impending, unless specifically mandated by federal or state regulations to give advance notice, may be subject to dismissal, suspension or demotion.

SECTION 18. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Upon a finding that conditions in a long term care facility constitute a Type A violation, and the licensee fails to correct the violation within the time specified for correction by the department, the secretary shall take at least one (1) of the following actions with respect to the facility in addition to the issuance of a citation, or the assessment of a civil penalty therefor:

(1) Institute proceedings to obtain an order compelling compliance with the regulations, standards, or requirements as set forth by the Kentucky health facilities and health services certificate of need and licensure board, the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act;

(2) Institute injunctive proceedings in circuit court to terminate the operation of the facility;

(3) Selectively transfer residents whose care needs are not being adequately met by the long term care facility; or

(4) Initiate an action to place the long term care facility in receivership as provided in Section 20 of this Act.

SECTION 19. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) Upon the request of a resident or the resident's legal guardian, or upon his own initiative, the secretary may file an application in Franklin circuit court to appoint a receiver for a long term care facility. Such application shall state the conditions in the facility that constitute the grounds for appointment of a receiver pursuant to Section 20 of this Act. The court shall hold a hearing not later than ten (10) days after the date the application is filed. Notice of such hearing shall be served upon the owner of such facility not less than five (5) days prior to such hearing. Such notice shall be posted by the court in a conspicuous place inside the facility for not less than three (3) days prior to such hearing.

(2) Notwithstanding the provisions of subsection (1) of this section, the court may appoint a receiver upon an ex parte motion when affidavits, testimony or any other evidence presented indicates that there is a reasonable likelihood an emergency exists in such facility which must be remedied immediately to insure the health, safety and welfare of the residents of such facility. Notice of the application and order shall be served on the owner of the facility and shall be posted in a conspicuous place inside the facility not later than twenty-four (24) hours after issuance of such order. A hearing on the application shall be held not later than five (5) days after the issuance of such order unless the owner of the facility consents to a later date.

SECTION 20. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Following a hearing at which interested parties may present evidence, the court may grant an application for the appointment of a receiver for a long term care facility upon a finding that suitable alternatives are not available and of any of the following:

(1) Such facility intends to close and adequate arrangements for relocation of its residents have not been made at least thirty (30) days prior to closing;

(2) There exists in such facility a condition in substantial violation of the regulations, standards, and requirements as set forth by the department pursuant to Sections 7 and 12 of this Act, or the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act;

(3) There exists in such facility a practice of habitual violation of the standards established by the statutes and regulations designated in subsection (2) of this section which presents a reasonable likelihood of serious physical or mental harm to residents of such facility;

(4) Such facility is operating without a license as required pursuant to KRS 216B.105 or such facility's license has been suspended or revoked by the Kentucky health facilities and health services certificate of need and licensure board.

SECTION 21. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) A receiver appointed pursuant to Section 21 of this Act shall have the same powers as a receiver as set forth in KRS 425.600, except as provided in this section. The receiver shall exercise the powers to remedy the conditions which constituted the grounds for the imposition of receivership, assure adequate health care for the residents, and preserve the assets and property of the owner. These powers include, but are not limited to, the authority to utilize private and third party reimbursements, including that received from the Medicare and Medicaid programs.

(2) The receiver shall have full power to direct and manage and to discharge employes of the facility, subject to any contract rights they may have. The receiver shall pay employes at a rate of compensation, including benefits, approved by the court. Receivership does not relieve the owner of any obligation to employes made prior to the appointment of a receiver and not carried out by the receiver.

(3) If a facility is placed in receivership it shall be the duty of the receiver to notify the residents, unless medically contraindicated, and their families or legal guardian of the receivership. Such receiver may correct or eliminate any deficiency in the structure or furnishings of the facility which endangers the health or safety of the residents while they remain in the facility, provided the total cost of correction does not exceed three thousand dollars ($3,000). The court may order expenditures for this purpose in excess of three thousand dollars ($3,000) on application from such receiver.

(4) If any resident is transferred or discharged such receiver shall provide for:

(a) Transportation of the resident and such resident's possessions and medical records to the place where such resident is being transferred or discharged;

(b) Assistance in locating an alternative placement and discharge planning;

(c) Preparation for transfer to alleviate transfer trauma, including but not limited to, participation by the resident or the resident's legal guardian in the selection of the resident's alternative placement, explanation of alternative placements and orientation concerning the placement chosen by the resident or the resident's legal guardian; and

(d) Custodial care of all property or assets of residents which are in the possession of the facility. The receiver shall preserve all property, assets, and records of residents which the receiver has custody of and shall provide for the prompt transfer of the property, assets, and records to the alternative placement for any transferred resident.

(5) In no event may the receiver transfer all residents and close a facility without a court order and without preparing a discharge plan for each resident.

SECTION 22. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) A receiver may not be required to honor any lease, mortgage, secured transaction or other contract entered into by the owner of the facility if, upon application to the circuit court, said court determines that;

(a) The person seeking payment under the agreement was an owner or controlling stockholder of the facility or was an affiliate of such owner or controlling stockholder at the time the agreement was made;

(b) The rental, price, or rate of interest required to be paid under the agreement was substantially in excess of a reasonable rental, price, or rate of interest at the time the contract was entered into; or

(c) The services or goods provided by contract were in fact, not provided, or resulted in noncompliance with applicable state or federal laws and regulations.

(2) If the receiver is in possession of real estate or goods subject to a lease, mortgage or security interest which the receiver is permitted to avoid under subsection (1) of this section, and if the real estate or goods are necessary for the continued operation of the facility under this Act, the receiver may apply to the court to set a reasonable rental, price, or rate of interest to be paid by the receiver during the duration of the receivership. The court shall hold a hearing not later than fifteen (15) days after application is made. Any known owners of the property involved shall receive notice of such application from the receiver at least ten (10) days prior to the hearing. Payment by the receiver of the amount determined by the court to be reasonable is a defense to any action against the receiver for payment or for possession of the goods or real estate subject to the lease, security interest or mortgage involved by any person who received such notice, but the payment does not relieve the owner of the facility of any liability for the difference between the amount paid by the receiver and the amount due under such lease, security interest or mortgage involved.

(3) The provisions of this section shall not apply to a lease, mortgage, secured transaction or other contract entered into with any financial institution regulated by a state or federal agency.

SECTION 23. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) Together with the petition for receivership, the secretary shall submit to the court a list of individuals who meet the qualifications for those who serve as receivers for long term care facilities as set forth in regulations established by the secretary. The court may name any individual to act as a receiver whose name appears upon that list with the exception of the owner, administrator or other person or agent with a financial interest in the long term care facility subject to the receivership. Neither the secretary nor any employe of the department shall be named a receiver at any time.

(2) The receiver may not be liable for any injury to person or property by reason of the condition of the long term care facility. He shall only be liable for acts or omissions constituting negligence in the fulfillment of his duties as a receiver.

(3) Before taking control of the long term care facility, the receiver shall file a bond in the court in which the receiver was appointed. The penalty of the bond may not be greater than the aggregate value of the facility and its assets. The receiver shall be entitled to pay and be allowed the cost of the premium of the bond out of the income of the facility, unless the court directs otherwise.

(4) The receiver shall report to the court in the form and manner required by the court.

(5) A receiver appointed pursuant to this Act shall be entitled to a reasonable receiver's fee as determined by the court, payable out of the income of the facility.

SECTION 24. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) The owner of a long term care facility, the receiver of such facility, or the secretary may petition the court to terminate the receivership. The court may terminate the receivership if it finds after a hearing at which interested parties may present evidence that the facility has been rehabilitated so that the violation complained of no longer exists, or if the receivership was instituted pursuant to subsection (1) of Section 20 of this Act, the orderly transfer of the residents has been completed and the facility is ready to be closed.

(2) The sale of the long term care facility or any of its assets may not terminate the receivership.

(3) Unless terminated sooner, a receivership shall automatically terminate upon the expiration of one (1) year after the date of the court order instituting it. The court may extend the receivership for up to one (1) additional year if the secretary requests an extension and the court finds after a hearing at which interested parties may present evidence that the grounds for appointment of a receiver as set forth in Section 20 of this Act still exist.

(4) The secretary may petition the court for the appointment of a new receiver if the death, disability, or adverse interest of the receiver can be shown, or if there is lack of reasonable progress in accomplishing the purpose of the receivership.

SECTION 25. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

There is hereby created a long term care coordinating council within the department for administrative purposes only.

SECTION 26. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

The long term care coordinating council shall be composed of the following members from within the department: the commissioner of the bureau for health services; the commissioner of the bureau for social services; the commissioner of the bureau for social insurance; the inspector general; the director of the division for licensing and regulation; the director of the division for aging services; the director of the medical assistance program; and the long term care ombudsman.

SECTION 27. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

SECTION 28. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

The long term care coordinating council shall have the following duties:

(c) An overview of the activities of the council; and

(d) Recommendations for improving the quality and delivery of long term care services in the Commonwealth.

Section 29. KRS 216.515 is amended to read as follows:

Every resident in a long-term care facility shall have at least the following rights:

(1) Before admission to a long-term care facility, the resident and his responsible family member or his guardian or his committee shall be fully informed in writing as evidenced by the resident's written acknowledgment and that of his responsible family member or his guardian or his committee of all services available at the long-term care facility. Every long-term care facility shall keep the original document of each written acknowledgment in the resident's personal file.

(2) Before admission to a long-term care facility, the resident and his responsible family member or his guardian or his committee shall be fully informed in writing, as evidenced by the resident's written acknowledgment and that of his responsible family member or his guardian or his committee of all resident's responsibilities and rights as defined in KRS 216.515 to 216.530. Every long-term care facility shall keep the original document of each written acknowledgment in the resident's personal file.

(3) The resident and his responsible family member or his guardian or his committee shall be fully informed in writing, as evidenced by the resident's written acknowledgment and that of his responsible family member, or his guardian or his committee prior to or at the time of admission and quarterly during the resident's stay at the facility of all service charges for which the resident and his responsible family member or his guardian or his committee are responsible for paying. The resident and his responsible family member or his guardian or his committee shall have the right to file complaints concerning charges which they deem unjustified to appropriate local and state consumer protection agencies. Every long-term care facility shall keep the original document of each written acknowledgment in the resident's personal file.

(4) The resident shall be transferred or discharged only for medical reasons, or his own welfare, or that of the other residents, or for nonpayment, except where prohibited by law or regulation. Reasonable notice of such action shall be given to the resident and his responsible family member or his guardian or his committee.

(5) All residents shall be encouraged and assisted throughout their periods of stay in long-term care facilities to exercise their rights as a resident and a citizen, and to this end may voice grievances and recommend changes in policies and services to facility staff and to outside representatives of their choice, free from restraint, interference, coercion, discrimination or reprisal.

(6) All residents shall be free from mental and physical abuse, and free from chemical and physical restraints except in emergencies or except as thoroughly justified in writing by a physician for a specified and limited period of time and documented in the resident's medical record.

(7) All residents shall have confidential treatment of their medical and personal records. Each resident and his responsible family member or his guardian or his committee shall approve or refuse the release of such records to any individuals outside the facility, except as otherwise specified by statute or regulation.

(8) Each resident may manage the use of his personal funds. If the facility accepts the responsibility for managing the resident's personal funds as evidenced by the facility's written acknowledgment, proper accounting and monitoring of such funds shall be made. This shall include each facility giving quarterly itemized statements to the resident and his responsible family member or his guardian or his committee which detail the status of the resident's personal funds and any transactions in which such funds have been received or disbursed. The facility shall return to the resident his valuables, personal possessions and any unused balance of monies from his account at the time of his transfer or discharge from the facility. In case of death or for valid reasons when he is transferred or discharged the resident's valuables, personal possessions and funds that the facility is not liable for shall be promptly returned to the resident's responsible family member, or his guardian, or his committee, or his executor.

(9) If a resident is married, privacy shall be assured for spouse's visits and if they are both residents in the facility, they may share the same room unless they are in different levels of care or unless medically contraindicated and documented by a physician in the resident's medical record.

(10) Residents shall not be required to perform services for the facility that are not included for therapeutic purposes in their plan of care.

(11) Residents may associate and communicate privately with persons of their choice and send and receive personal mail unopened.

(12) Residents may retain the use of their personal clothing unless it would infringe upon the rights of others.

(13) No responsible resident shall be detained against his will. Residents shall be permitted and encouraged to go outdoors and leave the premises as they wish unless a legitimate reason can be shown and documented for refusing such activity.

(14) Residents shall be permitted to participate in activities of social, religious, and community groups at their discretion.

(15) Residents shall be assured of at least visual privacy in multi-bed rooms and in tub, shower, and toilet rooms.

(16) The resident and his responsible family member or his guardian or his committee shall be permitted the choice of a physician.

(17) If the resident is adjudicated incompetent in accordance with state law, the resident's guardian or committee shall act on the resident's behalf in order that his rights be implemented.

(18) Each resident shall be treated with consideration, respect, and full recognition of his dignity and individuality, including privacy in treatment and in care for his personal needs.

(19) Every resident and his responsible family member or his guardian or his committee has the right to be fully informed of the resident's medical condition unless medically contraindicated and documented by a physician in the resident's medical record.

(20) Residents have the right to be suitably dressed at all times and given assistance when needed in maintaining body hygiene and good grooming.

(21) Residents shall have access to a telephone at a convenient location within the facility for making and receiving telephone calls.

(22) The resident's responsible family member or his guardian or his committee shall be notified immediately of any accident, sudden illness, disease, unexplained absence, or anything unusual involving the resident.

(23) Residents have the right to have private meetings with the appropriate long-term care facility inspectors from the department for human resources.

(24) Each resident and his responsible family member or his guardian or his committee has the right to have access to all inspection reports on the facility.

(25) The above-stated rights shall apply in all cases unless medically contraindicated and documented by a physician in writing in the resident's medical record.

(26) Any resident whose rights as specified in this section are deprived or infringed upon shall have a cause of action against any facility responsible for the violation. The action may be brought by the resident or his guardian. The action may be brought in any court of competent jurisdiction to enforce such rights and to recover actual and punitive damages for any deprivation or infringement on the rights of a resident. Any plaintiff who prevails in such action against the facility may be entitled to recover reasonable attorney's fees, costs of the action and damages, unless the court finds the plaintiff has acted in bad faith, with malicious purpose, or that there was a complete absence of justifiable issue of either law or fact. Prevailing

defendants may be entitled to recover reasonable attorney's fees. The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to a resident and to the department.

(c) A listing together with the charges for the services and items not included in the basic rate for which residents may be charged separately;

(3) A copy of every court order issued pertaining to the quality of care or services provided in the facility.

(4) Nothing in this section shall be construed to limit access to public records otherwise allowed pursuant to the provisions of KRS 61.872 to 61.884.

SECTION 7. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) The department shall develop and implement a system for rating the quality of care provided by all long term care facilities and, within six (6) months of the effective date of this Act, shall promulgate rules and regulations establishing uniform criteria for the evaluation of long term care facilities based on their compliance with licensure and statutory requirements in at least the following areas as relates to the particular level of care:

(a) Administration;
(b) Nursing service;
(c) Dietary and nutritional services;
(d) Life safety code;
(e) Physical environment;
(f) Physical and restorative therapy;
(g) Social services and activities;
(h) Drugs and biologicals;
(i) Medical services;
(j) Patient rights; and
(k) Record keeping.

Such regulations shall take into consideration the differences between types of long term care facilities defined in Section 1 of this Act. No rating shall be assigned until such regulations are effective pursuant to KRS Chapter 13.

(2) The department shall categorize areas listed in subsection (1) of this section into two (2) levels. Areas designated by the department as "level I" shall be those areas which are essential to maintaining the health, safety, or security of patients. Areas designated by the department as "level II" shall be those areas which are less directly related to the health, safety, or security of residents but which are important to the overall quality of care and services provided by long term care facilities. In promulgating regulations

pursuant to the provisions of this section, the department may divide the areas listed in subsection (1) of this section into subareas for the purpose of appropriate categorization according to levels I and II.

(3) The department shall, at the time of the annual licensure inspection, evaluate all long term care facilities in the Commonwealth and make a determination as to the degree of compliance by each facility with minimum standards under this section and the regulations promulgated thereunder as a basis for assigning a rating to each facility. The department shall base its evaluation on the most recent annual licensure inspection report, taking into consideration findings from other official reports, surveys, interviews, investigations, and inspections.

(4) In order to achieve a superior rating, a long term care facility shall exceed minimum standards in a majority of all levels designated in subsection (1) of this section and shall comply with the minimum standards for the remaining levels. Within a period of time specified by the department, any deficient level A or B area may be corrected by a long term care facility in order to qualify for a superior rating. A facility receiving a superior rating shall have the words "superior facility" marked in block letters not less than one (1) inch in height on its license. A facility which meets, but does not exceed, minimum standards shall receive an unrated license. A facility which is not in compliance with minimum standards shall receive a conditional rating and shall have the words "conditional rating" marked in block letters not less than one (1) inch in height on its license. Such facilities shall be rated as "conditional" from the time of the rating inspection until such time as the department finds the facility in compliance with minimum standards. Facilities receiving a conditional rating shall prepare, within ten (10) working days of the assignment of a rating, a plan for correction of all deficiencies and shall submit the plan to the department for approval. Correction of all deficiencies, within the period approved by the department, shall result in the termination of the conditional rating. Any deficiency that is classified as a type A or B violation shall result in the imposition of sanctions pursuant to Section 9 of this Act.

(5) In making its determination as to the degree of compliance with the areas specified by subsection (1) of this section and the overall quality of care and services in a long term care facility, the department shall consider the results of interviews and surveys of a representative sampling of residents, families of residents, ombudsman committee members in the district in which the facility is located, guardians of residents, and staff of the long term care facility.

(6) If at any time during the rating year the department finds a facility out of compliance with minimum standards under this section, the department may alter a facility's rating pursuant to subsection (4) of this section.

SECTION 8. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

All long term care facilities shall have the right to appeal the assignment of a particular rating to the department within twenty (20) days after final notice of its assignment pursuant to Section 14 of this Act. If the assignment of a rating is appealed to the department, no rating shall be posted in the facility until such time as a final decision of the department.

SECTION 9. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

If upon inspection or investigation the department determines that a long term care facility has violated the regulations, standards, and requirements as set forth by the department pursuant to Section 7 of this Act or the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act and such violation has been classified in Section 10 of this Act, the department shall immediately issue a citation to the licensee of the long term care facility. Each notice of violation shall be prepared in writing and shall specify the nature of the violation, and the statutory provision or regulation alleged to have been violated.

SECTION 10. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Citations issued pursuant to this Act shall be classified according to the nature of the violation as follows:

(1) Type "A" violation means a violation by a long term care facility of the regulation, standards, and requirements as set forth by the department pursuant to Sections 7 and 12 of this Act, or the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act, which presents an imminent danger to any resident of a long term care facility or a risk that death or serious mental or physical harm to a resident will occur. A type A violation shall be abated or eliminated immediately, unless a fixed period of time not to exceed ten (10) days, as determined by the department, is required for correction. A type A violation is subject to a civil penalty in an amount not less than one thousand dollars ($1,000) nor more than five thousand dollars ($5,000) for each and every violation.

(2) Type "B" violation means a violation by a long term care facility of the regulations, standards and requirements as set forth by the department pursuant to Sections 7 and 12 of this Act, or the provisions

of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act, which presents a direct or immediate relationship to the health, safety or security of any resident, but which does not create an imminent danger. A type B violation is subject to a civil penalty in an amount not less than one hundred dollars ($100) nor more than five hundred dollars ($500) for each and every violation. A citation for a type B violation shall specify the time within which the violation is required to be corrected as approved or determined by the department. If a type B violation is corrected within the time specified, no civil penalty shall be imposed.

SECTION 11. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) Where a licensee has failed to correct a type A violation within the time specified for correction by the department, the department shall assess the licensee a civil penalty in the amount of five hundred dollars ($500) for each day that such deficiency continues beyond the date specified for correction. Application for an extension of time, not to exceed ten (10) days, may be granted by the department upon a showing by the licensee that adequate arrangements have been made to protect the health and safety of the residents.

(2) Where a licensee has failed to correct a type B violation within the time specified for correction by the department, the department shall assess the licensee a civil penalty in the amount of two hundred dollars ($200) for each day that such deficiency continues beyond the date specified for correction.

(3) The civil penalties authorized by this Act shall be trebled when a licensee has received a citation for violating a statute or regulation which it has received a citation for during the previous twelve (12) months.

(4) Payment of penalties shall not be made from monies used for direct patient care nor shall the payment of penalties be a reimbursable cost under Medicaid or Medicare.

(5) KRS 216.990 shall not apply to the offenses defined herein.

(6) All administrative fines collected by the department pursuant to this Act shall be deposited in a trust and revolving fund, which is hereby created, and the balance of said fund shall lapse at the end of the fiscal year to the general fund.

SECTION 12. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

The department shall, within six (6) months of the effective date of this Act, upon consultation with industry, professional and consumer groups affected by this Act, publish proposed regulations setting forth the criteria and, where feasible, the specific acts that constitute type A and B violations as specified by this Act. No violation or civil penalty for violations of this Act shall be assessed until such regulations are effective pursuant to KRS Chapter 13.

SECTION 13. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

In determining the amount of the initial penalty to be imposed under this Act, the department shall consider at least the following factors:

(1) The gravity of the violation, including the probability that death or serious physical or mental harm to a resident will result or has resulted; the severity of the actual or potential harm, and the extent to which the provisions of the applicable statutes or regulations were violated;

(2) The reasonable diligence exercised by the licensee and efforts to correct violations;

(3) The number and type of previous violations committed by the licensee; and

(4) The amount of assessment necessary to insure immediate and continued compliance.

SECTION 14. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) The manner in which appeals are presented from any decision on ratings, citations or penalties pursuant to this Act shall be in accordance with regulations prescribed by the secretary for determining the rights of the parties. A complete record shall be kept of all proceedings in connection with any appeal.

(2) The secretary shall appoint one (1) or more impartial hearing officers to hear and decide upon appealed decisions. The decision of the hearing officer shall be the final decision of the department. No hearing officer shall participate in any hearing in which he is an interested party.

SECTION 15. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) Within twenty (20) days after the date of the decision of the hearing officer, any party aggrieved thereby may secure judicial review thereof by filing a complaint against the department in the Franklin circuit court. The complaint shall state fully the grounds upon which review is sought, and assign all errors relied on.

(2) Summons shall issue upon the complaint directing the department to file an answer within twenty (20) days after service thereof. Such summons will be served upon such person as the department shall designate. The department may be represented by any qualified attorney designated by it for that purpose or, at the request of the secretary, by the attorney general. With its answer, the department shall certify

and file as an exhibit with the court all documents and papers, and a transcript of all testimony taken in the matter, and orders made therein, together with the findings of fact and conclusions of law made by the hearing officer. If consented to by the plaintiff, an abstract of any portion of the record may be certified by the department in place of certifying such portion of the record in full. The department may certify to the court questions of law involved in any decisions by it.

(3) Such actions, and the questions so certified, shall be heard by the court in a summary manner upon the record certified by the department. The court on its own motion or on the motion of an interested party shall assign a date certain for the review. The clerk of the court shall notify the attorneys of record, the date assigned for the review at least ten (10) days in advance thereof. The court shall enter judgment, affirming, modifying, or setting aside the order and the decision appealed from or determining the question of law certified to it by the department, and may in advance of judgment, remand the case to the department for further proceedings in accordance with the direction of the court.

(4) An appeal may be taken from the decision of the circuit court to the Court of Appeals, in the same manner as in the Rules of Civil Procedure for original appeals from circuit court to the Court of Appeals.

(5) An appeal of a decision on ratings, citations, or penalties shall stay the enforcement of any penalty by the department against the licensee until such time as a final decision of the department. A petition for judicial review of the department's final decision shall act as a stay of enforcement of any penalty by the department. Upon final determination of such judicial proceeding, the department shall enter an order in accordance with such determination.

(6) Upon the failure of a party aggrieved by a decision of the hearing officer to secure judicial review in accordance with subsection (1) of this section, the department shall have authority to file an action to enforce the decision of the hearing officer in the Franklin circuit court.

SECTION 16. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

The department may institute injunctive proceedings in circuit court to enforce the provisions of this Act or to terminate the operation of a long term care facility where any of the following exists:

(1) Failure of the licensee to take appropriate action to correct a Type A or B violation; or

(2) Failure of the licensee to abide by any final order of the department once it has become effective and binding.

Such injunctive relief may include temporary and permanent injunction.

SECTION 17. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Any employe of the department who gives or causes to be given any advance notice to any long term care facility, directly or indirectly, that an inspection or investigation is under consideration or is impending, unless specifically mandated by federal or state regulations to give advance notice, may be subject to dismissal, suspension or demotion.

SECTION 18. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Upon a finding that conditions in a long term care facility constitute a Type A violation, and the licensee fails to correct the violation within the time specified for correction by the department, the secretary shall take at least one (1) of the following actions with respect to the facility in addition to the issuance of a citation, or the assessment of a civil penalty therefor:

(1) Institute proceedings to obtain an order compelling compliance with the regulations, standards, or requirements as set forth by the Kentucky health facilities and health services certificate of need and licensure board, the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act;

(2) Institute injunctive proceedings in circuit court to terminate the operation of the facility;

(3) Selectively transfer residents whose care needs are not being adequately met by the long term care facility; or

(4) Initiate an action to place the long term care facility in receivership as provided in Section 20 of this Act.

SECTION 19. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) Upon the request of a resident or the resident's legal guardian, or upon his own initiative, the secretary may file an application in Franklin circuit court to appoint a receiver for a long term care facility. Such application shall state the conditions in the facility that constitute the grounds for appointment of a receiver pursuant to Section 20 of this Act. The court shall hold a hearing not later than ten (10) days after the date the application is filed. Notice of such hearing shall be served upon the owner of such facility not less than five (5) days prior to such hearing. Such notice shall be posted by the court in a conspicuous place inside the facility for not less than three (3) days prior to such hearing.

(2) Notwithstanding the provisions of subsection (1) of this section, the court may appoint a receiver upon an ex parte motion when affidavits, testimony or any other evidence presented indicates that there is a reasonable likelihood an emergency exists in such facility which must be remedied immediately to insure the health, safety and welfare of the residents of such facility. Notice of the application and order shall be served on the owner of the facility and shall be posted in a conspicuous place inside the facility not later than twenty-four (24) hours after issuance of such order. A hearing on the application shall be held not later than five (5) days after the issuance of such order unless the owner of the facility consents to a later date.

SECTION 20. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

Following a hearing at which interested parties may present evidence, the court may grant an application for the appointment of a receiver for a long term care facility upon a finding that suitable alternatives are not available and of any of the following:

(1) Such facility intends to close and adequate arrangements for relocation of its residents have not been made at least thirty (30) days prior to closing;

(2) There exists in such facility a condition in substantial violation of the regulations, standards, and requirements as set forth by the department pursuant to Sections 7 and 12 of this Act, or the provisions of KRS 216.510 to 216.525, or applicable federal laws and regulations governing the certification of a long term care facility under Title 18 or 19 of the Social Security Act;

(3) There exists in such facility a practice of habitual violation of the standards established by the statutes and regulations designated in subsection (2) of this section which presents a reasonable likelihood of serious physical or mental harm to residents of such facility;

(4) Such facility is operating without a license as required pursuant to KRS 216B.105 or such facility's license has been suspended or revoked by the Kentucky health facilities and health services certificate of need and licensure board.

SECTION 21. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) A receiver appointed pursuant to Section 21 of this Act shall have the same powers as a receiver as set forth in KRS 425.600, except as provided in this section. The receiver shall exercise the powers to remedy the conditions which constituted the grounds for the imposition of receivership, assure adequate health care for the residents, and preserve the assets and property of the owner. These powers include, but are not limited to, the authority to utilize private and third party reimbursements, including that received from the Medicare and Medicaid programs.

(2) The receiver shall have full power to direct and manage and to discharge employes of the facility, subject to any contract rights they may have. The receiver shall pay employes at a rate of compensation, including benefits, approved by the court. Receivership does not relieve the owner of any obligation to employes made prior to the appointment of a receiver and not carried out by the receiver.

(3) If a facility is placed in receivership it shall be the duty of the receiver to notify the residents, unless medically contraindicated, and their families or legal guardian of the receivership. Such receiver may correct or eliminate any deficiency in the structure or furnishings of the facility which endangers the health or safety of the residents while they remain in the facility, provided the total cost of correction does not exceed three thousand dollars ($3,000). The court may order expenditures for this purpose in excess of three thousand dollars ($3,000) on application from such receiver.

(4) If any resident is transferred or discharged such receiver shall provide for:

(a) Transportation of the resident and such resident's possessions and medical records to the place where such resident is being transferred or discharged;

(b) Assistance in locating an alternative placement and discharge planning;

(c) Preparation for transfer to alleviate transfer trauma, including but not limited to, participation by the resident or the resident's legal guardian in the selection of the resident's alternative placement, explanation of alternative placements and orientation concerning the placement chosen by the resident or the resident's legal guardian; and

(d) Custodial care of all property or assets of residents which are in the possession of the facility. The receiver shall preserve all property, assets, and records of residents which the receiver has custody of and shall provide for the prompt transfer of the property, assets, and records to the alternative placement for any transferred resident.

(5) In no event may the receiver transfer all residents and close a facility without a court order and without preparing a discharge plan for each resident.

SECTION 22. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) A receiver may not be required to honor any lease, mortgage, secured transaction or other contract entered into by the owner of the facility if, upon application to the circuit court, said court determines that;

(a) The person seeking payment under the agreement was an owner or controlling stockholder of the facility or was an affiliate of such owner or controlling stockholder at the time the agreement was made;

(b) The rental, price, or rate of interest required to be paid under the agreement was substantially in excess of a reasonable rental, price, or rate of interest at the time the contract was entered into; or

(c) The services or goods provided by contract were in fact, not provided, or were not in compliance with applicable state or federal laws and regulations.

(2) If the receiver is in possession of real estate or goods subject to a lease, mortgage or security interest which the receiver is permitted to avoid under subsection (1) of this section, and if the real estate or goods are necessary for the continued operation of the facility under this Act, the receiver may apply to the court to set a reasonable rental, price, or rate of interest to be paid by the receiver during the duration of the receivership. The court shall hold a hearing not later than fifteen (15) days after application is made. Any known owners of the property involved shall receive notice of such application from the receiver at least ten (10) days prior to the hearing. Payment by the receiver of the amount determined by the court to be reasonable is a defense to any action against the receiver for payment or for possession of the goods or real estate subject to the lease, security interest or mortgage involved by any person who received such notice, but the payment does not relieve the owner of the facility of any liability for the difference between the amount paid by the receiver and the amount due under such lease, security interest or mortgage involved.

SECTION 23. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) Together with the petition for receivership, the secretary shall submit to the court a list of individuals who meet the qualifications for those who serve as receivers for long term care facilities as set forth in regulations established by the secretary. The court may name any individual to act as a receiver whose name appears upon that list with the exception of the owner, administrator or other person or agent with a financial interest in the long term care facility subject to the receivership. Neither the secretary nor any employe of the department shall be named a receiver at any time.

(2) The receiver may not be liable for any injury to person or property by reason of the condition of the long term care facility. He shall only be liable for acts or omissions constituting negligence in the fulfillment of his duties as a receiver.

(3) Before taking control of the long term care facility, the receiver shall file a bond in the court in which the receiver was appointed. The penalty of the bond may not be greater than the aggregate value of the facility and its assets. The receiver shall be entitled to pay and be allowed the cost of the premium of the bond out of the income of the facility, unless the court directs otherwise.

(4) The receiver shall report to the court in the form and manner required by the court.

(5) A receiver appointed pursuant to this Act shall be entitled to a reasonable receiver's fee as determined by the court, payable out of the income of the facility.

SECTION 24. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

(1) The owner of a long term care facility, the receiver of such facility, or the secretary may petition the court to terminate the receivership. The court may terminate the receivership if it finds after a hearing at which interested parties may present evidence that the facility has been rehabilitated so that the violation complained of no longer exists, or if the receivership was instituted pursuant to subsection (1) of Section 20 of this Act, the orderly transfer of the residents has been completed and the facility is ready to be closed.

(2) The sale of the long term care facility or any of its assets may not terminate the receivership.

(3) Unless terminated sooner, a receivership shall automatically terminate upon the expiration of one (1) year after the date of the court order instituting it. The court may extend the receivership for up to one (1) additional year if the secretary requests an extension and the court finds after a hearing at which interested parties may present evidence that the grounds for appointment of a receiver as set forth in Section 20 of this Act still exist.

(4) The secretary may petition the court for the appointment of a new receiver if the death, disability, or adverse interest of the receiver can be shown, or if there is lack of reasonable progress in accomplishing the purpose of the receivership.

(5) The license and medicaid certification of any facility placed in receivership pursuant to this Act shall remain in effect for the duration of the receivership, and the same state reimbursement formula which applies to other long term care facilities shall apply to any facility placed in receivership.

Every long-term care facility shall keep the original document of each written acknowledgment in the resident's personal file.

The action may be brought in any court of competent jurisdiction to enforce such rights and to recover actual and punitive damages for any deprivation or infringement on the rights of a resident. Any plaintiff who prevails in such action against the facility may be entitled to recover reasonable attorney's fees, costs of the action and damages, unless the court finds the plaintiff has acted in bad faith, with malicious purpose, or that there was a complete absence of justifiable issue of either law or fact. Prevailing defendants may be entitled to recover reasonable attorney's fees. The remedies provided in this section are in addition to and cumulative with other legal and administrative remedies available to a resident and to the department.

SECTION 31. A NEW SECTION OF KRS CHAPTER 216 IS CREATED TO READ AS FOLLOWS:

If a purchaser certifies in writing to a seller that the property purchased will be used in a manner or for a purpose entitling the seller to exclude from the computation of the sales tax the gross receipts from the sale and uses the property in some other manner or for some other purpose, the purchaser shall be liable for payment of sales tax as if he were a retailer making a retail sale of the property at the time of such use, and the cost of the property to him shall be deemed the gross receipts from such retail sale. *The certificate of exemption relieves the seller from the sales and use tax only if he takes the certificate in good faith from the purchaser. If the department later finds that the purchaser used the property in a manner that would not have qualified for tax exempt status, the department shall hold the purchaser liable for the remittance of the tax and may apply any penalties as provided in KRS 139.990.*

Section 2. KRS 139.990 is amended to read as follows:

(1) Any person who gives a resale certificate for property, knowing at the time of purchase that such property is not to be resold by him in the regular course of business, for the purpose of evading the tax imposed under this chapter shall, upon conviction, be subject to a fine of not less than ten (10) nor more than one hundred dollars ($100) or imprisoned in jail for a period not exceeding thirty (30) days, or both such fine and imprisonment.

SB 41, AN ACT relating to consumer protection.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

As used in this Act unless the context requires otherwise:

(1) "Club" means buying club.

(2) "Contract" means any oral or written agreement by which one becomes a member of a club.

(3) "Buying club" means any person, corporation, unincorporated association, or other organization which for a consideration provides or purports to provide its members or the members of any other buying club with the ability to purchase goods or services at discount prices; except that such organization shall not include any buying club in which persons receive discount buying services incidentally as part of a package of services provided to, or available to, such individuals on account of membership in such organization which is not organized for the profit of any person or corporation or which does not have as one of its primary purposes or businesses the provision of discount buying services.

(4) "Member" or "membership" means a status by which any natural person is entitled to any of the benefits of a club.

(5) "Prepayment" means any payment for service or merchandise made before the service is rendered or the merchandise is received. It is not a prepayment if a payment for service is made on the same day the service is rendered. Money received by a club from a financial institution upon assignment of a contract shall be considered prepayment when and to the extent the member is required to make prepayments to the financial institution pursuant to the contract.

SECTION 2. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Any person who has elected to become a member of a club may cancel such membership by:

(a) Giving written notice any time before midnight of the fifth business day following the date on which membership was attained. Such cancellation shall be without liability on the part of the member and shall entitle the member to a refund of the entire consideration paid for the contract; or

(b) Giving written notice any time after the fifth business day following the date on which membership was attained. Such cancellation shall be on a pro rata daily basis, the member being responsible only for that portion of the contract consideration representing the time elapsed on the contract and being entitled to a refund of that portion of the fee representing the days remaining on the contract at date of cancellation. If the contract duration is for the life of the member, the daily value shall be determined by standard actuarial tables.

(2) Notice of cancellation must be in writing and delivered personally or by mail. If given by mail, the notice is effective upon deposit in a mailbox, properly addressed and postage paid. Notice of cancellation need not take a particular form and is sufficient if it indicates, by any form of written expression, the intention of the member not to be bound by the contract. If delivered personally, the notice is to be accepted by any agent or employe of the club, and a receipt for the notice must be given by that agent or employe to the person cancelling.

(3) The entitled refund shall be delivered to the member within ten (10) days after notice of cancellation is given.

(4) Rights of cancellation may not be waived or otherwise surrendered.

(5) Cancellation shall not relieve the member from paying for any merchandise purchased or ordered prior to the date of cancellation.

SECTION 3. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) A copy of every contract shall be delivered to the member at the time the contract is signed. Every contract must be in writing, must be signed by the member, must designate the date on which the member signed the contract and must state, clearly and conspicuously in bold-face type of a minimum size of fourteen (14) points, the following:

"MEMBERS' RIGHT TO CANCEL"

"If you wish to cancel this contract, you may cancel by delivering or mailing a written notice to the company. Certified mail would provide greater protection than first-class mail, but is not necessary. If you deliver the notice personally, you are entitled to a receipt. Your notice must make known that you do not wish to be bound by the contract. If the notice is delivered or mailed before midnight of the fifth business day after you sign this contract, you are entitled to a refund of the entire consideration paid for the contract. Other cancellation entitles you to a pro rata refund for those days remaining on the contract. The notice must be delivered or mailed to (insert name and mailing address of company). If you cancel, the club is required to return, within ten (10) days of the date on which you give notice of cancellation, any payments you have made."

(2) Until the buying club has complied with this section, the member may cancel the contract by notifying the buying club in any manner and by any means of his intention to cancel and is then entitled to a refund of the entire consideration paid for the contract.

SECTION 4. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Every contract shall provide that if any goods ordered by the member from the buying club are not delivered to the member or available for pickup by the member at a location within his county of residence within six (6) weeks from the date the member placed an order for such goods, then any moneys paid by the member for such goods in advance of delivery shall, upon the member's request, be fully refunded, unless a predetermined delivery date has been furnished to the member in writing at the time he or she ordered such goods and the goods are delivered to the member or are available for pickup by that date.

(2) Every contract shall provide that all savings claims made by the buying club are based on price comparisons with retailers doing business in the trade area in which the claims are made and with prices at which the merchandise is actually sold.

(3) Any contract which does not comply with subsections (1) and (2) of this section shall be void and unenforceable.

SECTION 5. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Every buying club that has a membership fee in excess of thirty-five dollars ($35.00) shall maintain a bond of fifty thousand dollars ($50,000) issued by a surety company admitted to do business in this state.

(2) The bond required by this section shall be in favor of the attorney general of the Commonwealth of Kentucky for the benefit of any member who suffers loss of prepayment made pursuant to a contract entered into after the effective date of this Act due to insolvency of the club or the cessation of business by the club, or failure by the club to perform under any contract. A copy of the bond shall be filed with the attorney general prior to the making of any membership contract by a club. Any person claiming against the bond may maintain an action at law against the club and the surety. Failure to so maintain a bond as required by this section shall make the principals of any club personally liable for the claims of members.

(3) The aggregate liability of the surety to all persons for all breaches of the conditions of the bonds provided herein shall in no event exceed the amount of the bond.

SECTION 6. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

The evaluation shall be prepared by an actuary who is a fellow of the society of actuaries, a member of the American academy of actuaries, or an enrolled actuary under the Employes' Retirement Income Security Act of 1975. The board shall send a copy of the most recent evaluation to the librarian of the legislative research commission by September 1, 1982, and thereafter the board shall send a copy of each new evaluation within ten(10) days of receipt.

(2) Actuaries performing evaluations pursuant to this section shall use the entry age normal cost funding method. Their reports shall include a definition of each actuarial term and an explanation of each actuarial assumption used. Assumptions shall be reasonably related to the experience of the system and represent the actuary's best estimate of anticipated experience.

(3) The local governing body responsible for the retirement system shall, on an actuarilly funded basis, make current contributions to the retirement fund at least equal to the sum of:

(a) An annual amount, determined within six (6) months of the actuarial evaluation required by subsection (1) of this section, resulting from the application of a rate percent of salaries of active members determined by the entry age normal cost funding method; and

(b) An amount resulting from the application of a rate percent of the salaries of active members which will provide each year regular interest on the remaining liability for prior service. The local governing body may require pension fund contributions by employes consistent with the requirements of the statutes listed in subsection (1) of this section.

(4) In addition to other remedies provided by law, any member or annuitant of a retirement system governed by this section may obtain in circuit court of the county in which the retirement system is located an injunction or mandamus requiring the government to comply with the funding requirements of this section.

Section 2. KRS 67A.320 is amended to read as follows:

(1) Any urban-county government in which there existed a municipality which had in effect an employes' pension fund prior to its merger into the urban-county form of government shall provide by comprehensive plan or ordinance for the maintenance of the said pension fund for those employes covered by the

said pension fund by a levy of a tax of not exceeding five cents ($.05) on each one hundred dollars' value of taxable property in the urban area of the urban-county government, as established in the comprehensive plan or by ordinance, the proceeds of that tax to be paid to the pension fund in cash, and shall in each case provide, by such tax or otherwise, for the payment to the pension fund in each month of the sum necessary to maintain such fund in accordance with the actuarial principles established by the actuarial studies described hereafter, and may assess monthly such amount or percent of the salary of the employes as may be equitably determined on a fair actuarial basis, and in any case not in excess of eight percent (8%) of the monthly salary of each employe unless a higher rate was charged prior to the merger of governments, in which case the higher rate may be charged, the assessment to be deducted from the employes' salaries and paid in cash into the pension fund. Within six (6) months after the effective date of the urban-county form of government, or within six (6) months after June 21, 1974, whichever shall be later, the trustees of the board shall, at the expense of the urban-county government, provide for the performance of an actuarial study, which study shall be completed within six (6) months thereafter, and which study shall describe the amounts necessary to be contributed by the urban-county government or other sources to fund on an actuarially sound basis the benefits promised or described in the said fund, including any payments required to bring said fund to an actuarially sound position in the event that it was not so at the time of the performance of the study, in which latter event the legislative body shall also determine a reasonable period over which such additional funding shall be made, which period shall not exceed thirty (30) years. A similar study shall be arranged by the board at the cost of the urban-county government at least once in every *three* [~~five~~]-year period thereafter. SECTION 2. A NEW SECTION OF SUBTITLE 13 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) The commissioner shall ascertain as soon as practicable the annual fire loss in each municipality in the Commonwealth; obtain, make and maintain a record thereof and collect such data with respect thereto as will enable the commissioner to classify the fire losses in each municipality in the Commonwealth, the causes thereof, and the amount of premiums collected therefor for each class of risks and the amount paid thereon, in such manner as will aid in determining equitable insurance rates, methods of reducing such fire losses and reducing the insurance rates for risks in each municipality in the Commonwealth as provided in this section.

HB 339, AN ACT relating to abortion.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 311.710 is amended to read as follows:

The general assembly of the Commonwealth of Kentucky hereby finds and declares:

(1) That it is in the interest of the people of the Commonwealth of Kentucky that every precaution be taken to insure the protection of every viable unborn child being aborted, and every precaution be taken to provide life-supportive procedures to insure the unborn child its continued life after its abortion; and

(2) That currently, in the commonwealth, there is inadequate legislation to protect the life, health and welfare of pregnant women and unborn human life; and

(3) That it is in the interest of the people of the Commonwealth of Kentucky to maintain accurate statistical data to aid in providing proper maternal health regulations.

(4) It is the intention of the general assembly of the Commonwealth of Kentucky to assure the integrity and autonomy of a woman's decision whether to submit to an abortion or to carry her child to term, to protect the rights and interests of a minor incompetent woman and her parents in the context of abortion, to further the Commonwealth's compelling interest in protecting the formal integrity of the marital relation and the procreative rights and interests of the husband, and to provide for the development of statistical data. The general assembly finds as fact that the rights and interests furthered by this Act are not secure in the context in which abortion is presently performed.

(5) It is the present intention of the general assembly to protect the valid and compelling interests of the Commonwealth and its inhabitants without unduly burdening a woman's constitutional privacy rights as delineated by the courts. If, however, the United States constitution is amended or relevant judicial decisions are reversed or modified, the declared policy of this Commonwealth to recognize and to protect the lives of all human beings regardless of their degree of biological development shall be fully restored.

Section 2. KRS 311.720 is amended to read as follows:

As used in KRS *311.710* [~~311.730~~] to 311.810, and laws of the Commonwealth unless the context otherwise requires:

(1) "Abortion" shall mean *the use of any means whatsoever to terminate the pregnancy of a woman known to be pregnant with intent to cause fetal death* [~~an act, procedure, device or prescription administered or prescribed for a pregnant woman by any person, including the pregnant woman herself producing the premature expulsion of the fetus, except that in cases in which the unborn child's viability is threatened by continuation of the pregnancy, early delivery after viability by commonly accepted obstretrical practices shall not be construed as an abortion for the purposes of KRS 311.730 to 311.810~~].

(2) "Hospital" shall mean those institutions licensed in the Commonwealth of Kentucky pursuant to the provisions of chapter 216 of the Kentucky Revised Statutes.

(3) "Consent" as used in KRS *311.710* [~~311.730~~] to 311.810 with reference to those who must give their consent shall mean an informed consent expressed by a written agreement to submit to an abortion on a written form of consent to be promulgated by the secretary for human resources.

(4) *"Department" shall mean the department for human resources of the Commonwealth of Kentucky.*

(5) "Fetus" shall mean a human being from fertilization until birth.

(6) "Human being" shall mean any member of the species homo sapiens from fertilization until death.

(7) "Physician" [~~"Physicians"~~] shall mean any person licensed to practice medicine in the Commonwealth *or osteopathy pursuant to* [~~in accordance with~~] the provisions of chapter 311 of the Kentucky Revised Statutes.

(8)[~~(5)~~] "Viability" shall mean that stage of human development when the life of the unborn child may be continued by natural or life-supportive systems outside the womb of the mother.

(9)[~~(6)~~] "Accepted medical procedures" shall mean procedures of the type performed in the manner and in a facility with equipment sufficient to meet the standards of medical care which physicians engaged in the same or similar lines of work, would ordinarily exercise and devote to the benefit of their patients.

SECTION 3. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

(1) No abortion shall be performed except by a physician after either:

(a) He determines that, in his best clinical judgment, the abortion is necessary; or

(b) He receives what he reasonably believes to be a written statement signed by another physician, hereinafter called the "referring physician", certifying that in the referring physician's best clinical judgment the abortion is necessary, and, in addition, he receives a copy of the report form required by Section 10 of this Act.

(2) No abortion shall be performed except in compliance with regulations which the department shall issue to assure that:

(a) Before the abortion is performed, the pregnant woman shall have a private medical consultation either with the physician who is to perform the abortion or with the referring physician in a place, at a time and of a duration reasonably sufficient to enable the physician to determine whether, based upon his best clinical judgment, the abortion is necessary;

(b) The physician who is to perform the abortion or the referring physician will describe the basis for his best clinical judgment that the abortion is necessary on a form prescribed by the department as required by Section 8 of this Act; and

(c) Subsection (2)(a) shall not apply when, in the medical judgment of the attending physician based on the particular facts of the case before him, there exists a medical emergency. In such a case, the physician shall describe the basis of his medical judgment that an emergency exists on a form prescribed by the department as required by Section 8 of this Act.

SECTION 4. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

No abortion shall be performed except with the voluntary and informed consent of the pregnant woman. Consent to an abortion is voluntary and informed only if:

(1) The woman is provided, at some time before the abortion, a copy of her pregnancy test result, if such test has been employed, by the physician who is to perform the abortion or his agent;

(2) The physician who is to perform the abortion or his agent shall provide the woman at least two (2) hours before the abortion:

(a) The name of the physician who will perform the abortion;

(b) The particular medical risks associated with the particular abortion procedure to be employed in the medical judgment of the physician based on the particular facts of the case before him;

(c) The probable gestational age of the fetus at the time the abortion is to be performed;

(d) The printed information required by Section 5(1) of this Act; and

(e) The fact that the information prescribed by Section 5(2) of this Act is available to her if she wishes to view it;

(3) Before submitting to the abortion, but after receiving the information required by Section 4(1) of this Act the woman shall certify in writing that she has received the information required by this section from the physician or his agent at least two (2) hours before the abortion is to be performed, that she understands it, that she consents to the abortion, and that her consent is voluntary and not the result of coercion;

(4) The requirement of this section that at least two (2) hours elapse between the provision of the information required and the performance of the abortion shall not apply when, in the medical judgment of the attending physician based on the particular facts of the case before him, there exists a medical emergency which warrants nullification of the two (2) hour waiting period. In such a case, the physician shall describe the basis of his medical judgment that such an emergency exists on a form prescribed by the department as required by Section 8 of this Act;

(5) The requirements of this section that certain information be provided the pregnant woman and that she certify her consent in writing shall not apply when, in the medical judgment of the attending physician based on the particular facts of the case before him, there exists a medical emergency which warrants nullification of the requirements that the woman be provided with the information and that the woman certify her consent. In such a case, the physician shall describe the basis of his medical judgment that such an emergency exists on a form prescribed by the department as required by Section 8 of this Act and, if the woman survives the abortion, the physician shall subsequently inform her of the medical indications for his judgment that a medical emergency existed and of the particular medical risks associated with the particular abortion procedure employed, the symptoms of which might become manifest in the future;

(6) Failure to provide the woman with information required by this section is prima facie evidence of failure to obtain informed consent in appropriate civil actions. The law of this Commonwealth shall not be construed to preclude award of punitive damages or damages for emotional distress even if unaccompanied by physical complications in any civil action brought pursuant to violations of this section. Nothing in this section shall be construed to limit the common law rights of the woman to secure informed consent to any form of medical treatment, including abortion.

SECTION 5. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

(1) The department shall, within sixty (60) days of the effective date of this Act, publish printed materials that may be easily comprehended in all languages used by significant portions of the population of this Commonwealth which are designed to inform concerned persons of public and private agencies and services available to assist a woman through pregnancy, upon childbirth and while the child is dependent, including reputable adoption agencies. The materials shall include a comprehensive list of the agencies available, the services they offer, and a description of the manner in which they might be contacted.

(2) The materials shall include the following paragraph:

"There are many public and private agencies willing and able to help you to carry your child to term, and assist you and your child after your child is born, whether you choose to keep your child or to place her or him for adoption. The Commonwealth of Kentucky strongly urges you to contact them before making a final decision about abortion."

(3) The materials shall describe the probable anatomical and physiological characteristics of the fetus at the various gestational ages at which abortion might be performed, including any relevant information on the possibility of fetal survival. The materials shall be scientifically objective and shall not be prejudicial.

(4) Nothing in this section shall be construed to limit the right of the physician or of personnel associated with him to express to the woman their own views concerning the validity or importance of the materials prescribed by this section.

(5) The materials required under this section shall be available at no cost from the department upon request and in appropriate number to any person, facility or hospital. Distribution of the printed materials shall not be required until they are made available.

SECTION 6. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

(1) If a pregnant woman is less than eighteen (18) years of age and not emancipated, or if she has been adjudged an incompetent under KRS Chapter 203, a physician shall not perform an abortion upon her unless he first obtains the consent of both the pregnant woman and that of her parents, if she is less than eighteen (18), or of her guardian, if she is an incompetent, except as hereinafter provided. In deciding whether to grant consent, a pregnant woman's parents or guardian shall consider only the child's or ward's best interests.

(2) If one of the pregnant woman's parents has died or is unavailable to the physician within a reasonable time and in a reasonable manner, consent of the remaining parent shall be sufficient. If both parents have died or are otherwise unavailable to the physician within a reasonable time and in a reasonable manner, consent of the pregnant woman's guardian or guardians shall be sufficient. If the pregnant woman's parents are divorced, consent of the parent having custody shall be sufficient. If neither a parent nor a legal guardian is available to the physician within a reasonable time and in a reasonable manner, consent of any adult person standing in loco parentis shall be sufficient.

(3) If one or both of the parents or guardians of the pregnant woman refuse to consent to the performance of an abortion, or if she elects not to seek the consent of one or both of her parents or guardians, the appropriate state court in the county in which the applicant resides or in which the abortion is sought shall upon petition or motion, after an appropriate hearing, authorize a physician to perform the abortion if the court determines that the pregnant woman is sufficiently mature or competent to give informed consent to the proposed abortion.

(4) If the court determines that the pregnant woman is not sufficiently mature or competent to give informed consent or if the pregnant woman does not claim to be sufficiently mature or competent to give informed consent to the proposed abortion, the court shall determine whether the performance of an abortion would be in her best interests. The court shall not decide until after parental consultation in which the court may participate, if consultation is possible within a reasonable time and in a reasonable manner, unless the court concludes the pregnant woman's best interests would not be served by its participation in the consultation. Whether or not there has been parental consultation, the court shall deny the abortion if it decides that the pregnant woman's best interests would be served by denial, or shall authorize a physician to perform the abortion if it concludes that the pregnant woman's best interests would be served by authorization.

(5) The pregnant woman may participate in court proceedings on her own behalf, and the court may appoint a guardian ad litem for her. The court shall advise her that she has a right to court-appointed counsel, and shall, upon her request, appoint counsel.

(6) Court proceedings under this section shall be confidential and shall be given precedence over other pending matters to ensure a prompt decision to serve the best interests of the pregnant woman. The court shall make specific factual findings and legal conclusions supporting its decision and shall order a record of the evidence to be maintained which shall include its findings and conclusions.

(7) The requirements of Section 6(1) of this Act shall not apply when, in the medical judgment of the attending physician based on the particular facts of the case before him, there exists a medical emergency. In such a case, the physician who is to perform the abortion shall describe the basis of his medical judgment that such an emergency exists on a form prescribed by the department as required by Section 8 of this Act, and the physician or his agent shall provide each parent or guardian with the following information within seven (7) days of the time the abortion is performed, either in person or by sending it by certified mail to the last known address of each parent or guardian:

(a) That an abortion has been performed upon his daughter or ward, and the medical indications for the physician's judgment that a medical emergency exists or existed;

(b) The name of the physician who performed the abortion or is to perform the abortion; and

(c) The particular medical risks associated with the particular abortion procedure employed, the symptoms of which might become manifest in the future.

(8) If the woman elects not to have her parents informed by the physician or his agent as provided in Section 6(7), she shall inform the physician and the physician and his agents shall postpone giving notification until thirty (30) days after the first day in which the woman is, in the medical judgment of the attending physician, medically capable of filing a petition or motion for an order authorizing a physician and his agents to refrain from making the notification required by this section. The appropriate state court in the county in which the woman resides or in which the abortion was performed shall, upon petition or motion, after an appropriate hearing, authorize a physician and his agents to refrain from making the notification required by Section 6(7) if the court determines that the woman is mature and capable of giving informed consent or if it determines the woman's best interests would not be served by the notification. If

the court makes neither determination, it shall issue an order specifying the date by which the physician or his agent shall provide the information prescribed by Section 6(7). If the court does not reach a determination before the time by which the physician and his agents otherwise would be required to make notification, the court shall order that notification be withheld until it rules.

(9) No filing fees shall be required of any woman availing herself of the procedures provided by this section. An expedited confidential appeal shall be granted any woman to whom the court denies an order authorizing an abortion or an order authorizing a physician and his agents to refrain from making notification required by this section.

(10) The Supreme Court of Kentucky is respectfully requested, in the exercise of its powers under the Constitution of the Commonwealth, to issue promptly rules necessary to assure that proceedings under this section, and any appeals or other proceedings which may be related to this section, are confidential and prompt. The Supreme Court is further respectfully requested to issue promptly any rules or orders consistent with this Act necessary to eliminate any undue burdens on a minor's or incompetent's opportunity for an abortion with sufficient expedition.

(11) Failure to comply with the requirements of Section 6, other than Section 6(10), is prima facie evidence of failure to obtain informed consent and of interference with family relations in appropriate civil actions. The law of this Commonwealth shall not be construed to preclude the award of punitive damages or damages for emotional distress, even if unaccompanied by physical complications in any civil action brought pursuant to violations of this section. Nothing in this section shall be construed to limit the common law rights of parents.

SECTION 7. A NEW SECTION OF KRS CHAPTER 311 IS CREATED TO READ AS FOLLOWS:

(1) Prior to performing an abortion the physician who is to perform the abortion or his agent shall notify, if reasonably possible, the spouse of the woman upon whom the abortion is to be performed. If it is not reasonably possible to notify the spouse prior to the abortion, the physician or his agent shall do so, if reasonably possible, within thirty (30) days of the abortion.

(2) (a) The requirements of this section shall not apply if, before the abortion is performed, either party to a marriage has filed a petition for dissolution of marriage which has been served on the respondent;

(b) The requirements of this section shall not apply when, in the medical judgment of the attending physician based on the particular facts of the case before him, there exists a medical emergency. In such a case, the physician shall describe the basis of his medical judgment that such an emergency exists on a form prescribed by the department as required by Section 8 of this Act, and the physician or his agent shall notify, if reasonably possible, the spouse of the woman upon whom the abortion was performed, within thirty (30) days of the abortion.

(3) Failure to notify a spouse as required by this section is prima facie evidence of interference with family relations in appropriate civil actions. The law of this commonwealth shall not be construed to preclude the award of punitive damages or damages for emotional distress, even if unaccompanied by physical complications in any civil action brought pursuant to violations of this section. Nothing in this section shall be construed to limit the common law rights of a husband.

Section 8. KRS 213.055 is amended to read as follows:

(1) The department for human resources shall establish an abortion reporting form which shall be used for the reporting of every abortion performed or prescribed in this state. *The report forms shall not identify a patient by name, but by an individual number to be noted in the woman's permanent record in the possession of the physician, and* [~~after the first trimester. Such form~~] shall include the following items in addition to such other information as may be required by the department for human resources:

(n) Basis for any medical judgment that a medical emergency existed as required by any part of this Act;

(o) The basis for the clinical judgment that an abortion is necessary as required by Section 3 of this Act;

(p) The date of the medical consultation required by Section 3 of this Act, the time it began, and the time it ended; and

(q) The date on which any determination of pregnancy was made.

(2) The completed form shall be certified by the attending physician and be sent to the department for human resources within fifteen (15) days after each reporting month.

(3) Every hospital or facility in which an abortion is performed within the Commonwealth of Kentucky during any quarter year shall file with the department a report showing the total number of abortions performed and the total abortions performed in each trimester of pregnancy at the hospital or other facility during that quarter year.

(4) (a) After thirty (30) days public notice, the department shall require that all reports of maternal deaths arising from pregnancy, childbirth, or intentional abortion in every case state the cause of death, the duration of the woman's pregnancy when her death occurred, and whether or not the woman was under the care of a physician prior to her death. The department shall issue regulations to assure that such data are reported and shall conduct its own investigation if necessary to ascertain the data;

(b) A woman shall be deemed to have been under the care of a physician prior to her death if a physician examined or treated her, other than in connection with emergency care for complications of her pregnancy or complications of her abortion, at any time within sixty (60) days of her death and at least twenty-one (21) days after she became pregnant.

(c) Known incidents of maternal mortality of non-resident women arising from induced abortion performed in this Commonwealth shall be included as incidents of maternal mortality arising from induced abortions. Incidents of maternal mortality arising from continued pregnancy or childbirth and occurring after induced abortion has been attempted but not completed, including deaths occurring after induced abortion has been attempted but not completed as the result of ectopic pregnancy, shall be included as incidents of maternal mortality arising from induced abortion. To the extent that the data required by this paragraph is presently available to the department for the three (3) most recently reported years, the department shall revise its maternal mortality reports for these years to include such data.

(5) Upon thirty (30) days public notice, the department may require reporting of any additional information which, in its sound discretion, is necessary to develop statistical data relating to the protection of maternal or fetal life or health, or is necessary to enforce the provisions of this Act, or is necessary to develop useful criteria for medical decisions, provided that the department shall not require the identity of the woman or that her residence be disclosed. The department shall annually report to the legislature all statistical data gathered under the Act and its recommendations to further the purpose of this Act.

(6) Any physician who diagnoses a woman to have complications resulting from an abortion shall report, within a reasonable period of time, the diagnosis and a summary of her physical symptoms to the department in accordance with procedures and upon forms to be required by the department. The department shall define the complications required to be reported, which shall include those complications that, according to the contemporary medical standards, are manifested by symptoms with severity equal to or greater than:

(a) Uncontrolled hemorrhaging not responsive to initial therapy;

(b) Adverse psychological reactions or expressions of regret regarding the procedure;

(c) Subsequent inability to become pregnant or to maintain a pregnancy once it has been diagnosed, including miscarriage, incompetent cervix, ectopic pregnancy, or all three; and

(d) Subsequent complications of pregnancy such as abruptio placenta, placenta previa, prematurity, neurologic deficit or mental retardation.

If the physician making the diagnosis of a complication knows the name or location of the facility where the abortion was performed, he shall report such information to the department.

(7) All information obtained by a physician, hospital, or ambulatory health facility from a patient for the purpose of preparing reports to the department under this Act shall be confidential and shall be used only for statistical purposes except to the extent necessary to secure the rights or interests of a person or the Commonwealth pursuant to a court order in civil or criminal actions or proceedings to grant, suspend, or revoke licenses.

Section 9. KRS 311.760 is amended to read as follows:

(1) During the first trimester of pregnancy by a woman upon herself upon the advice of a licensed physician or by a licensed physician.

Amend printed copy of **HB 299** on page 9, below line 7, to add the following:

"Section 3. KRS 337.520 is amended to read as follows:

(1) The commissioner shall make initial determinations and current revisions thereof of schedules of rates of prevailing wages, of the amount of fringe benefits included therein as defined in KRS 337.505, and the number of hours applicable thereto. The commissioner shall have the authority to make and revise such rules and regulations as he may deem appropriate to carry out the provisions and purposes of KRS 337.505 to 337.550 and to prevent the circumvention or evasion thereof. Such rules and regulations *shall not* [~~may~~] include [~~but shall not be limited to~~] a provision that each contractor and subcontractor shall furnish [~~weekly~~] a sworn affidavit with respect to the wages paid each employe [~~during the preceding week and such other relative information and in such form as the commissioner may require~~]. No rule or regulation or revisions thereof shall be issued by the commissioner except upon reasonable notice to, and opportunity to be heard by, any interested person.

(2) The commissioner shall require the filing of all wage contracts of all laborers, workmen, and mechanics in this state which have been agreed to between bona fide organizations of labor and an employer or associations of employers. Such contracts shall be filed within ten (10) days after they are signed.

(3) The commissioner shall have the authority to determine schedules, and current revisions thereof, of the rates of prevailing wages as defined in KRS 337.505, but in no case shall the commissioner determine wages to be paid for a legal day's work to laborers, workmen, and mechanics engaged in the construction of public works at less than the prevailing wages paid in the localities. The commissioner in determining what rates of wages prevail shall consider the following criteria:

(a) Wage rates paid on previous public works constructed in the localities. In considering such rates the commissioner shall ascertain, insofar as practicable, the names and addresses of the contractors, including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed on each project and the respective wage rates paid each worker who was engaged in the construction of these projects.

(b) Wage rates previously paid on reasonably comparable private construction projects constructed in the localities. In considering such rates the commissioner shall ascertain[~~, insofar as practicable,~~] the names and addresses of *all* [~~the~~] contractors including subcontractors, the locations, approximate costs, dates of construction and types of projects, the number of workers employed on each project and the respective wage rates paid each worker who was engaged in the construction of [~~these~~] projects.

(c) Collective bargaining agreements or understandings between bona fide organizations of labor and their employers located in the commonwealth of Kentucky which agreements apply or pertain to the localities wherein the public works are to be constructed.

(4) The wage rates to be used by the public authority in a contract for the construction of public works shall be the prevailing wage as of the date the public works project is advertised and offered for bid. If contracts are not awarded within ninety (90) days after the date of offering for bid the public authority shall ascertain the prevailing rate of wages from the department before the contract is awarded. The schedule or scale of prevailing wages shall be incorporated in and made a part of each contract.

(5) The commissioner shall have the authority to make regulations authorizing the employment of apprentices and trainees in skilled trades at wages lower than the applicable prevailing wage.

Section 5. KRS 337.530 is amended to read as follows:

(1) Where a prevailing rate of wages has been determined and prescribed, the contract executed between a public authority and the successful bidder or contractor shall contain a provision requiring the successful bidder and all of his subcontractors to pay not less than the rate of wages so established. The successful bidder or contractor and all subcontractors shall strictly comply with these provisions of the contract.

(2) All contractors and subcontractors required by KRS 337.505 to 337.550 and by contracts with any public authority to pay not less than the prevailing rate of wages, shall pay such wages in legal tender without any deductions. These provisions shall not apply where the employer and employe enter into an agreement in writing at the beginning of or during any term of employment covering deductions for food, sleeping accommodations or any similar item if this agreement is submitted by the employer to the department and is approved by the department as fair and reasonable. All contractors and subcontractors affected by the terms of KRS 337.505 to 337.550 shall keep full and accurate payroll records covering all disbursements of wages to their employes to whom they are required to pay not less than the prevailing rate of wages. Such records shall indicate the hours worked each day by each employe in each classification of work and the amount paid each employe for his work in each classification. They shall be open to the inspection and transcript of the commissioner or his authorized representative at any reasonable time, [~~and every employer shall furnish to the commissioner or his authorized representative on demand a sworn statement of them,~~] and shall *be in compliance* [~~comply~~] with all regulations issued by the commissioner. [~~The commissioner may require the statement to be upon forms prescribed or approved by him.~~] These payroll records shall not be destroyed or removed from this state for one (1) year following the completion of the improvement in connection with which they are made.

(3) Each contractor and subcontractor subject to the provisions of KRS 337.505 to 337.550 shall post and keep posted in a conspicuous place or places at the site of the construction work a copy or copies of prevailing rates of wages and working hours as prescribed in the contract with the public authority, showing the rates of wages prescribed and the working hours for each class of laborers, workmen, and mechanics employed by him in the work of constructing the public works provided for in the contract with the public authority.

(4) Every employer shall permit the commissioner or his authorized agents to question any of his employes at the site of the public work and during work hours in respect to the wages paid, hours worked and duties of such employe or other employes."

(1) The term "health maintenance organization" for the purposes of this section means a health maintenance organization as defined in KRS 304.38-030 *or as a nonprofit hospital, medical-surgical, dental and health service corporation,* which has been licensed by the Kentucky health facilities and health services certificate of need and licensure board and issued a certificate of authority by the department of insurance as a health maintenance organization *or as a nonprofit hospital, medical-surgical, dental and health service corporation* and which is qualified under the requirements of the United States department of health, education and welfare except as provided in subsection (2) of this section.

(2) The secretary of the department of finance, upon the recommendation of the commissioner of personnel, may procure from one (1) or more health, hospitalization, medical, major medical and dental insurance companies or from one (1) or more health maintenance organizations authorized to do business in this state, a policy or policies of group health, hospitalization, medical, major medical and dental insurance or health maintenance organization coverage encompassing all or any class or classes of state employes. All state employes for whom such insurance or health maintenance organization coverage is provided shall annually be given an option to elect either standard insurance coverage or coverage by a health maintenance organization; except that if a qualified health maintenance organization is not engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of such employes reside, the state employes may annually be given the option to elect either standard insurance coverage or coverage by a health maintenance organization which has been licensed by the Kentucky health facilities and health services certificate of need and licensure board and issued a certificate of authority by the department of insurance as a health maintenance organization *or as a nonprofit hospital, medical-surgical, dental and health service corporation* and which is engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of such employes reside. HR 24, A RESOLUTION opposing the attachment of the Kentucky Housing Corporation to the Department of Transportation by Executive Order, in contravention of the intent of the Kentucky General Assembly.

WHEREAS, in 1978 the General Assembly, after four years of study and interim committee work, created the Department of Housing, Buildings and Construction and attached the Kentucky Housing Corporation to that agency for administrative purposes; and

WHEREAS, since that date the members of the General Assembly have made clear their continuing intention to retain the Kentucky Housing Corporation in that Department; and

WHEREAS, the Governor, by Executive Order 81-108, attached the Corporation to the Department of Transportation, citing statutory "conflicts" which do not exist according to any of the established principles of statutory construction and interpretation; and

WHEREAS, the Board of the Department of Housing, Buildings and Construction has been assigned by statute the most comprehensive responsibilities of any state agency in the area of housing, and this Executive Order seriously undermines the Board's ability to effectively coordinate the various elements of the housing industry;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the House of Representatives expresses its opposition to the attachment of the Kentucky Housing Corporation to the Department of Transportation by Executive Order, in contravention of the intent of the Kentucky General Assembly.

Section 2. That a copy of this resolution be sent to the Honorable John Y. Brown, Jr., Governor of the Commonwealth of Kentucky, to the Chairman of the Board of the Department of Housing, Buildings and Construction, and to the Secretary of the Department of Transportation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 244 IS CREATED TO READ AS FOLLOWS:

(1) It shall be unlawful for any distributor to sell any brand of malt beverage in the Commonwealth of Kentucky, except in the territory described in a written agreement between the supplier or brewer and distributor, authorizing sale by the distributor of that brand within a designated area, and within that designated area the distributor shall not refuse to sell or offer reasonable service to licensed retailers during the normal business hours of the distributor. Where a supplier or brewer sells several brands, the agreement need not apply to all brands sold by the supplier or brewer and may apply to only one (1) brand. No supplier or brewer shall provide by the written agreement for the distribution of a brand of malt beverages to more than one (1) distributor for all or any part of the designated territory. All territorial agreements shall be filed with the department.

(2) Each distributor shall comply with such quality control standards as are specified in writing from time to time by the owner of the trademark of the brand of malt beverage, provided those controls are:

(1) - Normal industry practice;

(2) - Reasonably relate to the maintenance of quality control;

(3) - Are consistent with the provisions of this chapter and all regulations promulgated pursuant thereto; and

(4) - The distributor has received written notice of them from such owner.

(3) A distributor may sell to only those licensed retailers, religious, charitable or fraternal organizations located within his designated geographical territory as provided in this section and to his employes and to other distributors of the same brand. No brand of malt beverage may be sold in the Commonwealth of Kentucky without prior written approval of the brewer and supplier filed with the department.

(4) An exclusive territorial designation in any agreement between a distributor and brewer or supplier pursuant to this section shall be modified only upon written consent of the brewer or supplier and the distributor, and such modification shall be filed pursuant to the provisions of this section. The board

shall require each party to verify that the level of service within the designated territory will not be adversely affected by such modification. When a distributor is prevented from selling or servicing retailers within his territory due to natural disasters, labor disputes or other such causes beyond his control, the distributor may allow another distributor of the same brand of malt beverages to sell and service that brand within his territory upon approval of the brewer or supplier.

(5) No provisions of any agreement shall expressly or impliedly establish or maintain the resale price of any brand of malt beverage by the distributor.

The circuit court clerk shall docket the case as though it were a petition in equity, and shall immediately issue a summons for the board, if the appeal is taken by an applicant or licensee, or a summons for the board and the licensee, if the appeal is prosecuted by a citizen. The summons shall be returnable in the same manner as summons in equity cases. If the appeal is from an order refusing, revoking or suspending a license, the board, when served with the summons, or such person as the board may designate, shall appear and defend the action of the board in refusing, revoking or suspending the license in question. If the appeal is from an order granting or refusing to revoke or suspend a license the burden of appearing and defending the action of the board shall be upon the licensee.

Its review shall be limited to determining whether or not:

(a) The board acted without or in excess of its powers;

(b) The order appealed from was procured by fraud;

(c) If questions of fact are in issue, whether or not any substantial evidence supports the order appealed from.

(3) After such a hearing the court shall enter a judgment sustaining or setting aside the order of the board appealed from or remanding the case to the board for further consideration.

(4) If the appeal is from an order of the board refusing, revoking or suspending a license, the costs shall be taxed against the applicant or licensee in any event. If the appeal is from an order issuing or refusing to revoke or suspend a license, the costs shall be taxed against the citizen who, feeling himself aggrieved, has contested the order, if the order of the board issuing or refusing to revoke or suspend the license is sustained. If the order is set aside with direction to the board to refuse, revoke or suspend the license, the costs shall be taxed against the licensee.

Section 3. KRS 243.580 is amended to read as follows:

(1) No order of the board issuing a license shall become effective, and no license under that order shall be issued, until the expiration of ten (10) days after the date of the entry of the order. If, within the period of ten (10) days, an appeal from the order of the board has been filed as provided by KRS 243.560 the order shall not become effective until the appeal has been finally determined.

(2) If a license is revoked or suspended by an order of the board, the licensee shall at once suspend all operations authorized under his license, except as provided by KRS 243.540, though he files an appeal in the *circuit court* [~~Franklin Circuit Court~~] from the order of revocation or suspension.

(3) No court may enjoin the operation of an order of revocation or suspension pending an appeal. If upon appeal to the *circuit court* [~~Franklin Circuit Court~~] an order of suspension or revocation is upheld, or if an order refusing to suspend or revoke a license is reversed, and an appeal is taken to the Court of Appeals, no court may enjoin the operation of the judgment of the *circuit court* [~~Franklin Circuit Court~~] pending the appeal.

Section 4. KRS 243.590 is amended to read as follows:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 341 IS CREATED TO READ AS FOLLOWS:

(1) A worker filing a new claim for unemployment benefits shall, at the time of filing such claim, disclose whether or not he owes child support obligations as defined under this section. If any such worker discloses that he owes child support obligations, and is determined to be eligible for unemployment benefits, the secretary shall notify the state or local child support enforcement agency enforcing such obligation that the worker has been determined to be eligible for unemployment benefits.

(2) The secretary shall deduct and withhold from any unemployment benefits payable to a worker that owes child support obligations:

(a) The amount specified by the worker to the secretary to be deducted and withheld under this subsection, if neither (b) nor (c) apply;

(b) The amount, if any, determined pursuant to an agreement submitted to the secretary under 42 U.S.C. 654 (Section 454(20)(b)(i) of the Social Security Act) by the state or local child support enforcement agency if (c) is not applicable; or

(c) Any amount required to be so deducted and withheld from such unemployment benefits pursuant to legal process as that term is defined in 42 U.S.C. 662(e) (Section 462(e) of the Social Security Act) properly served upon the secretary.

(3) (a) Any amount deducted and withheld under this section shall be paid by the secretary to the appropriate state or local child support enforcement agency.

(b) Any amount deducted and withheld under this section shall for all purposes be treated as if it were paid to the worker as unemployment benefits and paid by such worker to the state or local child support enforcement agency in satisfaction of the worker's child support obligations.

(4) For purposes of this section, the term "unemployment benefits" shall mean any compensation payable under this Act (including amounts payable by the secretary pursuant to an agreement under any federal law providing compensation, assistance, or allowances with respect to unemployment).

(5) The provisions set forth in this section apply only if appropriate arrangements have been made for reimbursement by the state or local child support enforcement agency for the administrative costs incurred by the secretary under this section which are attributable to child support obligations being enforced by the state or local child support enforcement agency.

(6) The term "child support obligations" is defined for purposes of these provisions as including only obligations which are being enforced pursuant to a plan prescribed in 42 U.S.C. 654 (Section 454 of the Social Security Act) which has been approved by the secretary of Health and Human Services under 42 U.S.C. 651-662 (Part D of Title IV of the Social Security Act).

(7) The term "state or local child support enforcement agency" as used in these provisions means any agency of a state or a political subdivision thereof operating pursuant to a plan described in this section.

SECTION 2. A NEW SECTION OF KRS CHAPTER 341 IS CREATED TO READ AS FOLLOWS:

(1) No work shall be deemed to be suitable work for a worker making a claim for extended benefits, nor a disqualification imposed for refusal thereof, which does not accord with the labor standard provisions required by 26 U.S.C. 3304(a)(5) (Section 3304(a)(5) of the Internal Revenue Code of 1954) and set forth herein under KRS 341.100, or if a worker would not be denied benefits by reason of the requirements set forth in KRS 341.350 as required by 26 U.S.C. 3304(a)(8) (Section 3304(a)(8) of the Internal Revenue Code of 1954).

(2) For purposes of this section, the term "suitable work" shall mean, with respect to any worker, any work which is within such worker's capabilities, provided, however, that the gross average weekly remuneration payable for the week must exceed the sum of:

(a) The worker's extended weekly benefit amount as determined under this chapter, plus

(b) The amount, if any, of supplemental unemployment benefits as defined in 26 U.S.C. 501(c)(17)(D) (Section 501(c)(17)(D) of the Internal Revenue Code of 1954) payable to such worker for such week; and further

(c) Pays wages not less than the higher of:

1. The minimum wage provided by 29 U.S.C. 206 (Section 6(a)(1) of the Fair Labor Standards Act of 1938) without regard to any exemption; or

2. The applicable state or local minimum wage;

(d) Provided, however, that no worker shall be denied extended benefits for failure to accept an offer of or apply for any job which meets the definition of suitability as described above if:

1. The position was not offered to such worker in writing or was not listed with the employment service; or

2. Such failure could not result in a denial of benefits under the definition of suitable work for regular benefit claimants as provided in this chapter to the extent that such criteria of suitability in that section are not inconsistent with the provisions of this subsection; or

3. The worker furnishes satisfactory evidence to the secretary that his prospects for obtaining work in his customary occupation within a reasonably short period are good. If such evidence is deemed satisfactory for this purpose, the determination of whether any work is suitable with respect to such worker shall be made in accordance with the definition of suitable work for regular benefit claimants without regard to the definition specified in this section.

Section 3. KRS 341.030 is amended to read as follows:

(1) As used in this chapter, unless the context clearly requires otherwise, and except as provided in subsections (2) to (6) of this section, "wages" means all remuneration for services, including commissions, bonuses, and, except for services performed in agriculture and domestic employment, the cash value of all remuneration in any medium other than cash. The reasonable cash value of remuneration in any medium other than cash shall be estimated and determined in accordance with rules prescribed by the commission.

(2) Amounts paid to traveling salesmen or other workers as allowance or reimbursement for traveling or other expenses, incurred on the business of the employing unit, constitute wages only to the extent of the excess of such amounts over such expenses actually incurred and accounted for by the worker to his employer*; provided, however, that the cash value of meals and lodging when furnished to the worker for the convenience of the employer shall not constitute wages.*

(3) Gratuities and tips customarily received by a worker in the course of his employment from persons other than his employing unit do not constitute wages but only if the employing unit does not:

(a) Determine the distribution; or

(b) Take them into account to determine wages; or

(c) Impose or require such tips from other persons.

(4) "Wages" does not include the amount of any payment made to, or on behalf of, a worker under a plan or system established by an employing unit that makes provision for its workers generally or for a class of its workers, including any amount paid by an employing unit for insurance or annuities, or into a fund, to provide for any such payment, on account of:

(a) Retirement;

(b) Sickness or accident disability;

(c) Medical and hospitalization expenses in connection with accident or sickness disability; or

(d) Death, if the worker has not:

1. The option to receive, instead of provision for such death benefit, any part of the payment, or if such death benefit is insured, any part of the premiums or contributions to premiums paid by his employing unit, and

2. The right, under the provisions of the plan or system or policy of insurance providing for such death benefit, to assign such benefit, or to receive a cash consideration in lieu of it either upon his withdrawal from the plan or system providing for such benefit or upon termination of such plan or system or policy of insurance or of his employment with such employing unit.

(5) "Wages" does not include the amount of any payment made by an employing unit without deduction from the remuneration of the worker of the tax imposed under section 3101 of the Internal Revenue Code *or any payment required from an employer under a state unemployment compensation law with respect to remuneration paid to an employe for domestic service in a private home of the employer or for agricultural labor.*

(6) "Wages" does not, for the purposes of KRS 341.260 to 341.310, include that part of remuneration which, after wages equal to six thousand dollars ($6,000) have been paid in a calendar year to a worker by a subject employer or his predecessor with respect to covered employment during any calendar year, is paid to such worker by such subject employer during such calendar year unless that part of the wages is subject to a tax under a federal law, imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment fund. For the purpose of this subsection, the term "covered employment" shall include service constituting covered employment under any unemployment compensation law of another state.

Section 4. KRS 341.094 is amended to read as follows:

As used in this chapter, unless the context clearly requires otherwise:

(1) "Extended benefit period" means a period which:

(a) Begins with the third week after *a* [~~whichever of the following weeks occurs first:~~
~~1. A week for which there is a national "on" indicator, or~~
~~2. A~~] week for which there is a state "on" indicator; and

(b) Ends with either of the following weeks, whichever occurs later:

1. The third week after the first week for which there is [~~both a national "off" indicator and~~] a state "off" indicator; or

2. The thirteenth consecutive week of such period; provided, that no extended benefit period may begin by reason of a state "on" indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) [~~There is a "national 'on' indicator" for a week if the U. S. secretary of labor determines that for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (seasonally adjusted) for all states equaled or exceeded 4.5 percent (4.5%).~~

~~(3) There is a "national 'off' indicator" for a week if the U. S. secretary of labor determines that for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (seasonally adjusted) for all states was less than 4.5 percent (4.5%).~~

~~(4)~~] There is a "state 'on' indicator" for this state for a week if the secretary determines, in accordance with the regulations of the U. S. secretary of labor, that for the period consisting of such week and the immediately preceding twelve (12) weeks, the rate of insured unemployment (not seasonally adjusted) under this chapter:

(a) Equaled or exceeded 120 percent of the average of such rates for the corresponding 13-week period ending in each of the preceding two (2) calendar years, and

(b) Equaled or exceeded *five* [4] percent *(5%)*[~~(4%)~~];

(3)[~~(5)~~] There is a "state 'off' indicator" for this state for a week if, for the period consisting of such week and the immediately preceding twelve (12) weeks, either paragraph (a) or (b) of subsection *(2)*[~~(4)~~] of this section was not satisfied.

Section 5. KRS 341.096 is amended to read as follows:

As used in this chapter unless the context clearly requires otherwise:

(1) "Rate of insured unemployment" means the percentage derived by dividing:

(a) The average weekly number of workers filing claims *for regular benefits* in this state for weeks of unemployment with respect to the most recent 13-consecutive-week period, as determined by the secretary on the basis of his report to the U.S. secretary of labor, by

(b) The average monthly employment covered under this chapter for the first four of the most recent six completed calendar quarters ending before the end of such 13-week period. Such computations shall be made by the secretary, in accordance with regulations prescribed by the U.S. secretary of labor.

(2) "Regular benefits" means benefits payable to a worker under this chapter or under an unemployment compensation law of any other state (including benefits payable to federal civilian employes and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits and additional benefits.

(3) "Extended benefits" means benefits (including benefits payable to federal civilian employes and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to a worker under the provisions of KRS 341.700 to 341.740 for weeks of unemployment in his eligibility period.

(4) "Additional benefits" means benefits payable to exhaustees by reason of conditions of high unemployment or by reason of other special factors under the provisions of any state law.

(5) "Eligibility period" of a worker means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(6) "Exhaustee" means a worker who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this chapter or any other state law (including dependents' allowances and benefits payable to federal civilian employes and ex-servicemen under 5 U.S.C. chapter 85) in his current benefit year that includes such week; provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to him although, as a result of a pending appeal with respect to wages and/or employment that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) His benefit year having expired prior to such week, has no, or insufficient, wages and/or employment on the basis of which he could establish a new benefit year that would include such week; and

(c) Has no right to unemployment benefits or allowances, as the case may be, under the railroad unemployment insurance act or under such other federal laws as are specified in regulations issued by the U.S. secretary of labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada [~~or the Virgin Islands~~]; but if the individual is seeking such benefits and the appropriate agency finally determines that the individual is not entitled to benefits under such law, the individual shall be considered an exhaustee if the other provisions of this definition are met.

Section 6. KRS 341.350 is amended to read as follows:

An unemployed worker shall, except as provided in KRS 341.360 and 341.370, be eligible for benefits with respect to any week of unemployment only if:

(1) He has made a claim for benefits;

(2) He has registered for work with respect to such week in accordance with regulations prescribed by the secretary;

(3) He is physically and mentally able to work;

(4) He is available for suitable work, and making such reasonable effort to obtain work as might be expected of a prudent person under like circumstances;

(5) His base-period wages in that calendar quarter of his base period in which such wages were highest are equal to at least five hundred dollars ($500), and his total base-period wages are not less than one and *one-half (1 ½)* [~~three-eighths (1 ⅜)~~] times the base-period wages paid to him in such quarter and he was paid base-period wages in the last six (6) months of his base period equal to at least eight (8) times his weekly benefit rate with a minimum of five hundred dollars ($500) earned outside the high quarter;

(6) An otherwise eligible worker shall not be denied benefits under subsection (4) of this section or because of his failure to actively seek work, nor disqualified under paragraph (a) of subsection (1) of KRS 341.370 with respect to any week he is in training with the approval of the secretary.

(7) Notwithstanding any other provisions of this chapter, no otherwise eligible worker shall be denied benefits for any week because he is in training approved under 19 U.S.C. 2296 (Section 236(a)(1) of the Trade Act of 1974), nor shall such worker be denied benefits by reason of leaving work to enter such training provided such work is not suitable employment, or because of the application to any such week in training of provisions in this law (or any applicable federal unemployment compensation law) relating to availability for work, active search for work, or refusal to accept work. For purpose of this subsection, the term "suitable employment" shall mean employment of a substantially equal or higher skill level than the worker's past adversely affected employment as defined in 19 U.S.C. 2319 (Trade Act of 1974), and wages for such work are not less than eighty percent (80%) of the workers' average weekly wage as determined for purposes of the Trade Act of 1974.

(8) The foregoing eligibility requirements and the conditions of benefit disqualifications imposed by KRS 341.370 shall be strictly construed. Nothing in this section, excepting subsection (5), nor in KRS 341.360 or 341.370 shall affect the establishment of a "benefit year."

Section 7. KRS 341.390 is amended to read as follows:

There shall be deducted from the benefit rate determined for a worker in accordance with subsection (2) of KRS 341.380:

(1) Eighty percent (80%), adjusted to the nearest multiple of one dollar ($1.00), of the amount of wages earned by such worker during the week of unemployment with respect to which he claims benefits;

(2) The amount of remuneration which the worker has received or is receiving with respect to such week of unemployment (adjusted to the nearest multiple of one dollar ($1.00)) in the form of remuneration in lieu of notice; and

(3) (a) The amount of compensation payable to an individual for any week which begins after March 31, 1980, and which begins in a period with respect to which such individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment *under a plan maintained or contributed to a chargeable or base-period employer* [~~which is based on the previous work of such individual~~] shall be reduced (but not below zero) by an amount equal to the amount of such pension, retirement or retired pay, annuity, or other payment which is reasonably attributable to such week; *except that the secretary may provide for limitations on the amount of any such deduction to take into account contributions made by the worker for the pension, retirement or retired pay, annuity, or other similar periodic payment.*

(b) No reduction shall be made under this section by reason of the receipt of a pension if the services performed by the worker during the base period (or remuneration received for such services) for such employer did not affect the worker's eligibility for, or increase the amount of, such pension, retirement or retired pay, annuity, or other similar periodic payment. The conditions specified by this subsection shall not apply to pensions paid under the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law). Payments made under such acts shall be treated solely in the manner specified by subsection (a) of this section.

(c)[~~(b)~~] If Public Law 94-566 *or Public Law 96-364* or the federal act which [~~it~~] amends *either* for any cause shall become inoperative in its application, or stayed pendente lite, as to deductions of such compensation, then, subsection (3) of this section, by virtue of that fact, shall likewise and to the same extent, become inoperative as to such deductions.

Section 8. KRS 341.710 is amended to read as follows:

(1) A worker shall be eligible to receive extended benefits with respect to any week of unemployment in his eligibility period only if the secretary finds that with respect to such week:

(a)[~~(1)~~] He is an "exhaustee" as defined in subsection *(6)*[~~(5)~~] of KRS 341.096, and

(b)[~~(2)~~] He has satisfied the requirements of this chapter for the receipt of regular benefits that are applicable to workers claiming extended benefits, including not being subject to a disqualification for the receipt of benefits.

(2) A worker shall not be eligible for extended benefits for any week if:

(a) Extended benefits are payable for such week pursuant to an interstate claim filed in any state under the interstate benefit payment plan, and no extended benefit period is in effect for such week in such

state. However, this provision shall not apply with respect to the first two (2) weeks for which extended benefits are payable to a worker pursuant to an interstate claim filed under the interstate benefit payment plan; or

(b) The secretary finds that during such period:

1. He failed to accept any offer of suitable work (as required for extended benefits), or he failed to apply for any suitable work to which he was referred by the secretary; or

2. He failed to actively engage in seeking work as defined in this section.

(3) Any individual who has been found ineligible for extended benefits by reason of the provisions set forth in this section shall be denied benefits for the week in which such failure occurred and thereafter until he has been employed in each of four (4) subsequent weeks (whether or not consecutive) and has earned at least four (4) times his weekly benefit rate in bona fide full-time covered employment.

(4) For the purpose of this section, a worker shall be treated as actively engaged in seeking work during any week if:

(a) Such worker has engaged in a systematic and sustained effort to obtain work during such week, and

(b) Such worker furnishes tangible evidence that he has engaged in such effort during such week.

(5) The secretary shall refer any claimant entitled to receive extended benefits to any suitable work which meets the criteria as required in this Act for workers claiming extended benefits.

(6) Notwithstanding any other provisions of this chapter, if the benefit year of any worker ends within an extended benefit period, the remaining balance of extended benefits that such worker would, but for this section, be entitled to receive in that extended benefit period, with respect to weeks of unemployment beginning after the end of the benefit year, shall be reduced (but not below zero) by the product of the number of weeks for which the worker received any amounts as trade adjustment allowances within that benefit year, multiplied by the worker's weekly benefit amount for extended benefits.

Section 9. KRS 341.740 is amended to read as follows:

Whenever an extended benefit period is to become effective in this state [~~(or in all states)~~] as a result of a state [~~or a national~~] "on" indicator, or an extended benefit period is to be terminated in this state as a result of *a* state [~~and national~~] "off" *indicator* [~~indicators~~], the commissioner shall make an appropriate public announcement.

Section 10. Sections 4 and 6 of this Act shall become effective September 26, 1982.

The Committee on State Government reported **HB 50, HB 98, HB 257** with Commitee Amendment attached thereto, **HB 308, HB 426,** and **SB 32** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

(2) "Subcommittee" means administrative regulation review subcommittee.

(3) "Regulation" means each statement of general applicability issued by an administrative body that implements, interprets, or prescribes law or policy, or describes the organization procedure, or practice requirements of any administrative body. (a) Statements concerning only the internal management of an administrative body and not affecting private rights or procedures available to the public, or

(b) Declaratory rulings, or

(c) Intradepartmental memoranda, or

(d) Statements relating to acquisition of property for highway purposes and statements relating to the construction or maintenance of highways, or

(4) "Regulatory impact analysis" means a written statement containing the provisions required by Section 3 of this Act.

(5)[~~(4)~~] "Affirmative consideration" means that an administrative body must either adopt suggestions or recommendations regarding a regulation or issue a concise statement setting forth the reasons for not adopting suggestions or recommendations regarding a regulation.

(6)[~~(5)~~] Compliance with the provisions of KRS 13.080 to 13.125 does not dispense with the requirements of any other law necessary to make the regulation effective.

Section 2. KRS 13.085 is amended to read as follows:

(1) Except as provided in subsection (2) of this section no regulation made by any administrative body after July 15, 1980 shall become effective until after an original and five duplicate copies of the regulation are forwarded to the office of the legislative research commission, and:

(a) The proposed regulation has been published in the administrative register as required by KRS 13.096; and

(b) A public hearing is held, if requested, by a person having an interest in the subject matter, within thirty (30) days following publication of proposed regulation, as provided by subsection (4) of this section; provided, however, that if no public hearing is requested within thirty (30) days of publication the regulation shall be submitted to the administrative regulation review subcommittee; and

(f)[~~(e)~~] The proposed regulation is placed before and not disapproved by the general assembly, if required by KRS 13.087.

(2) The requirements of subsection (1) of this section shall not apply when the administrative body finds that an emergency exists, and the governor issues an executive order that the regulation become effective immediately upon being filed in the office of the legislative research commission. A regulation so filed shall expire upon sine die adjournment of the next regular session of the general assembly, provided that between the filing of the regulation and such sine die adjournment the proposed regulation may be processed in accordance with this section if the administrative body desires it to become permanent after sine die adjournment of the next regular session of the general assembly. The general assembly hereby declares that it is the state policy that emergencies are held to a minimum. Within sixty (60) days after an emergency regulation is filed under this subsection, the subcommittee shall review the emergency regulation and may recommend that the governor revoke such regulation. The subcommittee and the interim committee with appropriate jurisdiction may also review an emergency regulation at any time while it is in effect and may recommend that the governor revoke such regulation.

SB 13, AN ACT relating to local government.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 67C IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

(1) A drafting commission may be established in any county containing a city of the first class pursuant to Section 2 of this Act. The drafting commission shall undertake the study of the existing units of

local government within the county in order to facilitate the operation of local government, to prevent the duplication of services, to promote efficient and economical management of the affairs of local government, and to provide for the efficient delivery of public services.

(2) Upon the completion of its study the drafting commission shall issue a report detailing its findings.

(3) The commission may find that there is a need for change in the function of local government in the county, but that there is no need to change the form of local government. In such case, it shall present proposals for action to the legislative bodies of the appropriate local governments for implementation. Such proposals may include annexation pursuant to KRS Chapter 81A, incorporation of unincorporated areas pursuant to KRS 81.050, dissolution of municipalities pursuant to KRS 81.094, alteration in form of municipal government pursuant to KRS 83A.160, interlocal cooperation pursuant to KRS 65.210 to 65.300, merger of contiguous cities pursuant to KRS 81.410 to 81.440, joint contracting pursuant to KRS Chapter 79 or any other action authorized by statute.

(4) The commission may find there is a need for consolidation of the county government and the city of the first class, in which case it shall develop a plan for such consolidation and present it to the voters of the county for approval pursuant to the provisions of this Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 67C IS CREATED TO READ AS FOLLOWS:

(1) The process for developing a new form of local government in accordance with this Act shall be initiated by one (1) of the following means:

(1) (a) By the concurrent action of the county judge/executive of the county and the mayor of the city of the first class delivered to the county clerk; or

(b) By the concurrent action of the fiscal court of the county and the city council of the city of the first class delivered to the county clerk; or

(c) By the filing with the county clerk of the county of a petition signed by a number of registered voters equal to five percent (5%) of the voters of the county voting in the immediate past election of the county judge/executive.

(2) Any initiation of the process specified in subsection (1) of this section shall request that a commission be appointed to draft a comprehensive plan for a new form of local government in accordance with this Act.

(3) Upon the initiation of the process required by subsection (1) of this section, the county judge/executive of the county and the mayor of the city of the first class shall, after consulting with the senators and representatives whose districts lie within the county, appoint a representative drafting commission composed of one (1) registered voter residing within each of the house of representative districts lying wholly or substantially within the county plus one (1) registered voter residing within each of the senate districts lying wholly or substantially within the county. Appointments shall be divided between the two (2) political parties having the largest registration within the county, so that the make-up of the commission reflects as nearly as possible the proportionate registration each party bears to the total voter registration of the county, provided that fair representation be given to voters registered as independents and that the commission reflect the racial makeup of the senatorial and house of representative districts involved. No more than six (6) of those appointed may be elected officials. There shall be representatives from the second class through sixth class cities in a number generally proportionate to their combined population as compared to the total county population. The county judge/executive and the mayor shall jointly appoint the chair.

(4) If the drafting commission appointed in accordance with this section determines that consolidation of the city of the first class and the county government is in the best interests of the county and city of the first class, it shall devise a comprehensive plan for a new form of local government. The plan shall include a description of the form and structure of the proposed new form of local government, the officers and their functions and such other provisions as the commission shall determine. The new form of local government established under the comprehensive plan may exercise the existing constitutional and statutory powers of the county government and the city of the first class, including but not limited to those in KRS 67.650 and 82.085. The new form of local government established under the comprehensive plan shall exercise all constitutional duties imposed before any adoption of the comprehensive plan upon the county government and the city of the first class. All cities other than of the first class located within the county shall remain incorporated until dissolved in accordance with KRS 81.094 and shall continue to exercise the powers and perform the functions permitted by the general laws applicable to cities of the class to which they have been assigned. This plan shall be advertised in accordance with KRS Chapter 424 at least ninety (90) days before the general election at which the voters will be asked to approve or disapprove the adoption of the plan. The ballots shall be counted, returns made and canvassed as in other elections, and the results shall be certified by the county board of elections to the county clerk. If it appears that the majority or majorities required by the plan are in favor of adopting the plan, the drafting commissioners shall enter

such fact of record and shall organize the new form of local government in accordance with the provisions of the plan. The initial election of the county and local officials created or retained by the comprehensive plan shall be held at the end of the term of a county judge/executive. Upon the election and qualification of these officials, the new form of local government shall immediately become the effective government.

SECTION 3. A NEW SECTION OF KRS CHAPTER 67C IS CREATED TO READ AS FOLLOWS:

In case a drafting commission is appointed in accordance with Section 2 of this Act, the fiscal court of the county and the legislative body of the city of the first class shall appropriate for the use of the commission sufficient funds, in equal amounts, to carry out the purposes of this Act upon such terms as the fiscal court and the legislative body may provide. Within the appropriations authorized, the commission may hire staff and contract for necessary services. Nothing in this Act shall prohibit the commission from accepting gifts from other governmental units or from private foundations or individuals for administrative purposes.

SECTION 4. A NEW SECTION OF KRS CHAPTER 67C IS CREATED TO READ AS FOLLOWS:

The commission shall be required to conduct two (2) public hearings prior to the actual drafting of the comprehensive plan for a new form of local government and two (2) public hearings prior to the submission of the final comprehensive plan to the voters.

SECTION 5. A NEW SECTION OF KRS CHAPTER 67C IS CREATED TO READ AS FOLLOWS:

In accordance with KRS 446.090, if any portion of this Act or application thereof to any person or circumstances shall be found to be invalid by a court, such invalidity shall not affect the remaining portions or applicability of the Act which can be given effect without the invalid portion or applicability.

Floor Amendment No. 1 to **HB 129,** by Representative Brinkley:

Amend printed copy of **HB 129,** page 4, line 11, by inserting the following:

Section 3. KRS 151.420 is amended to read as follows:

(1) The authority is hereby authorized to provide, at one (1) time or from time to time, for the issuance of its revenue bonds for the purpose of paying all or any part of the cost of any one or more projects undertaken pursuant to KRS 151.100 to 151.460 and 151.990. The principal of and the interest on such bonds shall in each instance be payable solely from a special fund provided for such payment, and from identified revenues pledged to be set aside and deposited in such special fund. The bonds of any issue may be in one or more series and any one or more such series may enjoy equal or subordinate status with respect to the pledge of funds from which they are payable, shall be dated, shall bear interest [~~at such rate or rates not exceeding six per cent (6%) per annum~~], shall mature at such time or times not exceeding the fortieth anniversary of their respective dates, all as may be provided by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form of bonds including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places for payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. The bonds shall be signed by the facsimile signature of the chairman of the authority, and the seal of the authority or a facsimile thereof shall be affixed thereto and attested by the manual signature of the treasurer of the authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the authority. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of KRS 151.100 to 151.460 and 151.990 shall have and are hereby declared to have all qualities and incidents of negotiable instruments under the Uniform Commercial Code of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The authority may sell such bonds at public sale, and for such price as it may determine will best effect the purposes of KRS 151.100 to 151.460 and 151.990.[~~, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six per cent (6%) per annum computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computations the amount of any premium to be paid on redemption of any bonds prior to maturity.~~]

(2) The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project or projects for which such bonds shall have been issued, and shall be disbursed in such a manner and under such restrictions, if any, as the authority may provide in the proceedings authorizing the issuance of such bonds or in the trust indenture securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the proceedings authorizing the issuance of such bonds or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund or funds for such bonds or any account or accounts therein as the authority shall have provided in the proceedings or trust indenture authorizing and securing such bonds.

(3) Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

(4) Such bonds are held to be interest-exempt from federal and Kentucky income taxes and principal exempt from Kentucky ad valorem taxes under existing statutes, regulations and court decisions.

(4) A "life and health" agent is an agent who transacts life insurance or annuity business, and includes also the transaction of health insurance on behalf of an insurer for whom the agent is also licensed as to life insurance.

Section 2. KRS 304.9-270 is amended to read as follows:

(2) Subject to [~~annual~~] continuation by the insurer as provided in subsection (3) of this section, each appointment shall remain in effect until the agent's license is revoked or otherwise terminated, unless the insurer earlier terminates the appointment as provided in KRS 304.9-280.

(3) *Biennially* [~~Annually~~] on or before March 31 each insurer shall file with the commissioner an alphabetical list of the names and addresses of all its agents in this state whose appointments or licenses in the case of limited licenses *were in effect during the preceding calendar year and* [~~,~~] are to remain in effect as to the kinds of insurance or classifications thereof for which the respective agents are currently so appointed, accompanied by payment of the [~~annual~~] continuation of appointment fee, or license fee in the case of limited licenses, as specified in KRS 304.4-010. Section 3. KRS 304.10-050 is amended to read as follows:

This subsection shall not be deemed to cast upon the commissioner the duty of determining the actual financial condition or claims practices of any unauthorized insurer; and the status of eligibility, if granted by the commissioner, shall indicate only that the insurer appears to be sound financially and to have satisfactory claims practices and that the commissioner has no credible evidence to the contrary. While any such list is in effect the broker shall restrict to the insurers so listed all surplus lines business placed by him~~].

The commissioner may at any time, after notice and for cause shown, withdraw any such approval.

(3) Any order of the commissioner disapproving any such form or any notice of the commissioner withdrawing a previous approval shall state the grounds therefor and the particulars thereof in such detail as reasonably to inform the insurer thereof. Any such withdrawal of a previously approved form shall be effective at expiration of such period, not less than thirty (30) days after the giving of the notice of withdrawal, as the commissioner shall in such notice prescribe.

(4) The commissioner may, by order, exempt from the requirements of this section for so long as he deems proper any insurance document or form or type thereof as specified in such order, to which, in his opinion, this section may not practicably be applied, or the filing and approval of which are, in his opinion, not desirable or necessary for the protection of the public.

(1) The commission is vested with jurisdiction and supervision over all thoroughbred race meetings in this commonwealth and over all associations and all persons on association grounds and may eject or exclude therefrom or any part thereof, any person, licensed or unlicensed, whose conduct or reputation is such that his presence on association grounds may, in the opinion of the commission, reflect on the honesty and integrity of thoroughbred racing or appaloosa racing or interfere with the orderly conduct of thoroughbred racing or appaloosa racing at thoroughbred race meetings; Provided, however, no persons shall be excluded or ejected from association grounds solely on the ground of race, color, creed, national origin, ancestry, or sex;

(2) The commission, its representatives and employes, may visit, investigate and have free access to the office, track, facilities or other places of business of any licensee for the purpose of satisfying itself that KRS 230.210 to 230.360 and its rules and regulations are strictly complied with;

(3) The commission shall have full authority to prescribe *necessary and reasonable* rules, regulations and conditions under which thoroughbred horse racing and appaloosa racing at a thoroughbred race meeting shall be conducted in this state and to fix and regulate the minimum amount of purses, stakes or awards to be offered for the conduct of any thoroughbred race meeting, *except that the days of the week racing is conducted, number of races per day, number of exotic wagers per day and labor relations shall not be within the regulatory purview of the commission*;

(4) Applications for licenses shall be made in the form, in the manner and contain information as the commission may, by rule, require. Fees for all licenses issued under KRS 230.310 shall be prescribed by and paid to the commission;

(5) Any of the foregoing rules, regulations and conditions may be altered, amended, repealed and published from time to time. All rules, regulations and conditions shall become effective thirty (30) days after the filing thereof with the Legislative Research Commission unless the governor finds an emergency to exist in which event the same shall become effective immediately upon filing with the Legislative Research Commission. The commission may, but shall not be required to, advertise any of its regulations either before or after filing;

(6) The commission may issue subpoenas for the attendance of witnesses before it and administer oaths to such witnesses whenever, in the judgment of the commission, it is necessary to do so for the effectual discharge of its duties. Any person failing to appear before the commission at the time and place specified in said summons, or refusing to testify, shall be deemed guilty of a misdemeanor and upon conviction by a court of competent jurisdiction shall be punished by a fine of not more than one thousand dollars ($1,000) or by imprisonment for not more than six (6) months, or both. False swearing on the part of any witness shall be deemed perjury and punished as such.

(7) The commission shall have authority to compel any racing association licensed under KRS 230.210 to 230.360 to file with the commission at the end of its fiscal year, a balance sheet, showing assets and liabilities, and an earnings statement, together with a list of its stockholders or other persons holding a beneficial interest in the association.

Section 4. KRS 230.300 is amended to read as follows:

(1) Any person desiring to conduct thoroughbred racing and Appaloosa racing at a thoroughbred race meeting within the Commonwealth of Kentucky [~~during any calendar year~~] shall first apply to the commission for a license to do so. The application shall be filed at the commission's general office on or before a day fixed by the commission. The application shall specify the location of the track [~~and the days on which racing is desired to be conducted or held~~] and shall be in the form and contain such other information and data as the commission may, by rule require.

(2) The commission shall as soon as practicable, but in no event later than March 1, *1983,* [~~in any calendar year~~] award dates for racing in the Commonwealth [~~during the year~~]. *Dates awarded and the license to conduct a thoroughbred race meeting shall be valid for a period of not less than two (2) years nor more than five (5) years, as prescribed by rule of the commission, KRS 230.290 notwithstanding. Racing dates shall not be amended nor shall a license to conduct a thoroughbred race meeting be suspended or revoked during its period of validity, except for just cause or as hereinafter provided.* In the event scheduled racing is canceled by reason of flood, fire, or inclement weather, the commission may award after March 1 additional

racing dates to make up for those dates canceled by such flood, fire, or inclement weather. The commission may issue such license to conduct a thoroughbred race meeting to any association making the aforesaid application if the commission finds that the proposed conduct of racing by such association would be in the best interest of the public health, safety, and welfare of the immediate community as well as to the Commonwealth, and if by reason of financial stability, track location, traffic flow, facilities for the public, facilities for racing participants and horses, character and reputation for honesty of all persons identified with the association, competence of proposed racing officials and association employes, absence of conflict with other race meetings in time and patronage area, sentiment of the community in which such association proposes to conduct a race meeting, and capability to comply with the rules and rulings of the commission, the licensing of such association would serve to nurture, promote, develop, or improve the thoroughbred industry in the Commonwealth. As a condition precedent to the issuance of such license, the commission may require a surety bond or other surety conditioned upon the payment of all taxes due the Commonwealth, together with the payment of operating expenses including purses and awards to owners of horses participating in races.

(3) Every license issued under KRS 230.210 to 230.360 shall specify among other things the name of the person to whom issued, the address and location of the track where the thoroughbred race meeting to which it relates is to be held or conducted, and the days and hours of the day when the meeting will be *conducted* [~~permitted~~].

(4) A license issued under this section is neither transferable nor assignable and shall not permit the conduct of a thoroughbred race meeting at any track not specified therein. However, if the track specified becomes unsuitable for thoroughbred racing or Appaloosa racing because of flood, fire or other catastrophe, the commission may, upon application, authorize the meeting, or any remaining portion thereof, to be conducted at any other suitable track available for that purpose, provided that the owner of such track willingly consents to the use thereof.

(5) Thoroughbred racing dates may be awarded and licenses issued authorizing thoroughbred racing and Appaloosa racing at a thoroughbred race meeting on any day of the year. Thoroughbred racing or Appaloosa racing at thoroughbred race meetings shall be held or conducted only between sunrise and midnight.

(6) The commission may at any time require the removal of any official or employe of any association in those instances where it has reason to believe that the official or employe has been guilty of any dishonest practice in connection with thoroughbred racing or Appaloosa racing at a thoroughbred race meeting or has failed to comply with any condition of his license or has violated any law or any rule or regulation of this commission.

(7) Every thoroughbred race not licensed under this section or Appaloosa race not licensed by this section or KRS 230.410 to 230.447 is hereby declared to be a public nuisance and the commission may obtain an injunction against the same in the circuit court of the county where the unlicensed race is proposed to take place.

Section 5. KRS 230.320 is amended to read as follows:

(1) Every license granted under KRS 230.210 to 230.360 is subject to revocation or suspension by the commission in any case where it has reason to believe that any provision of KRS 230.210 to 230.360 or rule, regulation or condition of the commission affecting it has not been complied with or has been broken or violated. The commission in the interest of honesty and integrity of thoroughbred horse racing and appaloosa horse racing may prescribe rules and regulations under which any license may be denied, suspended or revoked.

(2) *Any person alleged to have committed a violation under subsection (1) of this section shall be afforded a hearing before the commission within forty-eight (48) hours of the receipt of the request for hearing by the commission. In the event the commission is not able to hold a hearing within the prescribed time, any penalty imposed shall be delayed until such time as the commission is able to hold the hearing and issue a decision.* If any license is denied, suspended or revoked the commission shall state publicly its reasons for the suspension or revocation and shall cause an entry of such reasons to be made on its record book. The action of the commission in denying, suspending or revoking any license issued under KRS 230.210 to 230.360 is final except that such action is subject to review by any court of competent jurisdiction. The action of the commission shall remain in full force and effect until reversed or modified by a valid order of such court.

SECTION 6. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

Such persons shall serve at the pleasure of the commission and compensation for such personnel shall be fixed by the commission. The compensation of such personnel and the necessary expenses incurred by the commission or by the committee in carrying out the provisions of this section shall be paid out of the Kentucky thoroughbred development fund.

(4) The Kentucky state racing commission, with the advice and assistance of the Kentucky thoroughbred development fund advisory committee, shall use the Kentucky thoroughbred development fund to promote, enhance, improve and encourage the further and continued development of the thoroughbred breeding industry in Kentucky by providing, out of the Kentucky thoroughbred development fund, supplemental purses for designated stakes, handicap, allowance and non-claiming maiden races contested at licensed thoroughbred race meetings in Kentucky, the awarding and payment of which supplemental purses shall be conditioned upon the winning or placing in such races by Kentucky bred thoroughbred horses. (d) In order for an owner of a Kentucky sired thoroughbred to be eligible to demand, claim and receive a portion of a supplemental purse provided by the Kentucky thoroughbred development fund, the thoroughbred horse winning or placing in a designated race for which a supplemental purse has been provided by the Kentucky thoroughbred development fund must have been duly registered as a Kentucky bred thoroughbred with the official registrar of the Kentucky thoroughbred development fund prior to entry in such race.

(6) (a) *Kentucky* Thoroughbred *Owners and* Breeders [~~of Kentucky~~], Inc., is hereby recognized and designated as the sole official registrar of the Kentucky thoroughbred development fund for the purposes of registering Kentucky thoroughbred stallions and Kentucky bred thoroughbreds in accord with the terms of this section and such rules and regulations as may be promulgated by the Kentucky state racing commission. When a Kentucky bred thoroughbred is registered with the official registrar, the registrar shall be authorized to stamp the Jockey Club certificate issued for such thoroughbred with the seal of the registrar, certifying that the said thoroughbred is a duly qualified and registered Kentucky bred thoroughbred for purposes of this section. The registrar may establish and charge, with the approval of the commission, reasonable registration fees for its services in the registration of Kentucky thoroughbred stallions and in the registration of Kentucky bred thoroughbreds. Registration records of the registrar shall be public records and open to public inspection at all normal business hours and times.

The commission shall promptly hear the matter de novo and issue its order directing the official registrar to register or not to register as it may be determined by the commission.

(7) The Kentucky state racing commission shall adopt such rules and regulations as may be necessary to carry out the provisions and purposes of this section, including the adoption of such rules and forms as may be appropriate for the proper registration of Kentucky stallions and Kentucky bred thoroughbreds with the official registrar, and shall administer the Kentucky thoroughbred program created hereby in a manner best designed to promote and aid in the further development of the thoroughbred breeding industry in Kentucky, to upgrade the quality of thoroughbred racing in Kentucky and to improve the quality of thoroughbred horses bred in Kentucky.

SECTION 17. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds that the thoroughbred racing industry is vital to the economic growth of the Commonwealth; that pari-mutuel wagering at locations other than those where a race meeting is conducted will help stimulate greater interest in the thoroughbred industry; that racing associations have the expertise, personnel and ability to best operate pari-mutuel wagering at multiple track locations; that multiple track wagering or satellite facility wagering should be strictly controlled and that multiple track wagering or satellite facility wagering will not adversely affect the public health or welfare if such is controlled as set forth under this chapter.

SECTION 18. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

(1) Any association desiring to conduct pari-mutuel wagering at a satellite wagering facility on thoroughbred races and licensed under KRS 230.300 shall first apply to the commission for a license to do so. The application shall be filed at the commission's general office on or before a day fixed by the commission. The application shall specify the location of the satellite and the days of proposed operation and shall be in the form and contain such other information and data as the commission may require by rule or regulation.

(2) The commission may issue such license to conduct pari-mutuel wagering at a satellite to any association making the aforesaid application, other provisions of the Kentucky Revised Statutes notwithstanding, if the commission finds that the proposed wagering would be in the best interest of the public health, safety, and welfare of the immediate community as well as to the Commonwealth, and if by reason of financial stability, location, traffic flow, facilities for the public, character and reputation for honesty of all persons identified with the satellite, competence of proposed racing officials and employes, absence of conflict with other satellites in patronage area, sentiment of the community in which such satellite is proposed to be located, and the association's capability to comply with the rules and rulings of the commission, the licensing of such association would serve to nurture, promote, develop, or improve the thoroughbred industry in the Commonwealth. As a condition precedent to the issuance of such license, the commission may require a surety bond or other surety conditioned upon the payment of all taxes due the Commonwealth, together with the payment of operating expenses including purses and awards to owners of horses participating in races.

(3) An association may not own and operate more than one satellite wagering facility. A satellite facility owned and operated by an association may be located on the grounds where the association conducts race meetings or on association grounds not more than fifteen (15) miles from the location where the association conducts race meetings.

(4) In addition to licenses issued in subsection (2), the commission may issue licenses for other satellite wagering facilities, but the total for such licenses shall not exceed two (2), absent further action by

the General Assembly. Any satellite proposed for a license under this subsection, shall meet the following criteria:

(a) The proposed satellite will not be within seventy (70) miles of a licensed racing association or another licensed satellite wagering facility.

(b) The proposed satellite will have a minimum seating capacity of two thousand (2,000) persons.

(c) Plans for the proposed satellite have been reviewed and meet design standards prescribed by the commission.

(d) Financing has been secured and the method of financing has been approved by the commission.

(e) A market survey conducted by a reputable marketing firm and submitted to the commission shows that the market of the proposed satellite is sufficient to support the satellite.

(f) No person or principle involved in a business enterprise seeking a license under this subsection, shall have been convicted of a felony or any offense involving moral turpitude. An applicant shall be subject to investigation by the secretary of justice to secure information necessary to determine the applicant's suitability for a license.

(5) Every license issued hereunder shall specify among other things the name of the association or person to whom issued, the address and location of the satellite and the days and hours of operation.

(6) A license issued under this section is neither transferable nor assignable and shall not permit the conduct of pari-mutuel wagering at a location not specified therein.

(7) The commission may at any time require the removal of any official or employe of any association or satellite in those instances where it has reason to believe that the official or employe has been guilty of any dishonest practice or has failed to comply with any condition of his license or has violated any law or any rule or regulation of this commission.

(8) Every satellite not licensed under this section is hereby declared to be a public nuisance and the commission may obtain an injunction against the same in the circuit court of the county where the unlicensed facility is located.

SECTION 19. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

(1) The pari-mutuel system of wagering at a satellite wagering facility shall be operated only by a totalizator or other mechanical equipment approved by the commission and all wagers accepted at a satellite shall be accounted for and recorded on the equipment operated by the association conducting the thoroughbred race meet.

(2) All wagers made on a race track or at a satellite on a race conducted by an association licensed under KRS 230.300 shall form a common pool. The pool shall be accounted for by the association conducting the thoroughbred race and disbursed under KRS 138.510 and 138.515.

(3) Gross revenues retained from pari-mutuel wagering conducted at a satellite after payment of the pari-mutuel tax only, shall be applied to purses in the same percent ratio as gross revenues from on track pari-mutuel wagering after payment of the pari-mutuel tax only are applied to purses.

SECTION 20. A NEW SECTION OF KRS CHAPTER 230 IS CREATED TO READ AS FOLLOWS:

(1) The commission may authorize an association to accept pari-mutuel wagers on special event races if the commission finds that the association has complied with applicable state and federal law and that such wagering would serve to nurture, promote, develop, or improve the thoroughbred industry in the Commonwealth. No pari-mutuel wagers on a thoroughbred race held outside the Commonwealth shall be taken unless such race has been designated as a special event race.

(2) All pari-mutuel wagers accepted in the Commonwealth on a special event race shall form a common pool and be disbursed under KRS 138.510 and 138.515.

The Committee on Natural Resources and Environment reported **HB 386,** with Committee Substitute attached thereto, and **HB 140** with Committee Amendment attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 386, AN ACT relating to oil and gas.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 353.590 is amended to read as follows:

(1) Any person, seeking a permit required by KRS 353.570, shall submit to the department a written application in such form as may be prescribed by the department.

(2) Each application shall be accompanied by a *permit fee of one hundred dollars ($100) for each well to be drilled, deepened or reopened for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole* [~~specified fee. The fee shall be twenty-five dollars ($25.00) for each well to be drilled, deepened or reopened for the production of oil or gas; ten dollars ($10.00) for each well drilled, deepened or reopened for the injection of water, gas or other fluid therein; ten dollars ($10.00) for each well to be drilled, deepened or reopened as a part of a program for the recovery of oil and gas by secondary recovery methods, except that the fee in no event shall exceed one hundred dollars ($100) for the permits issued in this last case for all wells on each separately leased tract; and ten dollars ($10.00) for each water supply well, and geological or structure test hole to be drilled or deepened~~].

(3) All money paid to the state treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the general assembly for the use of the department.

(4) Each application shall be accompanied by a plat, which shows the location and elevation of each well, prepared according to the rules and regulations promulgated under KRS 353.500 to 353.720. The plat shall be certified as accurate and correct by the applicant, a qualified employe of the applicant, a person approved by the department, or an engineer registered in Kentucky, provided that when the location of the well is known to be underlaid by coal-bearing stratum, such plat shall be certified accurate and correct only by an engineer registered in Kentucky. If any plat submitted by an applicant is determined by the department to be materially inaccurate or incomplete, the department may require that a new plat be prepared and submitted either by a person approved by the director or an engineer registered in Kentucky. The department may further require that all future plats submitted by such an applicant be prepared either by a person approved by the director or an engineer registered in Kentucky.

(5) When any person submits to the department of mines and minerals an application for a permit to drill a well, or to reopen, deepen or temporarily abandon any well which is not covered by surety bond, the department shall except as provided in this section, require from the well operator a bond in the sum of $1,000 in favor of the department of mines and minerals, conditioned that the well upon abandonment shall be plugged in accordance with the rules and regulations of the department and that all records required by the department be filed as specified. The bond shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of such bond may file with the department a blanket bond in a sum of $5,000, covering all wells drilled or to be drilled in the commonwealth by the principal in the bond, and the acceptance and approval by the department of such blanket bond shall be in full compliance with the above provision requiring an individual well bond. The bond or bonds referred to in this section shall be executed by the well operator as principal and by a corporate surety authorized to do business in the commonwealth. A deposit in cash shall serve in lieu of either of the above bonds.

(6) Notification in writing to the department by a successor to the well operator with bond as provided in subsection (5) that said successor is assuming the obligations of this chapter as to a particular well or wells, will relieve the original permittee of responsibility under this chapter with respect to such well or wells.

(7) If the requirements of subsection (5) with respect to proper plugging upon abandonment and submission of all required records on all well or wells have not been complied with within the time limits set by the department or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator by certified mail, addressed to the permanent address shown on the application for a permit. The notice shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth by it within forty-five (45) days after mailing of the notice, the bond shall then be forfeited to the department.

(8) When a bond is forfeited pursuant to the provisions of this chapter, the director shall give notice to the attorney general, who shall collect the forfeiture.

(9) All sums received through the forfeiture of bonds shall be placed in the state treasury and credited to a special agency account to be designated as the oil and gas well plugging fund. This fund shall be

available to the department and may be expended for the plugging of any abandoned wells coming within the authority of the department pursuant to this chapter. The plugging of any well pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist except for such plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

(10) Upon request by any person applying for a permit for a geological or structure test hole, the department shall keep the location and elevation of said hole confidential until such information is allowed to be released by the person obtaining such permit.

(11) For the purpose of this chapter, "water supply well" shall not include:

(a) Any well for a potable water supply for domestic use or for livestock.

(b) Any water well used primarily for cooling purposes in an industrial process.

Committee Substitute to **HB 386** is as follows:

HB 386, AN ACT relating to oil and gas.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 353.590 is amended to read as follows:

(1) Any person, seeking a permit required by KRS 353.570, shall submit to the department a written application in such form as may be prescribed by the department.

(2) Each application shall be accompanied by a specified fee *as follows:*

(a) The fee shall be one hundred dollars ($100.00) for each well to be drilled, deepened or reopened for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole.

(b) If the department receives delegation of authority for administration of the underground injection control program under section 1425 of the safe drinking water act (public law 93-523 as amended), the department may, by regulation, establish a fee or schedule of fees in an amount not to exceed fifty dollars ($50.00) per well, in addition to the fees imposed by paragraph (a) of this subsection, upon each application to drill, deepen or reopen a well for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole. The fees or schedule of fees to be established by regulation shall not exceed an amount sufficient to recover the costs incurred by the department in administering the underground injection control program less any other state or federal funds which are made available for such purpose.
